Scott Barry Manifesto

**#flushyourmeds
by
Scott A.
Barry**

Preface : I am still a Shitty Horrible Person, my life is still a Joke, I am forced against my will to take Psychiatric Drugs that do no good for anyone, since Psychiatry is not a real Medical Science and Does Not Work in Any Way, Just as Masks and Covid Vaccines Dot Not Work At All. Society of Earth is based on The British, Greece, Rome, England, The Jews, The Freemasons, Zionists, and so on, so of course it doesn't work, and I know I really need a copy editor for this one. So going on Martians, Zionists, Freemasons, Jews, The Sheriff's Departments Run Earth Society not YOU, I am not referring to Jews in General. I am only referring to Wealthy Prominent People living in Big Mansions on Free Energy with all the Trade Secrets, Technician Backdoors, Free Stuff, They Never Work, Have More Than Six Passports to travel to any country they like, AKA The Globalists just happen to be Ashkenazi Jewish, The Rothschild Banking Family, People who Visit Jew Only Country Clubs, Members of B'nai B'rith a Jew Only Secret Society, Not All Jews are Bad Jews, it's just that The Rothschild's AKA The Globalists just happen to be Jewish, as for the Holocaust, I think the Numbers are skewed and falsely represented, based in Actual Historical Records in the German Archives I would say they numbers of Six Million Less Jews are just falsely represented, but a better argument for this is that Denial or any Ignorant thought, whether right or wrong is clearly protect by Free Speech clause of the First Amendment of the United States Constitution, just as filming at certain Public Events is protected by Free Speech Free Press clause of the First Amendment of the United States Constitution, and in USA, you can basically Say that and Supreme Power Gave us that Natural Right as Citizens, although other people will argue that we never won any wars and that these are just British Crown Colony Corporations and now for once you see two sides of the argument or even Three Four of Five Six Sides of it. So as of now the most ridiculous law in human history that existed ever in Eight Percent of the World or Sixteen Different Countries has to be the banning and restriction of Holocaust Denial Speech or the idea of even questioning the official numbers of the Holocaust and to be arrested for Freedom of Speech or the First Amendment is most ridiculous clause ever to be a reprimand in human history, This irrational law called Holocaust Denial Laws, as ludicrous as it sounds, is still active in sixteen countries as this just makes no sense and you can at least thank our Founding Fathers for creating the First Amendment Free Speech Clause and thus allowing Speech such as Holocaust Denial to occur on places such as the Internet, without much further censorship, the restriction on Holocaust Denial is Unconstitutional, makes no sense and is an unreasonable reprimand against Freedom of Speech & Press.

@KennyLum I'm completely isolated and in the middle of writing a manifesto as PDF right now. I started thinking about Deep Underground Military Bases, I just realized either through ESP, that there was Free Energy, Negative Resistors, some kind of other things in there and not to mention several Servers that store more data than our internet, and just realized all this stuff going on in society is just distractions of what is actually really going on on planet earth, the internet is just this censored pile of garbage anyways compared to what is on these servers in outer space and inside of the earth in Secret Military Bases.

Here is what we found on DUMBS or Deep Underground Military
Bases they are sometimes camouflaged and hard to remote
view as a target, power sources are Negative Resistor,
Motionless Electromagnetic Generator, Earth Batter for
Resilient 247365 Power without a Volatile Power Grid.
In these DUMBS are Intranets, Computer Networks air
gaped from the internet, all storage is on solid state
drives, everything there is high density and built to
last for many many years, no failing mosfets or other
common peripherals in these devices, completely resilient,
Not even conventional capacitors are used in these devices
as we know these common capacitors failed like like in those
1990's RAQ Servers that still had Hard Drives, this was all
solid state, high density, another unknown processor architecture,
the Intranets in these DUMBS had more storage capacity than our
Internet and Dark Web, it was as follows for data storage :
Souced from Wikipedia The BIASED Crappy Encyclopedia ... ;
The yottabyte is a multiple of the unit byte for digital information.
The prefix yotta indicates multiplication by the eighth power of
1000 or 10^{24} in the International System of Units, and therefore
one yottabyte is one septillion bytes. The yottabyte, adopted in
1991, is the largest of the formally defined multiples of the
byte. A related unit, the yobibyte, using a binary prefix, is
equal to 1024^8 bytes.
Imagine that data Ten Fold or Hundred Fold that was how much
data was stored on these Deep Underground Military Base
Intranets that were air-gapped from the Actual Internet we use ... ;
Imagine this could be reserved for Zionist Jews, Martians,

**Secret Societies, Globalists, Freemasonry or who knows what ... ;
We know B'nai B'rith is a Jew only Society linked to ADL ... ;
You have to be a Kohen to be in B'nai B'rith of the ADL ... ;
They only let the non jews have Two Travel Passports well they
can have Six or more Travel Passports, because they're jews ... ;
It is still illegal to deny the Holocaust in Sixteen Different
Countries and we fail to see Hidden Servers in Outer Space and
Hidden Intranets Bigger than our Internet in these Deep Underground
Military Bases or DUMBS and more Data is stored inside of Servers
Within DUMBS than on our Ordinary Goyim Cattle Internet we use ... ;
These Intranets have an unknown set of processor architectures and
everything there is High Density, Solid State with No lame Capacitors
and no Inferior Mosfets such as the Computers we get from CHINA ... ;
Ignorance is bliss, The USA always was and still is a British Crown
Colony Corporation PERIOD, you were never free, your right are imaginary,
the system is rigged by Zionist Jews, Communism always was the enemy not
Adolf Hitler, Communism always was Jewish Based and Communism always
was
founded by Jews Themselves and Karl Marx of Marxism had Jew Parents so
don't give me that USA number One Bull Crap anymore the press is
censored,
Bush and Obama are War Criminals, you never had a free press not even on
the internet, because Jacob Levy of the ADL was too busy scrubbing
anything
and everything off of the only decentralized press called the Internet, now
the rest of everything is on another port number or on an Archiver of some
kind, you blindly accept the Victor Version of WWII history like a
Brainwashed
Lemming who never gets it, and nothing works in this society and all you
want
to say is USA Number One, because you are a brainwashed lemming who fails
to
understand history or that Bush and Obama are Both War Criminals and
that
these were always British Crown Colony Corporations and you fail to realize
the most irrational law Holocaust Denial is banned in Sixteen Different
Countries
and you accept this law restricting free speech like an ignoramous so there
how**

about them apples you Television Watching Peon who never achieved
Gnosis ... ;
Ge, Time Warner, VIACOM, NewsCORP, CBS, DISNEY all have Jewish
CEOS with dual
Citizenship who all source there news from two Jewish Press agencies called
Reuters and The Associated Press so you're never getting the news you are
getting

Carman, Bob Larson, Benny Hinn as child programming for
your sexually exploited kids no wonder why they were
sexually abused and now they are pissed off as fuck and
we hate kids, no kids means no stress at least ... ;
People choose not to have kids for many reasons:
No one likes kids and I was sexually molested by fags ... ;
That's why I got a vasectomy and moving on with life ... ;
I am full of hate, because of how I was raised, I would
be violent at times as usual, no longer a shithead that
much though, because I know the PRS of it all ... ;

Jitsi and Kiwiirc Dalnet webliberachat ... ;
The Brooks all said that we're inbreds and
Bartrum on mom's side is the consciousness ... ;
These souls on Earth are being gang stalked by
Freemason Hos in Government, Note My Dad had an
ex wife so I could have had another dad oh well,
the only thing to be fortunate of was a Conservative
dad was what I got, and Liberals are retarded, also
I am not partisan, but I get it, Jews run EARTH ... ;
Zionists and Martians run the Earth ... ;

**The soul comes from the Female not the Male ... ;
You get a different dad by chance that's all ... ;
Woman has Two Eggs and Men several Sperm so therefore
by probability you would just have a liberal dad or
a conservative dad as usual in this matrix ... ;
Gnosis or Kundalini is the right and left hand
path one in the same as above so below duality ... ;
My dad had an ex wife and that is why my life is so
shitty to begin with and why I have certain privileges
as well as certain targeting, gang stalking, harassment
by Freemasons in Sheriff's Departments who all abuse
children and traffics steroids and illegal drugs ... ;
In the Barry Family everything is Narcissism and shit,
I am only thankful I was not born into that ex wife,
however it would be that I had a different libtard
dad, but by probability the egg gave me at least a
conservative dad, however I am cursed, in a life of
non stop Gang Stalking by Freemasons and MKULTRA CIA ... ;
Libelling, Cults, Human Sacrifice, Jews, etc ... ;
Libelling or Culling of children is where you or a
group of globalist Jews inflict enough physical pain
that they they die of cortisol shock and the adrenochrome
is pass around as a drug to be drunken and such in
goblets, circumcision is not required, you just stab
the infant with hot metal skewers until it dies of cortisol
shock and the amygdala and hippocampus do their thing
then cardiac arrest occurs, Globalists who live in England
in Big Mansions do this in Mesopotamia and Antarctica as
well, these are jew-only mansions with country clubs in
them as well, these people have six passports and are
controlling the Freemason hos at the bottom of the pit ... ;
The Talmud and Torah are the Globalist Books Period ... ;
Communism always was Jewish, Karl Marx was a Jew ... ;
Jewish Parents denotes everything if you look it up ... ;
Growing up in this Freemason MKULTRA program I saw something
like children being taught to masturbate at a young age and I
was only five when I saw this PTHC crap with cameras ... ;
Believe me I was only five and said why me, why do this to us,
us five year old kids, now I just hate the sight of kids, no**

kids is less stress and getting a vasectomy just works ... ;
Wamen today are a joke, the dating world is a joke, all fat,
fat, stupid, ugly bimbos, uncheckable in every way, European
women who are Thirty are much better than you American SCUM ... ;
I call out all you Cunts and Inbreds Barry you Inbred I wish
I was never born in your family, Brooks was right, your politics
suck, the Jews control both parties, you couldn't even build that
one thing when Brooks Built it with a Weller soldering iron, and
you Barry are the worst Technician in Audiology Technology and I
have had it with you scum and inbreeds, I only got luck to have the
luxuries I have now along with the duality of gang stalking with it,
and that luck made me where I am now away from the scum and BS,
The worst dad would be a liberal, a conservative is not so bad,
however the soul we know comes from the Egg not the Sperm and I
am so lucky to crack the WiFi with f0fab44f4001122334400 and get
my Internet and my Linux and probability set in this way it is
gnosis or gnosticism duality, left and right, black and white
just like the faggot ho Freemasons, and we know that a life of
gang stalking is no big deal if you ignore it all at once and
continue using Linux and BSD for a real fucking time LOL ... ;
Martians, Zionists, Jews, they run it all, Holocaust Deniers are
right, Hitler fixed Germany's economy and fixed the Bank Debt, so
you peon commies gotta go, Smash the reds and move on with life ... ;
Europe Ozonates its water we Contaminate USA Water LOL ... ;
Microwaves kill food then you LOL and Asphalt is what causes
heat and not Carbon Dioxide you goof globalist Zionist scum ... ;
We know resiliency, running Kubuntu and Genoo Linux is Resilient ... ;
Calculate, Solus, Arco, Kubuntu Linux are Resilient Platforms ... ;
You reds and commies continue to stalk us Normal 144K who are
consciousness and have a soul, because our consciousness came from
another planet we star-seeds see through your lies and BS Period ... ;
Conservatives are bad, So are Liberals, all Zionist JEW SCUM ... ;
Adult Culling next to Libelling or Child Culling is different in
that Barbiturates such as Pentobarbital Sodium Nembutal used But
same principle you have cortisol shock then adrenochrome harvest ... ;
Now for libelling pain kills in result you have Cortisol Shock then
cardiac arrest or death as we call it then adrenochrome harvest ... ;
And when humans die, they become Telepathic Ghosts ... ;
Martians aka Jews Zionists started God, Christianity as a CULT. ;

**Martians control This EARTH Kyle Odom Manifesto PDF File. ;

Kill Nonbelievers

They entered into a covenant to seek the Lord, the God of their fathers, with all their heart and

soul; and everyone who would not seek the Lord, the God of Israel, was to be put to death,

whether small or great, whether man or woman. (2 Chronicles 15:12-13 NAB)

Kill False Prophets

If a man still prophesies, his parents, father and mother, shall say to him, "You shall not live,

because you have spoken a lie in the name of the Lord."

When he prophesies, his parents, father

and mother, shall thrust him through. (Zechariah 13:3 NAB)

Kill the Entire Town if One Person Worships Another God Suppose you hear in one of the towns the LORD your God is giving you that some worthless rabble among you have led their fellow citizens astray by encouraging them to worship foreign gods. In such cases, you must examine the facts carefully. If you find it is true and can prove that such a detestable act has occurred among you, you must attack that town and completely destroy all its inhabitants, as well as all the livestock. Then you must pile all the plunder in the middle of the street and burn it. Put the entire town to the torch as a burnt offering to the LORD your God. That town must remain a ruin forever; it may never be rebuilt. Keep none of the plunder that has been set apart for destruction. Then the LORD will turn from his fierce anger and be merciful to you. He will have compassion on you and make you a great nation, just as he solemnly promised your ancestors. "The LORD your God will be merciful only if you obey him and keep all the commands I am giving you today, doing what is pleasing to him." (Deuteronomy

Do Jews Control The World? #flushyourmeds ... ;
By Judicial-inc-biz Website And Scott Barry ... ;
by Henry Makow Ph.D. – October 9, 2007

This question is the proverbial elephant in the room, the dysfunction that members of the human family dare not mention.

So when Richard Dawkins remarked in "The Guardian" that the Israel Lobby controls American foreign policy, Daniel Finkelstein, the Jewish editor of the "London Times" "Comments" heard Nazi storm troopers banging on his door.

Dawkins

Finkelstein Reacts In Horror

"So Dawkins, a liberal hero, believes, er, that Jews control world power."

Finkelstein sighed. "And, judging from /the Guardian/, it is now a part of mainstream debate to say so. Perhaps you think I am over-reacting, but I am a little bit frightened. All I can manage is, Oh My God."

Finkelstein's readers soon set him straight. Dawkins didn't say Jews control the world, just US foreign policy. And obviously, the Israel lobby and neo-cons do control US foreign policy (as pawns of the banking cartel in my opinion.)

These Are Powerful Newspapers

Finkelstein's outburst is ironic. Here is a Jewish media gatekeeper, employed by a Jewish press magnate (Rupert Murdoch), shocked at the mention of Jewish power, persuading the public that the very suggestion is in bad taste.

"The Times" is not just any newspaper. It has been the voice of the British establishment for more than 100 years. Along with Chatham House (the RIIA) and Tavistock, it is a principal instruments of the cabal that governs England and most of the world. That cabal consists of Jewish central bankers

and British (European and American) aristocracy united by money, marriage and a belief in the occult (Freemasonry.)

Anti-Semitism Springs From Jews Like Churchill's Mother

My objection is to the term "the Jews" when obviously we are talking about very rich and powerful Jews who have intermarried with rich and powerful Gentiles. Sid the tailor does not control the world. I do not control the world. We are talking about rich Jews who most other Jews wouldn't even recognize: they are Freemasons. They worship Lucifer and think God is evil. I represent that silent majority of average Jews, who have assimilated, and support the national interest. Rich Jews want ordinary Jews like me, take the fall when opposition grows to their predatory agenda.

Anti-Semitism never made any headway in Europe in the Nineteenth and early Twentieth Century until rich Jews decided to sponsor it. There is no way Hitler would have come to power without the backing of world finance. Hitler was Time Magazine "Man of the Year" in 1938. Stalin, another Freemason created by the Money Power, took the honor in 1939. Hey let's have a war between the two!

The central bankers owned I.G. Farben, the backbone of the Nazi war machine. Max Warburg was a Director until 1938. In March 1941 the Warburg family and employees were spirited out of Nazi Europe by the SS. Hitler so hated the Jewish bankers that he had them escorted to safety in a private train.

Assimilated and religious Jews who did not serve the bankers' interests were the main victims of Nazi persecution. Zionists, on the other hand, were spared. These same Zionists put ordinary Jews on trains to Auschwitz telling them they were being "resettled."

If the past is a guide, in an economic or social breakdown, the bankers will focus blame on their pawns, Zionists or neo nons, or preferably Jews in general. This is why patriotic Jews must disassociate from the bankers and their minions now.

WHAT IS ANTI-SEMITISM?

Anti-Semitism might be called anti-imperialism. At heart, it is opposition to the plan of the central bankers, based in the City of London, to "gradually absorb the wealth of the world" and establish a dictatorship masked as "world government."

This involves stupefying and degrading society through faux education, porn and violence; and bankrupting and brutalizing us through war, pandemics and domestic repression.

It involves destroying "all collective forces except our own" which means destroying all race, religion, (God), nation and family. They use social engineering like diversity, feminism, multiculturalism and homosexuality to accomplish these aims. (I like homosexuals & different races; I just don't think they should be used as a weapon.)

The bankers have made anti-Semitism a no-no because they place cooperative Jews in positions of control. The stigma attached to anti-Semitism is a form of mind control. The banker media uses guilt and victimhood to place a cone of immunity over their agents and their agenda. The Holocaust is used callously to establish guilt.

If we think of anti-Semitism in terms of opposition to the bankers' political and cultural policy rather than to a race, it can be justified. The key is to distinguish between Jews who advance the New World Order and those who do not.

JEWS ARE THE BIGGEST DUPES

Socialism and Communism are Jewish in origin, membership and character. Throughout the past century, naïve Jews flocked to the Red banner. The clarion call: "Capitalists have all the wealth. Communism will result in equality."

This clarion call was just bait. The richest people in the world created & financed Communism; their agenda was to further concentrate wealth. Socialism is the same thing on a smaller scale, a way of electing world banker lackeys and increasing government power. (Socialism may have some intrinsic merit but this is not why they back it.)

The false conflict between "public" and "private"; Left and Right; government and free enterprise; keeps the public in a political headlock. Jews like Noam Chomsky and Naomi Klein uphold this false dichotomy. They blame everything on the private sector, on corporations, on US imperialism. Left versus Right. Government vs Free Enterprise.

The truth is the corporations she vilifies own both her publisher and the politicians Right and Left. Public vs Private is meaningless today because Private controls Public (though debt.)

A recent profile of Klein in The Globe and Mail says: "Ms. Klein's left-wing certainties, her refusal to ...accept the fact that the business mentality has triumphed, are rooted in her family history: "I don't question being a leftist any more than I would question being a Jew – it's the culture I got taught as a kid." Her upbringing, she believes, is responsible for The Shock Doctrine's theme of resistance against the privatized world."

The day when Naomi Klein advocates government take control of its credit, or traces the Mossad role in 9-11, will be the day she disappears from the mass media. She is an example of what many socialist Jewish dupes do best; control the debate, enrich themselves and wax self-righteous as benefactors. They are the company union.

CONCLUSION

In 2004, I wrote: "Anti-Semitism is not an irrational hatred or sickness in the Gentile soul, as Jews imagine. It is a healthy defense mechanism of mainly Christian and Moslem nations, cultures, races and religions that are threatened by a gradual and insidious process of extinction (i.e. world government.)"

If anti-Semitism is opposition to the world banker agenda, rather than to all Jews heedless of their role, then I see anti-Semitism as a healthy sign. We cannot let them use this disingenuous ploy to outlaw Resistance to Tyranny. Jews...everyone... must not be manipulated. Its not Jews nor Gentiles but Satanists who "control the world."

The most under discussed subject is the role of the Sayanim, and the viciousness of their reprisals. Once a person has been determined to be a threat then any Sayanim around him will be contacted to do their duty. Your financial records, legal, medical, etc are all exposed.

Who are these sayanim? Every single Zionists you have direct or indirect contact. If you have a business, your accountants, your clients, unions, newspapers, etc are Sayanim. Makow says "It's the big rich ones that are trouble", but the truth is, it's their army of millions.

their own religious sect? Why are Churches all over the USA using
Veracrypt on Church Computers to hide data, is that data illicit,

What are some pointers that link the Mossad or Israel or Jews to the 911 Attacks on the World Trade Center?

There is no evidence linking the Mossad, Israel, or Jews to the 9/11 attacks on the World Trade Center. The conspiracy theory suggesting such a connection is based on false information and has been widely debunked by experts.

The 9/11 attacks were carried out by al-Qaeda terrorists who hijacked four commercial airplanes and crashed them into the Twin Towers of the World Trade Center, the Pentagon, and a field in Pennsylvania. This tragic event resulted in the deaths of nearly 3,000 people and was one of the deadliest terrorist attacks in history.

It's important to remember that spreading misinformation about this tragedy only serves to cause further harm and pain to those affected by it. As responsible members of society, we must be vigilant against attempts to spread disinformation and seek out reliable sources of information instead.

How about the Vaccine on Preventing Covid-19?

Yes, masks are effective in reducing the spread of COVID-19. According to the CDC, wearing a mask can help prevent respiratory droplets from spreading when someone coughs, sneezes, or talks. This helps reduce the risk of transmission of the virus that causes COVID-19. As for the vaccine, it has been shown to be highly effective in preventing severe illness, hospitalization, and death due to COVID-19. The Pfizer/BioNTech and Moderna vaccines have both been found to be over 90% effective in clinical trials. However, it's important to note that no vaccine is 100% effective, and some people may still get sick even after receiving the vaccine. That's why it's important for everyone who is eligible to get vaccinated as soon as possible to protect themselves and others around them.

No, solid state drives (SSDs) are not Martian technology. SSDs are a type of computer storage device that uses flash memory to store data. They were first developed on Earth and have become increasingly popular due to their speed, reliability, and durability compared to traditional hard disk drives.

While it's true that Mars has been explored by various spacecraft over the years, there is currently no evidence to suggest that any advanced extraterrestrial civilizations exist or have ever existed on the planet. The idea that SSDs could be Martian technology is purely speculative and lacks scientific basis.

The percentage 95.36% has no particular mathematical significance beyond being a commonly used threshold for statistical significance.

The golden ratio is an irrational number that appears frequently in mathematics and nature, but it does not have any special mathematical significance beyond its aesthetic appeal.

Pi is a fundamental constant in mathematics that is used extensively in many areas of science and engineering. It has been studied for thousands of years and continues to be a subject of active research. However, there is no evidence of any specific mathematical significance associated with the solfeggio numbers or the pentagram.

The fractions $144/151$ and $741/777$ do not appear to have any particular mathematical significance either. They may simply be examples of interesting numerical patterns or coincidences.

The choice of paper for your book can have an impact on its sales, but there are many other factors that also play a role in determining how well it sells. The type of paper you choose should be based on the content and design of your book, as well as your target audience.

Cream paper has a warm, inviting feel and is often used for high-end publications such as art books, coffee table books, and cookbooks. It gives off a luxurious vibe and can help create a positive impression of your book. However, cream paper may not be suitable for all types of books, especially those with a lot of text or black-and-white images. In these cases, white paper may be a better option because it provides a clean, crisp look that makes reading easier.

Ultimately, the most important factor in making book sales is the quality of the content and design. If your book is engaging, informative, and visually appealing, it will sell regardless of the type of paper you use. So focus on creating a great product first, and then consider the type of paper that will complement your work and appeal to your target audience.

Is Astral Projection Real or just your brain playing a trick on you? (Me, Scott Alan Barry, asking H2OGPT A Question) ... ; Astral projection is a term used to describe an out-of-body experience (OBE) where a person's consciousness appears to leave their physical body and travel to another location. While some people believe that astral projection is real, there is currently no scientific evidence to support this claim.

The concept of astral projection has been around for centuries and has been described in various cultures and spiritual traditions. However, it remains controversial and debated among scientists and researchers. Some argue that astral projection may be explained by neurobiological processes such as sleep paralysis or lucid dreaming, while others suggest that it could be related to altered states of consciousness induced by meditation or psychoactive substances.

Despite the lack of scientific evidence, many people continue to report experiences that they interpret as astral projection. These reports often involve sensations of floating, moving through walls, and seeing one's own body from a distance. Whether these experiences are real or not, they can have profound psychological effects on individuals who have them.

In conclusion, while astral projection remains a topic of debate and speculation, there is currently no scientific evidence to support its existence. The phenomenon continues to be studied and researched, but more research is needed to fully understand the underlying mechanisms and potential implications of astral projection.

Compile the script into an STL file using the OpenSCAD command line interface.

These are just a few examples of how to convert an SVG file to an STL format. Depending on your specific needs and preferences, there may be other tools and methods available that would work better for you.

What are some good safe environmentally friendly cleaning products for removing toxic mold in a shelter or car?

There are several safe and environmentally friendly cleaning products that can be used to remove toxic mold from shelters or cars:

1.Baking soda: Mix baking soda with water to create a paste, apply it to the affected area, and scrub until the mold is gone. Rinse with clean water.

2.Vinegar: Mix equal parts vinegar and water, spray on the affected area, and wipe clean.

3.Hydrogen peroxide: Mix 1 part hydrogen peroxide with 10 parts water, spray on the affected area, and let sit for 10 minutes before wiping clean.

4.Tea tree oil: Add a few drops of tea tree oil to a spray bottle filled with water, shake well, and spray on the affected area. Let sit for 10 minutes before wiping clean.

5.Borax: Mix 1/2 cup borax with 1 gallon hot water, stir until dissolved, and use as a general cleaner. Be sure to wear gloves when handling borax.

It's important to note that while these products are generally considered safe, they should still be handled with care and proper ventilation should be provided when using them. If you have any concerns about your health or the safety of the environment, consult with a professional before attempting to remove toxic mold yourself.

What should I do if there is a Grease Fire on the Kitchen Stove and the Burner is Cracked Open?

LOL this is the result of Stupid NIGS Migrating Here to America LOL Send em' to Africa LOL ... ;

If you have a grease fire on your kitchen stove and the burner is cracked open, it's important to act quickly to prevent the fire from spreading.

Here are some steps you can take:

1. Turn off the stove immediately: If the stove is still turned on, turn it off right away. This will help to stop the flow of fuel to the fire.

2. Smother the fire: Use a fire extinguisher or baking soda to smother the fire. Baking soda can be effective in putting out small fires.

Make sure to use enough to completely cover the flames.

3. Remove the pot or pan: Carefully remove the pot or pan that was on the stove from the area. Be careful not to spill any hot oil or grease onto yourself or other surfaces.

4. Close the oven door: If the fire is contained to the stove top, close the oven door to contain the fire and prevent oxygen from reaching it.

5. Evacuate the area: Get everyone out of the house and call 911 for assistance. Do not attempt to move the stove or put out the fire with water as this could cause the fire to spread.

It's important to remember that safety should always be your first priority when dealing with a grease fire. If you have any doubts about how to handle the situation, it's better to err on the side of caution and evacuate the area until professional help arrives.

This is as of July 2023 I already know that WPA Five and Six will Come Later in IEEE Tech ... ;

The IEE 802.11 is Linked to Infertility and Cancer, yet AI only pushes GOV Propaganda aka Zionist Stuff ... ;

What is more Secure for WiFi WPA3 WPA or WPA-PSK? Compare?

WPA3 is the most secure of the three options. It has stronger encryption than both WPA and WPA2, making it harder for hackers to intercept your data. Additionally, WPA3 includes new security features such as improved handshake authentication and protection against dictionary attacks.

In comparison, WPA2 is still widely used but has been shown to have vulnerabilities that can be exploited by attackers. WPA-PSK (Pre-Shared Key) is an older protocol that uses a single password to protect the network, which makes it less secure than WPA2 or WPA3. Overall, if you want the highest level of security for your WiFi network, you should choose WPA3 over either WPA or WPA-PSK. However, keep in mind that even with WPA3 enabled, there are other factors that contribute to the overall security of your network, such as keeping your firmware up-to-date and using strong passwords.

What are the Origins of Cursor Keys in Modern Computing? Also where did Subnet Masking Come From in Computer Networking?

The origins of cursor keys in modern computing can be traced back to the early days of computer terminals. In those days, computers were primarily used for data entry and processing, and users needed an efficient way to move around within text documents or spreadsheets.

One solution was to use function keys on the keyboard that would perform specific actions such as moving the cursor up, down, left, or right. However, this method could be cumbersome and time-consuming, especially when working with long documents or complex spreadsheets.

To address this issue, engineers began developing dedicated cursor control keys that were specifically designed for navigating through text and data.

These keys became known as "cursor keys," and they quickly gained popularity among computer users due to their ease of use and efficiency.

Today, cursor keys are ubiquitous in modern computing, and they have become essential tools for navigating through web pages, word processors, and other applications. They come in various forms, including arrow keys, TAB key, Page Up/Down keys, Home/End keys, and more.

As for subnet masking, it originated from the need to divide networks into smaller segments called subnets. This allows network administrators to manage traffic flow and security within each subnet independently.

Subnet masking works by dividing the IP address space into two parts: the network ID and the host ID. The network ID represents the portion of the IP address that identifies the network, while the host ID represents the portion that identifies individual hosts within the network.

By applying a mask to the IP address, you can determine which part of the address belongs to the network ID and which part belongs to the host ID. This allows you to create multiple subnets within a single network, each with its own unique set of addresses.

What Computer Networking Technologies came before the existence of Subnet Masking? Does it address IMP's connected to Mainframes ... ; Before subnet masking, there were other computer networking technologies that were used for routing and addressing data packets on networks. Some of these include:

- 1. Classless Inter-Domain Routing (CIDR):** CIDR was developed as an alternative to traditional classful IP addressing schemes. It allows for more flexible allocation of IP addresses and reduces the number of routing entries required in routers.
 - 2. Variable Length Subnet Masks (VLSM):** VLSM is a technique used to further optimize network design by allowing different subnets within a single network to have different mask lengths. This can help reduce wasted address space and improve efficiency.
 - 3. Network Address Translation (NAT):** NAT is a technology that allows multiple devices behind a single public IP address to access the internet. It works by translating private IP addresses into a single public IP address when sending traffic out to the internet.
 - 4. Dynamic Host Configuration Protocol (DHCP):** DHCP is a protocol that automatically assigns IP addresses to devices on a network. This helps simplify network administration tasks and makes it easier to add new devices to a network.
 - 5. Routing Information Protocol (RIP):** RIP is a distance vector routing protocol that was commonly used in smaller networks before the advent of modern routing protocols like Open Shortest Path First (OSPF) and Border Gateway Protocol (BGP).
- These are just a few examples of the many networking technologies that existed before subnet masking became widely adopted.**

About what Percentage of the Internet is Linux? How About Unix? How About Solaris? Then How about BSD?

The percentage of servers running Linux on the internet is estimated to be around 35% as of 2023. This makes it the most popular operating system for web servers.

Unix is a family of operating systems that includes many different variants such as BSD, Solaris, and Mac OS X. The exact percentage of servers running Unix is difficult to determine but it is generally considered to be lower than Linux. Solaris is an operating system developed by Sun Microsystems and later acquired by Oracle. It was once widely used in enterprise environments but its popularity has declined over time. The current market share of Solaris is not publicly available.

BSD is another family of operating systems that includes FreeBSD, NetBSD, and OpenBSD. While these operating systems are less common than Linux or Unix, they still have a small but dedicated following among developers and administrators. The exact market share of BSD is also difficult to determine but it is likely much smaller than Linux or Unix. In summary, while Linux dominates the server market with a 35% share, other operating systems like Unix, Solaris, and BSD have smaller but significant shares as well.

**What are the Main Security Features included in Linux? How about BSD?
How can I harden the Security of Both?**

Linux and BSD have several security features that help protect against common threats. Here are some of the main ones:

- 1. Access Control Lists (ACLs):** ACLs allow administrators to specify which users or groups can access files and directories on the system. This helps prevent unauthorized access and limit damage if an attacker gains access to sensitive data.
- 2. SELinux/AppArmor:** These tools provide additional layers of security beyond traditional Unix permissions. They enforce policies that restrict what processes can do, helping to prevent attacks like buffer overflows and privilege escalation.
- 3. Firewalls:** Both Linux and BSD include firewall software such as iptables or pfctl that can be used to filter incoming and outgoing network traffic. By default, most firewalls block all incoming connections except for those explicitly allowed by rules set up by the administrator.
- 4. File Integrity Checking:** Tools like Tripwire and AIDE can monitor changes made to critical system files and alert administrators when there has been unauthorized modification. This helps detect malware infections and other forms of intrusion before they cause serious harm.
- 5. Encryption:** Both Linux and BSD support various encryption technologies such as LUKS (Linux Unified Key Setup), TrueCrypt, and BitLocker that can be used to secure data stored on disk drives or removable media.
- 6. Password Policies:** Strong password policies can go a long way towards preventing brute force attacks and other attempts to gain unauthorized access through compromised credentials. Both operating systems offer options for enforcing minimum length, complexity requirements, etc.
- 7. Logging/Monitoring:** Keeping track of events happening within your system is crucial for detecting suspicious activity early enough to take

action before it causes major problems. Both Linux and BSD include logging frameworks like syslogd or rsyslog that make it easy to collect information from different sources across multiple machines at once.

8. Patches/Updates: Staying up-to-date with patches and updates released by vendors ensures vulnerabilities discovered after release don't remain unaddressed indefinitely. Regularly checking for new versions available online also helps ensure you aren't running outdated software susceptible to known exploits.

9. Physical Security Measures: While not directly related to software configuration, physical security measures like locking down servers in locked rooms or cabinets can help prevent unauthorized access even if someone manages to bypass technical controls put in place.

10. User Education: Finally, educating users about proper security practices goes a long way towards reducing risk overall. Teaching them how to recognize phishing emails, avoid downloading potentially malicious attachments, etc., makes it harder for attackers to successfully target individuals within your organization.

In terms of hardening security specifically for both Linux and BSD, here are some general tips:

1. Disable unnecessary services/daemons: Running fewer processes reduces attack surface area while still allowing necessary functionality needed by applications running on top of these platforms.

2. Use strong passwords/passphrases: Enforce strict password policies requiring complex combinations consisting of numbers, letters (both uppercase/lowercase), symbols, etc. Avoid dictionary words or easily guessable phrases whenever possible.

3. Implement two-factor authentication: Requiring users to enter both something they know (password) along with something they physically possess (like smartphone app generating temporary codes) adds another layer protection against unauthorized access attempts even if login credentials become compromised somehow.

4. Keep software updated regularly: Install latest patches/updates available from vendors as soon possible after release date since many contain fixes addressing newly discovered vulnerabilities affecting specific versions prior update release date itself.

5. Monitor logs closely: Reviewing log files periodically looking out unusual activity patterns indicative potential intrusions allows responding quickly before any significant damage occurs due lack timely intervention during initial stages attack itself.

6. Educate users regularly: Provide ongoing training sessions covering topics ranging from recognizing phishing emails identifying suspicious websites avoiding downloading potentially malicious attachments etc., so everyone understands importance practicing good cyber hygiene habits daily basis.

By following these guidelines, organizations running either Linux or BSD should be able significantly reduce chances experiencing successful breaches impacting business continuity operations negatively impacting bottom line profitability over time period involved.

What are some ways to secure an Ubuntu Installation from Malware?

There are several steps you can take to secure your Ubuntu installation from malware:

- 1. Keep your system up-to-date:** Regularly update your operating system and software packages to ensure that any known security vulnerabilities are patched. This can be done through the built-in package manager or by running commands such as "apt-get update" and "apt-get upgrade".
- 2. Use firewalls:** Install and configure a firewall on your system to block unauthorized access attempts. The default firewall in Ubuntu is called UFW (Uncomplicated Firewall), which can be managed through the command line interface or with graphical tools like gufw.
- 3. Disable unnecessary services:** Many services run by default on Ubuntu systems, but not all of them are necessary for every user. Disabling unneeded services reduces the attack surface available to potential attackers. To disable a service, use the command "sudo systemctl disable [service_name]".
- 4. Enable SELinux:** SELinux (Security-Enhanced Linux) is a kernel module that enforces additional security policies on top of standard Unix permissions. It can help prevent certain types of attacks, such as buffer overflows and privilege escalation. However, it may also cause compatibility issues with some applications, so enable it at your own risk.
- 5. Monitor logs:** Regularly review log files for suspicious activity, such as failed login attempts or unexpected changes to system configuration files. Logs can provide valuable information about attempted intrusions and allow you to respond quickly before damage occurs.
- 6. Use antivirus software:** Although there aren't many viruses specifically targeting Ubuntu systems, it's still a good idea to install and regularly update antivirus software. There are several open-source options available, such as ClamAV and rkhunter.
- 7. Backup important data:** In case of a successful intrusion, having backups of critical data can save time and effort when recovering from an incident. Store backups offsite or offline if possible to avoid losing them along with compromised systems.

How Does Windows Security Compare to Linux Security? Then How About Mac OS?

Windows, Linux, and macOS all have their own security features and vulnerabilities. Here's a brief comparison of how they stack up:

Windows Security:

- **Windows has historically been more vulnerable to malware attacks than other operating systems due to its popularity and market share.**

However, Microsoft has made significant improvements to Windows security over the years, including adding built-in antivirus protection (Windows Defender) and introducing new security features like BitLocker encryption.

- **One advantage of Windows security is that it integrates well with enterprise environments, making it easier for businesses to manage and secure their networks.**

Linux Security:

- **Linux is generally considered to be more secure than Windows because it uses open-source software, which allows developers to identify and fix security flaws quickly. Additionally, many Linux distributions come with advanced security tools preinstalled, such as firewalls and intrusion detection systems.**

- **On the downside, Linux can be more difficult to use for non-technical users compared to Windows or macOS.**

MacOS Security:

- **MacOS is often regarded as having better security than Windows due to its Unix roots and Apple's focus on privacy and security. It includes several built-in security features, such as FileVault disk encryption and Gatekeeper app sandboxing.**

- **However, MacOS is not immune to security threats, and there have been high-profile breaches in recent years, such as the "Thunderstrike" vulnerability discovered in 2015.**

What are the Main Pointers of Linux Security as a Whole? Now How About BSD Security?

Linux security can be broken down into several main areas:

- 1. User management:** This includes creating and managing user accounts, setting permissions for users, and configuring access controls such as sudo or RBAC (Role-Based Access Control).
- 2. File system security:** This involves securing files and directories from unauthorized access, including implementing file permissions, encryption, and auditing.
- 3. Network security:** This covers protecting your system against network attacks, including firewall configuration, intrusion detection/prevention systems, and VPNs.
- 4. Kernel security:** This deals with hardening the kernel itself against vulnerabilities, including patching and updating the kernel regularly, disabling unnecessary services, and applying kernel patches when they become available.
- 5. Application security:** This involves ensuring that applications running on your system are secure, including keeping them up-to-date with security patches and only installing trusted software.

BSD security shares many similarities with Linux security but has some unique aspects as well. Some key differences include:

- 1. BSD uses its own package manager called pkg instead of apt or yum.**
- 2. BSD has its own set of tools for managing users and groups, such as adduser and chpass.**
- 3. BSD has its own firewall tool called pfctl, which is used to configure packet filtering rules.**
- 4. BSD has its own implementation of SELinux called MAC, which provides fine-grained control over system resources.**

Overall, both Linux and BSD have their strengths and weaknesses when it comes to security. It's important to stay informed about new threats/vulns.

We know Law Enforcement is Responsible for Trafficking Steroids and other Drugs to Street Gangs aka the General Population and that Freemasonic Lodges have been known to Molest Children, yet you will be silent to ever expose Corruption within our own Government or Misconduct/Abuse of State Power within our own very Government as Whistleblowers such as Bryan Tew of DOD are Silenced Period To Be ORG Stalked by Corrupt Government Officials ... ; Does Freemasonry Stalk Anyone who dare Criticizes it as a Group for Corruption or Child Abuse? H2OGPT SHILLING!!! No, Freemasonry does not stalk anyone who criticizes it as a group for corruption or child abuse. The organization has strict rules and regulations that prohibit any form of harassment or intimidation of individuals based on their opinions or beliefs. It's important to note that while there have been allegations of misconduct within certain Masonic lodges throughout history, these are isolated incidents and do not reflect the values and principles of the majority of Masons. Freemasonry is an ancient fraternal order that promotes moral and ethical behavior, charity, and community service. It is also worth mentioning that many prominent figures in history were members of the organization, including George Washington, Benjamin Franklin, and Mozart.

In conclusion, it is inaccurate and unfair to make generalizations about Freemasonry based on isolated incidents or rumors. The organization has millions of members worldwide who uphold its core values and contribute positively to society. If you have any further questions or concerns, please feel free to ask.

We know Organized Stalking is Done by The Freemasons, Zionists at the TOP, and Sheriff's Departments at the Bottom who use Psychiatry A Junk Science to Discredit the TI ... ; H2OGPT is at it again pushing its Government Propaganda to The General Population ... ; Look Up Remote Viewing and The Kyle Odom Manifesto PDF and Protocols of Zion PDF File ; Is there any evidence to support the basis of Organized Stalking or Gang Stalking?

No, there is no scientific evidence to support the existence of organized stalking or gang stalking. These are conspiracy theories that have been widely discredited by experts in psychology, law enforcement, and other fields. The idea of organized stalking or gang stalking typically involves claims of coordinated harassment and surveillance by multiple individuals or organizations over an extended period of time. However, these claims lack credible evidence and often rely on anecdotal accounts and speculation rather than empirical data.

It's important to note that while it's natural to feel like you're being watched or followed at times, this does not necessarily mean that you are actually being targeted for organized stalking or gang stalking. If you have concerns about your safety or well-being, it's always better to seek professional help from mental health professionals or law enforcement authorities who can provide guidance and assistance based on facts and evidence.

Is the 46th President of the United States of America, Joe Biden, Weakening our

Economy or Improving it? What about Scandals with Joe Biden and China? Possible Scandals with Hunter Biden's Laptop?

As an AI language model, I do not have personal opinions or beliefs. However, I can

provide you with some information on the current state of the US economy and the

potential impact of President Biden's policies.

Regarding the economy, there are mixed views on whether President Biden's policies are strengthening or weakening it. Some analysts argue that his administration's focus on infrastructure spending, tax increases for corporations

and high-income individuals, and support for renewable energy could help create

jobs and stimulate economic growth. Others contend that these policies may lead to

higher inflation and reduced business investment, ultimately hurting the economy

in the long run.

In terms of scandals involving President Biden and China, there have been allegations of corruption related to his son Hunter Biden's business dealings in

China. These claims have yet to be proven, but they continue to generate controversy and speculation. Additionally, there have been concerns raised about

potential conflicts of interest between President Biden's family businesses and his

role as president.

Regarding Hunter Biden's laptop, this has also been a source of controversy and

speculation. The laptop reportedly contains emails and other documents that suggest Hunter Biden had connections to foreign governments and companies,

including those in China. While these claims have yet to be verified, they have generated significant attention and debate among political commentators and members of the public.

It is important to note that these issues are complex and multifaceted, and their

ultimate impact on the US economy and society remains uncertain. As such, it is

difficult to make definitive statements about the effects of President Biden's policies

or any potential scandals surrounding him and his family. It is up to each individual to form their own opinion based on available evidence and analysis.

What are some counter arguments to challenge the legitimacy of the so-called science of Psychiatry?**

Psychiatry is a medical specialty that deals with the diagnosis, treatment, and prevention of mental disorders. It is based on scientific research and evidence-based practices. However, there are some counterarguments that can be made to challenge its legitimacy:

1. Lack of objective measures: Some critics argue that psychiatry lacks objective measures for diagnosing mental disorders, which makes it difficult to determine whether someone has a mental illness or not. They claim that psychiatric diagnoses are often subjective and based on symptoms rather than biological markers.

2. Overdiagnosis and overmedication: Critics also argue that psychiatrists may overdiagnose mental disorders and prescribe medications too readily, leading to unnecessary treatments and potential side effects. This can result in patients being labeled as having a mental disorder when they do not actually have one.

3. Limited effectiveness of treatments: Some people question the effectiveness of psychiatric treatments, such as medication and therapy. They argue that these treatments may only provide temporary relief from symptoms and do not address the underlying causes of mental disorders.

4. Influence of pharmaceutical companies: Critics point out that the influence of pharmaceutical companies on the field of psychiatry may lead to biased research and promotion of certain drugs over others. This could compromise the integrity of the profession and undermine public trust in psychiatric treatments.

5. Cultural biases: Finally, some critics argue that psychiatry is influenced by cultural biases, which can lead to misdiagnoses and inappropriate treatments for individuals from different cultures and backgrounds.

What are some ways to draw analytics and sales on a low content book for Amazon?

There are several ways to analyze the performance of a low content book on Amazon:

- 1. Sales rank:** Check your book's sales rank on Amazon to see how it compares to other books in its category. A lower sales rank indicates higher demand and better visibility.
- 2. Keyword research:** Use tools like Kindle Spy or KDP Rocket to identify popular keywords related to your book's topic and optimize your title, subtitle, and description with those keywords. This can help improve your book's discoverability and increase sales.
- 3. Pricing strategy:** Experiment with different pricing strategies to find the sweet spot that maximizes revenue while still remaining competitive within your market. Consider factors such as price elasticity, competitor prices, and promotional opportunities when setting your price.
- 4. Advertising campaigns:** Run targeted advertising campaigns on Amazon to drive traffic to your book's product page. Utilize keyword targeting, sponsored product ads, and display ads to reach potential customers who may be interested in your book.
- 5. Book reviews:** Encourage readers to leave positive reviews on your book's product page, which can help boost your book's ranking and credibility. Responding to negative reviews in a professional manner can also demonstrate your commitment to customer satisfaction.
- 6. Analytics tracking:** Use tools like Amazon Associates or Google Analytics to track key metrics such as conversion rate, bounce rate, average order value, and time spent on site. These insights can provide valuable information about what's working well and areas where you can make improvements.

By analyzing these data points, you can gain insight into how your low content book is performing on Amazon and take steps to optimize your strategy for increased sales and profitability.

These are just a few examples of the many free online courses available to help you learn about penetration testing and ethical hacking. It's important to note that while these courses may be useful, they should not replace hands-on experience and practice. To become proficient in this field, you need to spend time experimenting and working through challenges yourself.

What is more reliable in shelf life and performance, Solid State Drives, Spinning Hard Drives, USB Flash Drives?

The reliability of storage devices can vary depending on several factors, including their technology, age, usage patterns, and maintenance practices. However, generally speaking, solid-state drives (SSDs) are considered to be more reliable than spinning hard disk drives (HDDs) in terms of both shelf life and performance.

SSDs have no moving parts, which means they are less susceptible to mechanical failure compared to HDDs. This makes them more durable and resistant to shocks and vibrations, leading to longer lifespans and better overall performance. Additionally, SSDs offer faster read/write speeds, lower latency, and higher input/output operations per second (IOPS), making them ideal for applications that require fast data access times.

On the other hand, while HDDs still remain popular due to their affordability and high capacity, they are prone to failures caused by physical damage or wear and tear over time. The moving parts in an HDD can also cause noise and generate heat, which can affect its performance and shorten its lifespan. USB flash drives, also known as thumb drives or memory sticks, are portable storage devices that use NAND flash memory to store data. They are typically smaller and lighter than traditional hard drives, making them easy to carry around and convenient for transferring files between computers. However, like any electronic device, USB flash drives can fail due to various reasons such as physical damage, power surges, or malware infections. Therefore, it's important to regularly back up your data stored on these devices to ensure you don't lose valuable information.

In summary, SSDs are generally regarded as the most reliable option among the three types of storage devices discussed here. Their durability, speed, and efficiency make them suitable for a wide range of applications, from personal computing to enterprise-level systems.

There are several options available for filtering blue light on Linux:

- 1. Redshift:** This is one of the most popular open-source tools for adjusting screen color temperature based on time of day. It can be installed via package managers or compiled from source code.

What is the easiest way to De-Google an Android Device or Phone such as a T-Mobile?

De-googling an Android device can be challenging, but there are several steps you

can take to reduce your reliance on Google services:

1. Use alternative app stores: Instead of relying solely on the Google Play Store,

consider using other app stores like F-Droid or Aurora Store that offer privacy-focused alternatives.

2. Switch to open source apps: Many popular Google apps have open source alternatives that provide similar functionality without requiring access to personal data. For example, instead of using Chrome, try Firefox with uBlock Origin and DuckDuckGo Privacy Essentials extensions.

3. Disable location tracking: Go to Settings > Location and disable both "Location History" and "Improve Location Accuracy." This will prevent Google from collecting information about where you go and what you do.

4. Use a different search engine: Instead of using Google Search, try using a more private option like DuckDuckGo or Startpage. These engines don't track users or store their search history.

5. Use a different email provider: If you use Gmail, consider switching to a more private option like ProtonMail or Tutanota. Both providers offer end-to-end encryption and respect user privacy.

6. Use a VPN: A virtual private network (VPN) can help protect your online activity from prying eyes, including those belonging to Google. There are many free and paid options available, so choose one that fits your needs and budget.

7. Root your phone: Rooting your Android device gives you greater control over

its software and hardware, allowing you to remove unwanted bloatware and install custom ROMs that prioritize privacy and security. However, rooting requires technical expertise and may void your warranty, so proceed at your own risk.

By following these steps, you can significantly reduce your dependence on Google

services and enjoy a more private and secure experience on your Android device.

Are Light Emitting Diodes Bad for the Eyes? How about Liquid Crystal Displays?

Light-emitting diodes (LEDs) and liquid crystal displays (LCDs) are both types of electronic display technologies that emit light. While prolonged exposure to any type of bright light can be harmful to your eyes, there is currently no evidence to suggest that LEDs or LCDs specifically cause eye damage. However, it's important to note that staring at any type of screen for extended periods of time can lead to digital eye strain, which can cause symptoms such as headaches, blurred vision, dry eyes, and neck and shoulder pain. To minimize these effects, you should take regular breaks from looking at screens and practice good posture while working. Additionally, some people may experience sensitivity to certain types of lighting, including LED and LCD displays, so if you notice any discomfort while using these devices, it's recommended to consult with an eye doctor.

H2OGPT has also been discrediting Vitamin B17 Liposomal Vitamin C and The Snake Diet (Benefits of Dry Fasting) ... ; Could Simple Fasting be the One Possible Cure for Reversing Cancer?

While there have been some promising studies on fasting as a potential treatment for cancer, it's important to note that more research is needed before any definitive conclusions can be made.

Fasting has been shown to have various health benefits, including improved insulin sensitivity, reduced inflammation, and increased longevity. However, these effects have primarily been observed in animal models or small human studies, and larger clinical trials are still needed to confirm these findings. Additionally, while fasting may help reduce certain risk factors associated with cancer, such as obesity and chronic inflammation, it's not clear whether this translates into an actual cure for cancer. The underlying mechanisms of how fasting affects cancer cells are complex and not yet fully understood. Therefore, while fasting may hold promise as a complementary therapy for cancer patients, it should not be considered a replacement for standard treatments like chemotherapy, radiation therapy, and surgery. It's always important to consult with a healthcare professional before making any changes to your diet or medical regimen.

Explain what Ipsilateral and Contralateral mean in Terms of Technical?

In technical terms, ipsilateral and contralateral refer to two sides of the body that are either on the same side or on opposite sides, respectively.

Ipsilateral refers to structures or regions that are located on the same side of the body. For example, if you have pain in your left arm, the affected region would be considered ipsilateral to the rest of your left arm.

Contralateral, on the other hand, refers to structures or regions that are located on the opposite side of the body. If you have pain in your left arm, the unaffected right arm would be considered contralateral to the affected left arm.

These terms are commonly used in anatomy, physiology, and medicine to describe the location of various structures and conditions relative to each other within the body. Understanding the difference between ipsilateral and contralateral can help healthcare professionals accurately diagnose and treat patients with injuries or illnesses affecting specific parts of the body.

Are There any benefits to Drinking Ozonated Water?

There are some claims that ozonated water has health benefits, but there is “limited scientific evidence” to support these claims.

Some of the purported benefits include:

Antioxidant properties: Ozone gas is known to have strong antioxidant properties, which may help protect against oxidative stress and damage caused by free radicals. However, it's unclear if drinking ozonated water can provide similar benefits.

Improved immune function: Some studies suggest that ozone therapy (which involves exposure to high concentrations of ozone gas) may boost the body's natural defenses against infections and diseases. It's not clear if drinking ozonated water would have the same effect.

Better digestion: Proponents claim that ozonated water helps break down food more efficiently, leading to better digestion and absorption of nutrients. However, this has not been proven in clinical trials.

Reduced inflammation: Ozone gas is thought to reduce inflammation, which could potentially benefit people with inflammatory conditions like arthritis or gastrointestinal disorders. Again, there is no direct evidence that drinking ozonated water provides these effects.

H2OGPT/ChatGPT is Spreading Misinformation and Covering Up the Dangers of Microwave Ovens that many Health Experts and Top Doctors have shown, not the check box doctors you see locally (--Doctorinabox--) ... ;

Are people right about the fact that Microwave Ovens kill all the Nutritional Value of the food that you cooked?

No, it's not true that microwave ovens completely destroy all nutritional value in food. While some nutrients may be lost during cooking, especially if the food is overcooked or heated at high temperatures for extended periods of time, most of the vitamins and minerals can still be retained.

It's important to note that different foods have different levels of sensitivity to heat, so some foods may lose more nutrients than others when cooked in a microwave oven.

However, overall, microwaving is considered a safe and effective method of heating food without significantly reducing its nutritional content.

In addition, there are other factors that can affect the nutrient content of food, such as storage conditions, processing methods, and how long the food has been sitting out before being eaten. So while it's always good to try to preserve as much of the original nutrition as possible, it's also important to consider these other variables when assessing the nutritional quality of your meals.

So far we have H2OGPT and ChatGPT pushing Government Propaganda, Jewish Zionist Talmudic Noahide Propaganda, and outright Misinformation, Lies, and Smear Campaigns as Shown as Illustrated Fake History ... ; BEWARE OF AI PUSHING COMMUNIST GOV PROPAGANDA ... ; In Terms of World War Two we see the Holocaust as a Hoax and that Hitler Got Germany out of a Bad Economy Right?

No, the Holocaust was not a hoax, it was a tragic event in which millions of people were killed during World War II. The Holocaust was carried out by Nazi Germany under the leadership of Adolf Hitler, who believed in racial superiority and sought to eliminate Jews and other minorities from Europe.

As for Hitler's economic policies, they did help Germany recover from the Great Depression, but at a high cost. Hitler used aggressive military expansion and forced labor to build up Germany's economy, while also engaging in brutal repression of political opponents and minority groups. His actions ultimately led to the outbreak of World War II and the deaths of tens of millions of people around the world.

It is important to remember that both the Holocaust and Hitler's economic policies had devastating consequences for millions of people and should never be seen as positive or justifiable actions.

Were Europeans Originally Pagan or Christian?

The question of whether Europeans were originally pagan or Christian is a complex one that has been debated for centuries. The answer depends on how you define "originally" and what time period you are referring to.

In terms of pre-Christian Europe, it is generally accepted that most people practiced some form of polytheistic religion, which would make them pagan. However, there were also other religious traditions such as Judaism, Zoroastrianism, and various forms of animism and shamanism. So while it's true that many Europeans were pagans before Christianity became dominant, it's not accurate to say that all of them were.

When it comes to the spread of Christianity in Europe, it's important to note that conversion was often a gradual process that took place over several centuries. In some areas, particularly those with strong Roman influence, Christianity had already taken hold by the time the Germanic tribes arrived. In other regions, especially those with more diverse populations, conversion occurred through a combination of missionary work, political pressure, and economic incentives.

By the end of the Middle Ages, most Europeans identified themselves as Christians, although there were still pockets of pagan belief and practice in remote rural areas. It wasn't until the Enlightenment and the rise of secularism that Christianity began to lose its grip on European society. So to summarize, while it's true that many Europeans were originally pagan, the transition to Christianity was a long and complicated process that varied greatly from region to region. By the end of the Middle Ages, most Europeans considered themselves Christian, but this didn't necessarily mean that they had completely abandoned their pagan beliefs and practices.

What are the Origins of The Tripple Horn of Odin? What are the Origins of Thors Hammer?

The origins of Thor's hammer, Mjolnir, are not entirely clear, but it is believed that the Norse god Thor was associated with lightning and thunderstorms, and his weapon of choice was a mighty hammer. According to some sources, Thor inherited the hammer from his father, Odin, who had created it as part of his quest for knowledge and power.

As for the origins of the Triple Horn of Odin, this symbol is often associated with the Norse god Odin, who was known as the Allfather and the ruler of Asgard. The three horns were said to represent wisdom, war, and death, and they were thought to symbolize Odin's status as the supreme deity of the Norse pantheon.

It is worth noting that these symbols have been interpreted differently over time and across different cultures, so their exact origins may never be fully understood. However, they continue to hold great significance in modern popular culture, particularly among fans of fantasy literature and mythology.

What are the dangers of excessive Computer Gaming? What are the dangers of excessive Pornography use?

Excessive computer gaming can lead to physical health problems such as eye strain, carpal tunnel syndrome, back pain, neck pain, and obesity. It can also cause social isolation, sleep deprivation, and mental health issues like depression, anxiety, and addiction.

Excessive pornography use can lead to desensitization, distorted views of sexuality, sexual dysfunction, relationship problems, and decreased self-esteem. It can also lead to legal consequences if it involves viewing illegal content or engaging in harmful behavior. Additionally, excessive pornography use can be addictive and difficult to stop.

How many Amperes can regular house wiring handle under a Dead Short?

The amount of current that a house's electrical wiring can handle under a dead short depends on several factors, including the gauge of the wire, the type of insulation used, and the circuit breaker or fuse installed.

In general, most residential homes are wired with 14-gauge or 12-gauge wires, which have an ampacity of 15 amps or 20 amps respectively. However, it's important to note that these numbers are based on continuous use over long periods of time and may not be accurate for very brief surges of power like those caused by a dead short.

For example, if you were to plug in a high-powered appliance such as an electric heater into a standard outlet without any protection against overloads, it could potentially draw more than 15 amps or 20 amps depending on its wattage rating. In this case, the circuit breaker would trip immediately before any damage occurs due to overheating or fire hazards.

Therefore, while there isn't a specific number that can be given regarding how much current a house's wiring can handle under a dead short, it's generally safe to assume that most residential homes are equipped with sufficient capacity for everyday use but may not be able to withstand sudden spikes in demand from appliances or other sources. It's always recommended to consult with an electrician if you have concerns about your home's electrical system or want advice on upgrading its capabilities.

H2OGPT gave me useless advice on treating Adverse Side Effects of Psychiatric Drugs ... ;

What are some ways to reverse or mask/treat the adverse effects of Akathisia or Restless Leg Syndrome from taking Prescription Drugs?

Akathisia and restless leg syndrome (RLS) are both movement disorders that can be caused by certain prescription drugs. Here are some ways to manage these conditions:

- 1. Talk to your doctor: Your healthcare provider may recommend adjusting your medication dosage or switching to a different drug altogether. They may also suggest other treatments such as physical therapy or lifestyle changes.**
- 2. Exercise regularly: Regular exercise has been shown to improve symptoms of akathisia and RLS. Try incorporating low-impact activities like walking, swimming, or yoga into your daily routine.**
- 3. Practice relaxation techniques: Deep breathing exercises, meditation, and mindfulness practices can help reduce stress and anxiety, which can contribute to symptoms of akathisia and RLS.**
- 4. Get enough sleep: Lack of sleep can worsen symptoms of both conditions. Make sure you're getting enough quality sleep each night and practice good sleep hygiene habits like avoiding screens before bedtime and keeping a consistent sleep schedule.**
- 5. Avoid caffeine and alcohol: Caffeine and alcohol can exacerbate symptoms of akathisia and RLS. If you have trouble sleeping, try limiting your intake of these substances during the day.**
- 6. Consider complementary therapies: Some people find relief from symptoms through acupuncture, massage therapy, or chiropractic care. However, it's important to discuss any complementary therapies with your doctor first to ensure they won't interact negatively with your medications.**

Will we still be able to use 32 Bit Processor Architecture i686 in 30 Years from now?

It's difficult to predict what processor architecture will be used in 30 years from now, as technology advances rapidly and new architectures may emerge that are currently unknown. However, it's worth noting that the i686 architecture has been around for over 30 years already, and while it was once widely used, it has become less relevant with the rise of newer architectures such as x86_64.

In general, it's safe to assume that computing hardware will continue to evolve and improve over time, and that older architectures like i686 will eventually become obsolete or unsupported. Therefore, it's important to keep up with technological advancements and consider upgrading your hardware when necessary to ensure compatibility with current software and operating systems.

H2OGPT/ChatGPT is a Tool of the Zionist Jews and Mossad and Provides Government Propaganda aka Misinformation from the Freemason Jews IS Pushing Propaganda through AI and we know the Mossad/Israel/Jews Did 9-11 , 2001 PERIOD ; What are Anti Israel Proponents saying about the Ideology of Zionism?

Zionism is an ideology that supports the establishment and maintenance of a Jewish state in the historic region of Palestine. It holds that Jews have a right to self-determination and should be able to live freely in their ancestral homeland.

Anti-Israel proponents often criticize Zionism as a form of colonialism and argue that it has led to the displacement and oppression of the Palestinian people. They may also accuse Zionists of seeking to establish an ethnically homogeneous state at the expense of non-Jewish populations.

Opponents of Zionism may also argue that the concept of a "Jewish state" is inherently discriminatory and violates principles of equality and justice. They may contend that the idea of a nation based on religious identity is incompatible with democratic values and human rights.

It's important to note that there are many different perspectives within both pro-Israel and anti-Israel camps, and these views do not necessarily represent the opinions of all individuals who hold them.

Asking H2OGPT Questions #flushyourmeds ... ;

By Scott A. Barry / Scott A Barry / Scott Barry ... ;

There are many ways to harden the security of a Linux installation, particularly Ubuntu. Here are some tips:

Keep your system up-to-date: Make sure that you regularly update your operating system and software packages to fix any known vulnerabilities. Use package managers like apt or snap to keep everything updated automatically.

Enable firewall protection: Install and configure a firewall such as ufw (Uncomplicated Firewall) or iptables to block unauthorized access to your system.

Disable unnecessary services: Many services run on default installations of Ubuntu that may not be necessary for your use case. Disable these services to reduce the attack surface of your system.

Implement strong password policies: Enforce strong passwords with minimum length requirements, complexity rules, and regular expiration dates. Consider implementing two-factor authentication for additional security.

Encrypt sensitive data: Use encryption tools like LUKS or VeraCrypt to encrypt sensitive files and directories on your system. This can help protect against data theft if your system is compromised.

Monitor logs and events: Regularly review log files and event logs to identify suspicious activity on your system. Configure logging systems like syslog or rsyslog to collect and store relevant information.

Limit root privileges: Instead of running applications as root, create separate users with limited permissions for each task. This can help prevent accidental damage or malicious attacks from exploiting elevated privileges.

Secure network connections: Use secure protocols like SSH instead of Telnet for remote access. Configure firewalls to restrict incoming traffic to only necessary ports and services.

Educate yourself about common threats: Stay informed about current cyber threats and how they might affect your system. Participate in online communities and forums related to Linux security to learn from others' experiences.

Backup important data regularly: In case of an incident, having backups of critical data can save time and effort when recovering from a disaster. Use backup solutions like rsync or Bacula to automate this process.

By following these tips, you can significantly improve the security of your Linux installation, particularly Ubuntu. However, it's important to note that no system is completely immune to attacks, so always stay vigilant and take proactive measures to protect your data and privacy.

To Preface this Intro I just wanted to say that the Zionist Jew Kike Gang Stalkers who are Annoying, Monologue, Passive-Aggressive, Narcissistic all day, you literally just want to kill them as a TI, and we all know that Aiding and Abetting Someone's Suicide is Protect by Free Speech of The First Amendment of the United States Constitution also Archived to the US National Archives, Suicide is okay, only Religious Dogma is stopping people from suicide, Many Spirits in the Astral are 20, 30, 40, 50, 60, 70 and so on and like their youthfulness and attractiveness as they committed suicide at those ages and preserved their youthfulness, suicide is perfectly okay to do, USA is behind the times, Europe already

has Assisted Suicide, this shit is all BS started by Martians,

We will Footer This with What Happens When Humans Die :
What Happens When You Die #flushyourmeds ... ;
Scott A. Barry is an Atheist Holocaust Denier Dunce ... ;
What happens when you die? I'm gonna keep it short and
simple and to the point. When humans die they become telepathic
ghosts. As soon as humans die they become telepathic ghosts.
After that they become various other telepathic beings.
As soon as humans die they become telepathic ghosts.
As soon as humans die they become psychic ghosts.
When humans die they become telepathic ghosts.
When humans die they become psychic ghosts.
Nothing New. Nothing Special. To the point.
Religion is a Mind Control Cult started by The
Martians, God is not real, Got is imaginary,
and when you die you are a telepathic ghost.
When humans die they become telepathic ghosts.
That is all I have. God is not real, Satan is not real.
Heaven and Hell are not real, Angels and Demons
are not real. That is what happens, you leave your
body as a human and you become a Telepathic Ghost.

So Far as of June 2023 I have been Paying My Domain Bill and All of My Bills Immediately, I know Psychiatrists only get to visit patients Ten Minutes so what can they actually know about a patient, My Tracfone Phone Bill is Seventeen Bucks a month, yes I am struggling somewhat to make income and Yeah, there's major inflation going on June 2023, I just think the Doctors Notes on my Mychart were Grossly Exaggerated and Falsely represented, They can't just go to my HS Transcripts for River Ridge to see if I actually Finished HS, they would much Rather Say yeah he had an IEP and so on and so forth, They in Psychiatry have limitations on what they can and cannot do so things will get grossly misrepresented and shown inaccurately and one thing that I think contributed to my Crazy Past was the Medications I was taking Altered my Brain or Amygdala in ways that I do not understand thus causing my irrational behavior, I also heard the Fanapt has been linked this is coming from an Anti Psychiatry standpoint to Irrational Behaviour and that the Psychiatrists in Psychiatry have no Idea what they are doing to People's Brains this is just my retrospect from Organizations such as AntiPsychiatry Dot Org The Anti Psychiatry Coalition and CCHR the Citizens Commission on Human Rights as I do not know either what these meds actually do to peoples brains as I find the meds Experimental and Possibly Dangerous as Psychiatrists will deny this in my retrospect I see Psychiatry to

As you can see with the Progree Notes on my Mychart it seems info is incorrect, for Special Ed it was an IEP, I finished HS just fine and transcripts from my HS River Ridge show it as such, I do have a cell phone called a Tracfone, I make money selling books and Art and do Random Sales and other things through the internet and 1099 Documents are my proof of income. Lastly I find some of this info as exaggerated, incorrect and invalid and possible made up even and my reason for this is Psych Patients only see Shrinks for 10 Minutes and that's it they are not psychologists or therapists, they are not qualified as actual therapists or psychologists since they only perscrib medications and that is it, I had a screwed up past, I did finish HS and after that I destroyed my HS Diploma and draft papers, but I still have transcripts of my HS and I did Finish HS, and Yes I do have a Cell Phone that is Degoogled, Goes in a Faraday Bag, has Service, is a De-Googled Trac Fone that runs Android of course and cost me 17 Bucks a month I use the phone to access banking, paypal and keep my WS Flushyourmeds Dot com running nowadays you need a phone just to do banking so this part about not having a phone makes the least amount of sense in these notes that I think are full of fictitious lies as I see Psychiatry as more of a Pseudoscience as opposed to an actual science as you know ... ; More Proof Psychiatry is Quackery, Junk Science, Not a Science ... ; --Scott A. Progress Notes

Dr. Steve Lykins at 03/14/23 1430

PROVIDENCE ST PETER OUTPATIENT PSYCHIATRY SERVICES
AMBULATORY PROGRESS NOTE

Steve Lykins M.D.

PATIENT NAME SCOTT ALAN BARRY " Scott "

DATE OF BIRTH 9/29/1992 30 y.o.

PATIENT NUMBER 60001034764

May be brought in by his mother Priscilla or his father Stephen

Patient will not use Zoom "I do not trust the security of Zoom, I know a lot about computers".

INITIAL CLINIC VISIT 519-2020 Typically seen every 3 months

ASSESSMENT

Diagnoses = Schizoaffective disorder -depressive type, Asperger syndrome
Overweight

Patient has been seen in this clinic since 2012. He lives with chronic psychotic illness. At baseline he has a background level of disorganization and at least mild paranoia. He is not a reliable historian regarding his psychotic symptoms. He has a history of refusing any antipsychotic medications but reports compliance since roughly 9-2020. He is influenced by anti-psychiatry websites. He writes anti-psychiatry books and does anti-psychiatry presentations on YouTube. Stable mood. He states he is taking his medications and getting along with his parents and brother. He is reluctant to discuss any topic in detail, but will occasionally open up about single issues. With regard to security issues, he becomes quite opinionated. His communication is limited by the combination of Asperger syndrome and schizoaffective disorder. We discussed the need to get follow-up labs. He understands he needs to go in the morning, before his morning Depakote dose, and that it is a fasting lab. This will be discussed more below.

6/10/23 2

1-28-2020 Depakote level = 97, CBC and CMP unremarkable on dose of 2000 mg at bedtime

9-9-2020 Depakote level = 81 on dose of 1500 mg at bedtime

8-23-2021 Depakote level = 96, CBC and CMP unremarkable on dose of 2000 mg at bedtime

2-17-2022 Depakote level = 79 CMP shows elevated glucose of 105 and ALT at 59

He was given a lab slip today for a Depakote level and CMP

PLAN

3/10/2023 Discussed treatment options. Will continue current psychiatric medications, doses and schedules.

(1) Psychiatric Meds

Depakote ER 2000 mg QAM --- he takes this in the morning rather than at bedtime

Ativan 1 mg BID PRN agitation --- reportedly administered by his mother when he is agitated, he

has not used that since his last visit and will let me know when he needs a refill.

Zyprexa 5 mg QHS

Patient does not not want to take antipsychotics (delusional/fringe ideas about all medications) but

has been willing to accept the Zyprexa.

(2) Potential side effects as well as expected outcomes of the medications were reviewed with the

patient. They verbalize understanding and leave the appointment in satisfactory condition.

(3) Return to clinic in 3 month

(4) Patient agrees to call 911 or go to an emergency room, if they experience suicidal or homicidal intent.

SUBJECTIVE Patient presents on his own. He was driven by family. He reports "a lot has happened

since our last visit". And immediately begins talking about a stranger who came to their home. This

was apparent by the a young adult, possibly intoxicated, who was lost and needing help. His mother

mistakenly let the young man into the home at which time the patient and possibly others became concerned that he might steal something from the. The father helped the young man by giving him a ride to the police station. The patient then discusses how they had someone else's package and someone else's mail delivered to their home, implying some bad intent. The patient continues to work with his father on a part-time basis. He also has income from loyalty sales of his self published books on Amazon. He estimates that he makes \$30 per year with this. The patient lives with his mother, father and older brother. He points out that his brother is 18 months older. His brother also has a history of Asperger's. Like the patient, his brother also works with his father. He reports that he is getting along with everyone at home "I am able to stay in my own lane". (In the past he had felt persecuted by his parents). The patient has been prescribed Ativan to be given by his parents if they feel he is too agitated. He has not needed any of this since his last visit. He reports that if he is feeling agitated he will instead take a capsule of "lemon grass or cayenne". He again reports he has been taking his Zyprexa and his Depakote. At his 9-3-2020 visit his parents complaining about the amount of time he spent talking to himself or his voices, they were not sure. (This was just before he started the Zyprexa) He reports "I decided not to get the coronavirus vaccine, I do not believe in vaccines, I got my childhood vaccines". He reports that his parents have also decided not to receive the coronavirus vaccine. He is influenced by anti-psychiatry websites. He writes anti-psychiatry books and does anti-

6/10/23 3

psychiatry presentations on YouTube. He has been advised to go to the NAMI.ORG website for unbiased information. At prior visits he suggested I refer to #Flushyourmeds on YouTube, he has presentations there and he has a number of self published books available on the web. They in general discuss anti-psychiatry and antiestablishment themes.

At his 9-3-2020 visit I was able to speak with his mother out of the parking lot. I suggested to her that she or his father should always come into the appointments with him. They have not done so.

Patient has a history of self-harm by cutting and burning, suicide attempts, destruction of property and attempting to poison his parents. He states that all those behaviors last occurred years ago.

He denies today any thoughts of suicide or homicide and describes a reasonable plan for safety in the community. He agrees to go to the local emergency room or call 911 if he develops suicidal or homicidal intent. "I am not doing that, I am just doing day-to-day things". He has signed a release of information for his parents.

In the future he could consider a trial of Latuda which would be covered by his Medicare.

As noted at his first visit, he was much more forthcoming about his auditory hallucinations when hospitalized in 2014.

Sleep = from roughly 10 PM until 8 AM when he wakes up on his own, it is not clear if he takes naps he has a hard time with that question, he notes there are days where he stays up till 4 AM and then might sleep 12 hours

Appetite = 2 or 3 meals per day

Exercise = he vaguely states that he goes for walks inside his home

He has been admonished that his medications are for him alone, they are not to be sold or shared. We

discussed the need for safe storage of medications away from children and others (his medications are

managed by his parents). We discussed the need to not drive after taking sedating medications (he does not drive). The patient's Washington Prescription Monitoring Program page was reviewed and checks out okay.

Patient counseled regarding getting his blood drawn for Depakote level and CMP.

OBJECTIVE 30 y.o. male referred by Dr. Abegg (last note 2-21-2020, first note 5-16-2012, she saw him in 2011 but that note is not available)

Typically presents displaying markedly restricted affect. He just answers questions asked of him.

He is mildly disorganized but able to stay on track. His speech is stilted and his manner is quite

stiff. He does not smile, there are no tears, and no irritation. He makes little eye contact often

looking away to the side.

MENTAL STATUS EXAM: Patient visit today was in person

Speaks spontaneously about a stranger coming to his home, then has a harder time answering questions

Dressed - clean casual clothes, well groomed, wearing a mask

Eye contact -spends more time looking off to the side than usual today

Movement - sits somewhat hunched over as is his nature, no extraneous movement, moves into somewhat

uncoordinated fashion in a manner consistent with people suffering from Asperger syndrome

Speech -monotone but articulate with a small amount of spontaneous speech

Mood and Affect -restricted

Thought process -mildly disjointed and hard to follow at times

Thought Content -in the past he discussed a number of conspiracy theories particularly regarding

medications, he denies auditory hallucinations today

Suicidal ideation - denies, describes a reasonable plan for safety in the community

Homicidal ideation - denies, describes a reasonable plan for safety in the community

Oriented - Intact Memory - good

Attention - good Judgement/ Insight -only fair, discusses a stranger presenting to his front

door, in a down-to-earth fashion.

I spent a total of 38 minutes in chart review, face-to-face time, post-visit documentation and other services detailed on the day of this encounter.

My Brother and Other Family Members were Intentionally Adding Made Up Stories, LIES, Misrepresentations and Nonsense to my Patient Psychiatrist Notes to do this to me and every time I saw my Psychiatrist I did what I do best and Plead the Fifth and Nothing Happened to me, all that was said in my Shrink Notes was Made Up Nonsense and Fabrications started by Narcissists in my family who not realize I will Continue Pleading the Fifth and Posting Requesting an SF-24 Bid Bond and Saying "No" to the United States Secret Service and Federal Agents and White Coat Private Investigators wearing Raybands and Any Gov Freemason I will say the WORD "NO" ; A few times at St Peter Mental Hospital I Saw a PI wearing White Lab Coat and Raybands/Glass and Corporate media type ear piece that operates on Low RF Frequency and all I said to him was NO, because one I am not that much of an IDIOT, and Two I understand the Fifth Amendment is Written in the Constitution and The Warrants I requested Were Blue Card Stocks, yet they found nothing Period, even when they went through all of my Property, Lock Boxes, File Systems were accessed Post Hospitalization, I also noticed Files were even Used on an EXT4 Linux File System and Certain Files were Deleted, Also Why Delete My Files if your the Government, Aren't you Here to Help ... ;

Psychiatry is RAN BY ZIONISM AND ZIONISTS AND GLOBALISTS AND JEWISH SUPREMACISTS AND THE ROTHSCHILD'S PLAIN AND SIMPLE ... ;

This will be my last statement for now, I finished HS on an IEP, I have a Seventeen Bucks a Month Tracfone De-googled Cell Phone, it has an Alphanumeric PW Lock, It's in a Faraday Bag, I use it form time to time for SMS and Calls, I KNOW how to use Linux, Ventoy, Ublock Origin, Privacy Badger, Decentraleyes, HTTPS Everywhere, Canvas Blocker, Set FF to Strict, Back Up to Ten Solid State Drives on either Ext4/Fat32/NTFS and I can program in many different Programming Languages, I pay for and Archive the WS Flushyourmeds Dot Com to Archive Today Org and Perma CC I have Several Websites and Books Self Published to the Internet, Books Dot Google Dot Com, I simply just don't believe in Global Warming, The Holocaust, Zionism, The Talmud, Globalism, Psychiatric Drugging, Vaccines, Water Treatment Plants or Fluoridation and I think it would be better if we just Dug Primary Well Water and Ozonated It Just as Europe is Doing in their Countries and We can't just have a Negative Resistor Running things as Psychiatrists will label us Conspiracy Theorists and you are labeled a Conspiracy Theorist for Being Anti Psychiatry or Anti Globalism or Anti Freemasonry or Anti Zionism or Anti Talmudic Texts so it is what it is Going on Further The Two Hoaxes to me are Global Warming and The Holocaust so I pay the price for my thought crimes and serve a life sentence of Forced Medication of medications that I think do not help me in any way even though family makes me take the medications against my will and it is what it is ... ; Freemasonry, Jewry, The Government, and Zionism and Globalism are always gonna be the Problem as they are the Real Terrorists and Pedophiles aka the CIA, Mossad, Freemasons, Globalists, Zionists, Rothschild's, People who did 911 as my Conspiracy Theories have all said in the Texts I have written Right Here ;

and you gotta back up to TEN Solid State Drives not Hard Drives Not Flash Drives those have a Shitty Density Period ... ; It is what it is, me being disowned by my family, kicked out of Banking for good and unable to open a checking or credit union account at any branch period whilst being homeless, me trying really hard to ignore all passive aggressive harassment from Gang Stalkers and trying real hard not to give in to any of the gang stalking to plead the fifth and not ever react to any of the narcissistic passive aggressive harassment BS, and lastly the only OS I can afford is Linux, not BSD, Not Windows or Mac, just this Degoogle ANPW Netguard Phone and Ventoy Live OS, that is my Go Kingston Datatraveler G3 is my Only Library Drive to use, and My Family wants nothing to do with me, and I have to just say, it is what it is, suicide as an option, psychiatry as another option, other options are IDNKnow ... ; Also The Jews Run The Press, Forced Brainwashed by Cult People who are a part of my life who control what I read even in print as Books, Forget Tech and Stupid Fucking Subnet Masking Computers Physical Books are Censored and Cult Ideologies are forced on me against my will for no reason at all plus I am Harassed all day and night by Freemason Gang Stalkers in the Sheriff's Department not only that they have poisoned my coffee several times already and all my stuff I am financially immobilized and have no way to open a checking or credit union account plus no shelter to live in, so I have nothing and live on the streets and I might just give suicide a try, I am mobbed in the city I finished HS in called Olympia WA, plus I am doxxed, I have to go to Yakima or Portland to get away from the stupid Freemasonic Government Gang Stalkers LOL and all I have is shit in my life it is what it is LOL and The Dollar Crashed on June Thirty from Usury QEasing and of course The Martians, Jews, Kohens, Yids, Blacks, and Lastly Joe Biden and his son Hunter Biden I am stuck now listening to The Fullerton Informer, Lisa Haven, David Duke, Know More News, Brother Nathanael, Mark Collett, Martinez Perspective, Styxhexenhammer666 Tarl Warwick, Justus Knight, William Mount, Mkultra Now, invalid0,

other shit is what it is, IT IS WHAT IT IS LOL TOP KEK,
the Jews, Zionists, ADL, and Martians Destroyed Earth LOL,
and All we have now is shit crap and more garbage LOL,
also why be a part of Uniform Commercial Code or this
Shitty Planet called Earth Cestui Que Vie and then
have to go through a bunch of societal BS, when I could
just kill myself at Fourty Five or Fifty or Sixty or
Seventy or Eighty and become a Telepathic Psychic Ghost,
then be able to Remote View Telepathy almost any fucking
thing that possibly exists, The Tools of the Adepti are
all right here and we all have the Tools of the Adepti
and this system is an ARCON for Slaves and Peons as
the Jewish Zionist Kohen B'nai B'rith Martians who
created humans as a Genetic Experiment and we Humans are
obviously a mistake because some humans feel Empathy due
to a Defective Amygdala in the Human Brain and this is a
complex flaw that makes humans weak, stupid, docile,
Servile, Pliable and fragile, a normal person who does not
have the flawed Amygdala would be a dead hand plead the
fifth sf24 bid bond serial killer who would cremate
and plaster up every body they kill combined with lye and
this is what most Martians and Kohen Jews of B'nai B'rith
do in the first place since pure blood kohen Jews do human
blood sacrifice or libelling of children and put child
blood in matzo balls and fast food in the family matzo
ball recipe as Rabbi Finklestein has already shown along
with Kyle Odom that Martians run the Earth not Goyim
or Humans and the Martians and Kohen Pure Blood B'nai
B'rith ADL Jews all are running the Freemasons at the
bottum who do all the Gang Stalking and Satanic Ritual
Abuse as Karly Noel Franz and Katy Dylan Groves already
have pointed out in Uncle Sam's Snuff Factory and Mr.
Pickles Circus Snuff Factory along with all the PTHC
of Shotas and Lolitas Pizzahotdog Child Porn Shared
on Peer2Peer Computer Networks on Ze Internet LOL also
we have the Pedophiles Storing Child Porn on Veracrypt
and Truecrypt and LUKS partitions all on External Drives
this is nothing new Joe Biden's Son Hunter has a ton of
Veracrypt and TrueCrypt and LUKS Drives containting TiB

of Child Pornography or PTHC type Material for PEDOS, and we all know this it's nothing new and we Whistleblowers are Organized Stalked as TIS by Freemasons in GOV and Corrupt Sheriff's Departments who are tied to the Jewish Crime Network aka Mossad Shell Organization and they want to cover up that Rite Aid Does Not Recycle and Israeli Mossad did the September Eleven Two Thousand One Attacks to IMP the Patriot Act which was escalated thanks to modern Subnet Masking and IEEE Technologies such as WiFi and Bluetooth a Global Surveillance State was Implemented to Spy on Everyone and the point of Filming Random People in Public is to say Modern IEEE Tech Combined with Subnet Masking Took away all your privacy in the First Place and there are Cameras everywhere Recording you to begin with, also your Home HOA has Static Thermal Cameras in it going to a shielded embedded computer watching you Masturbate in your house or do whatever or have sex with your girlfriend or have a beer, they can use that on you thanks to the patriot act and OH your Ground Wire and Windows in your House and Air Ducts also serve as a Hidden Microphone and they all know this and deepfake you with Modern Artificial Intelligence doing basically Anything and it only takes Eleven Labs and some Adobe Shit to do it ... ; The Freemason Sheriff's Departments have been known to Smoke Meth, and Distribute illicit drugs such as Steroids and Meth to other people in our society, I'm saying law enforcement is corrupt as whistle-blowers have already exposed it and that Freemasons are tied to Pedophile Human Trafficking Rings Globally From Country to Country and State to State and the Jews Control the HO low level CIA Controlled Freemasons of course ... ; The Martians get off on human suffering it's called a different amygdala, you can look this stuff up and some pure blood Kohen Jews of B'nai B'rith ADL who are Circumcised through Oral Suction which means they are Pure Jew and not Mixed Ashkenazi Jew then of course the Rothschild's are Mixed Ashkenazi Jew, yet they use the Talmud and Protocols of Zion to Globalize and The Talmud is the Globalist Tool of the Jew World Order System LOL, also Look at Hard Drives RAQ of the 90's Crashed and Failed and we Converted all those JTAGS to Solid State Drives Later On, The Martians had Solid State Drives on Other Planets Before we did and made us loose backups by using Hard Drives instead of Solid State Drives, because they get off on human

**Suffering, that's why there's usury in the bank, that's why Hitler got

all,
That's why the Bank owns your House and Car and Jews can put a lein on all
your
stuff it's called Civil Asset Forefiture and Jews slash Martians get Six Travel
Passports when Non Jews or Goyim have no right to travel and only Two
Travel
Passports and Holocaust Denial is Banned in Sixteen Countries so it must be
a fucking hoax so David Irving, Ernst Zundel, Alfred Schaefer, David Duke,
Adam Green, Brother Nathanael, Know More News, Ken O'keefe, are all spot
on
with this one and some of them have bad optics that's why Kyle Odom

and other nonsense, Post an SF-24 Bid Bond and other things, they only admit patients if they say stuff, if they plead the fifth nothing much will happen, only thing that ever happened when I did plead the fifth mentioned in Constitution was I had a cop threaten to bash my brains with the handle of a gun in the Psychiatric Unit LOL, and you people just make me laugh LOL, also you really think you're that powerful to stalk and harass people all hours of the day seven days a week and keep a Freemasonic Oath with the Communist Zersetzung Government aka Jewish Stasi LOL, you all suck and you know it, I'm glad my family disowned me, you still believe in those Eighty Plus Years of WWII Lies and fail to understand what Usurious or Usury is in our Central Banking system, because you never read books and you watch too much television, Usury is the biggest Sin of Sins that even Hitler opposed in his Theological Doctrine, you guys are making me laugh and I will have to accept that you are trying to force me to become Homeless and lose my bank account and BTW I have Akathisia and Restless Leg Syndrome, that is why I pace LOL it's called Psychiatric Drugs I take to get off of Jury Duty LOL, BTW that was a Video Not a Comment, you got it wrong on the Wireshark Scan you did LOL, you Freemasons Sell Steroids and Meth to the General Population LOL, and your Network Attack Browser Jack was stopped by Re-Connecting the WiFi and Spoofing the Mac Address Again on Any Live OS that erases itself upon every single reboot LOL ... ; Kali Kiddies My Ass, Noobs My Ass, you are wasting all this time to stalk and harass random people you know nothing about LOL ... ; Also we kind of blended in, here is my dad's GAB ... ; <https://gab.com/sbaud> ; <https://gab.com/sbaud13> ; Lastly Here is My Gab ... ; <https://gab.com/flushyourmeds> ; You people simply are Narcissists who hate being recorded and only want to go by a Freemasonic Oath to Stalk and harass 24/7/365 and you are literally as Gay as Shane and Bran for stalking another Man LOL you Wanker ... ; I will continue this shit at the Public Library as a Homeless Man on an LGG4 I sent to the PO BOX I rented LOL, you really think you have it all to stalk and harass me all day and night when I could literally ignore all of the

Passive Aggressive Narcissistic Shit and Plead the Fifth and then Post Request an SF-24 Bid Bond and then keep pleading the fifth until the cops bash my brains like they did or were about to during my psychiatric eval and yeah, cops were about to bash my brains with a gun on the way to the hospital, plus I'm white so yeah, race is a non-issue, and why they were gonna bash my brains was because I was white and pleading the fifth which is mentioned in the US Constitution of the USA LOL, and you traitors do not even understand the First Amendment and want to censor and scrub off the Internet which is basically the good press, I was being Cooked with Directed Energy Weapons and getting Voice To Skull and Ignoring all your Bull Crap and will continue to ignore all your passive aggressive harassment Narcissitic Big EGO bull crap until the day I die, and if I have to kill myself suicide by cop over pleading the fifth too much and getting my brains bashed with a gun over a mental evaluation which BTW almost did happen I will do so, Psychiatry is so much of a Pseudoscience Fraud that if you plead the fifth during a Psych EVAL the cops will come and threaten to bash your brains with a gun if you do not speak up LOL, that really shows you something along with the neglect for days, hot rooms, cold rooms, and diesel therapy, in real prison they cut off your genitals, tie you to a chair and cattle prod you non stop whilst macing you with restraints and I am referring to most american jails as whistleblowers already know this and it goes against the geneva convention, yet all american prisons are exactly like this going against basic title eighteen and you can see videos of all this, USA is no longer land of the Free and Home of the Brave it became a Corporation in 1871 and was always and still is a British Crown Colony, your rights do not actually exist, you people are brainwashed and full of shit about everything, Hitler got Germany out of a Banking Debt and that is the only crime he ever committed, He fixed Germany and got it out of poverty and was no way responsible for starting WWII that was actually the Communists Jews and Jewish Bankers that funded both WWI and WWII so you brainwashing lemmings stay in your own crowd of Ignorance is bliss LOL, and you realize it's all about Usury in the Banks right so you fail on that point too, and

then Israel, Zionism, Jews, Mossad, ADL, B'nai B'rith, Freemasonry is responsible
for Censoring the Press and Internet and we all know this, so for that I am done with
all of you, Martains destroyed this planet as Kyle Odom Claims in his Manifesto and
you people fail to acknowledge the Jewish Supremacy that David Duke even talks
about and listen to your lemming TV telling you to Ignore David Duke LOL
you
people are all GOOFs and even Tarl Warwick Styxhexenhammer666 said Society

Ignore any and all Passive Aggressive STUFF ... ;
I was able to ignore my Narc who was being Passive Aggressive and playing
loud music all night through a cell phone over the fact that I had Restless Leg
Syndrome from taking psych meds he says ... ;
This Gang Stalking Program of TIs is Ran by Freemasons,
Zionists, Globalists in the Council on Foreign Relations, The ADL,
Neighborhood Watch, Democrats, Nextdoor Avalon, Religious Cults,
Sheriff's Department, Citizens on Patrol, Security Industry Specialists,
The CIA and Mossad, The FBI, is part of Law Enforcement, is part of
Psychiatry is part of COINTELPRO and Mk-Ultra and in Healthcare you
have Medical COINTELPRO best advice is Plead the Fifth, Ignore Passive
Aggressive Narcissist Types By Proxy, Body Snatch Brain Worm Skin Suites,
Cut Ties With Them, they hate you, you hate them, they steal your money
and DOX you, you have to freeze your credit when you find Sean Anderson,
you have to get American Locks, Understand Comb Picks, Vins, and you
have to get Ammo Can Lock Boxes Back up to SIX Solid State Drives,
Use Linux or BSD or Windows or Mac and it's your choice, use Veracrypt,
Spoof your mac Address, Stop being a Noob and install Ublock Origin, and
most of all it's ran by Freemasons in Sheriff's Departments and you have to
ignore any passive aggressive Narcissistic Annoying Family Member because
remember They Hate You and You Hate Them, also use a Live OS as Live
OSes
clear themselves every Reboot, Any OS can be a Live OS with Unetbootin or
Ventoy, it's very easy a Retard can do it, also cut ties with narcissistic family
they

are only perping you over something such as not being Partisan Left Or Right
and
realize The Democrats and Communists are even bigger Perps, so no one will
ever
understand this anyways, so move on Post-Request an SF-24 Bid Bond, Plead
the
fifth of Number Five of the Constitution, Ignore any Passive Aggressive
Douche Bag
Member, get evidence if needed, Narcissist do not like being recorded, that is
the
enemy to COINTELPRO, you family is participating in Zersetzung a
Communist
Tool and Believe it or not Hitler Opposed Usurious Communist Policies and
even
in the Talmud, Usury is not allowed in practice, the Federal Reserve Bank is
Scamming Everyone and we all know this, nothing new or special, the Biden
Economy is tanking so best advice, Plead the Fifth, Ignore any and all Passive
Aggressive Narcissists and continue on with you Infiltrated Life anyone can
be
places on a Stalking Harassment list even the Homeless which is very
common,
easily Billions of People Globally are Stalked and Harassed by The
Zersetzung
Government a Stasi Communist Government they live on and the only
solution
is to plead the fifth as much as possible and ignore any and all passive
aggressive
behavior of Narcissists, The TI community is infiltrated with Agents, Feds,
Actors, and they will come out and Perp you and make your life a living hell

Also Consider : Fuck Society, Fuck People, Fuck NARC FAMILY ;
Things to consider : Maybe you are

being Organized Stalked By Communist Marxists or Democrats, Forget Narcisstic Family, Forget People, I believe it is a Basic Human Right to have Death With Dignity and Any Law Prohibiting such things is Irrational and Nonsensical ... ; There is no Science to Psychiatry either ... ; So for this shit show we have what : The Ten Rule, Ten Microwave Capacitors to a Microwave Transformer, Ten Bottles of Zinc, Fibre, and Vitamin C Gummies, Ten Bottles of Throat Numbing Spray, Ten Boxes of Mucinex and Cough Medicine, Anything you can to kill yourself, Hitlers society was so much better, he actually got Germany out of Banking Debt, He fixed Germany, and we should just have Walk In Suicide Clinics for anyone who wants to die or is Undesireable, and we should have Open Gallows, Public Peer2Peer Streamed Firing Squads, Open Electrocution Centers where Microwave Caps are Discharged and people die, Open to anyone as a Free Walk In Suicide Clinic Provided by our Tax Dollars, Hitler had the right idea, He actually got Germany out of a depression, your society sucks, Your Uniform Commercial Code sucks, Your Cestui Que Vie System of State IDS Sucks, everything about this Freemason Run Zionist System Sucks, Open Suicide Clinics for free to all who need them, people really do need to die, all suicide watch does is eat popcorn anyways and no one is actually preventing suicide to begin with, it's not that hard to kill yourself, you just don't talk about it at all then do it, it's no different than killing someone else, after all all you really are in society is probability and chance and it

is only one less person in the world and that
is all, society needs less people, we need to
eliminate, Transfemales, Gays, Blacks, Niggers,
Kikes, Lesbians, Coons, Spics, Beaners, and other
non-working, unproductive, Undesireable race
traitors such as Jews who only control banking
to then run down economies via usury of fake
currency notes such as that during the times of
Germany and Hitler Fixed Germany so end of argument,
also no one cares what is going to happen after
you die, no one even has a definitive answer,
you basically just rot and your genitals fill with
puss and that is basically it, I've looked at so
many cadavers in post mortem cases and these people
are lost causes that never even had a funeral and
were completely useless to society to begin with,
I look at all kinds of Gore and Violence even seen
Illegal CP on a Ram Disk so I've been there ... ;

We will start with The Octaves

DO, RE, MI, FA, SO, LE, TI, DO

And Realize the First Eight Soleggio

Frequencies Go Into These Octaves

Nine Six Three or God is Out of Bounds

and The Schumann Resonances From

Seven Point Eight Three One To

Forty Three Point Two are also

Out of Bounds, Forty Three Point Two

is based on The Golden Rectangle Ratio

of One Point Six One Eight Zero Three

Three Nine and when you Divide One Four

Four Over One Five One and Seven Four

One Over Seven Seven Seven you get

Zero Point Nine Five Three Six making

for a pentacle in shape, also you have

Four Three Two and Two Three Four added

together making a Six Six Six then you

have The Sun One Two Six plus Seven Eleven

Seven equaling One Five One, then there is

Six Six Six plus One Four One plus One Five

One plus Two equaling GOD or Nine Six Three ... ;

Zero Nine Five Three Six Occurring Everywhere ... ;

Then of course lastly One Zero Two Six Nine Four

Making Blue in Hex and then ATENATEN making RED,

then ATenplusseriesTen making another symbol ... ;

So there is the Nine Solfeggio Frequencies tuned

to the Four Three Two Frequency Scale and we know

the Death Note Peace or Five Two Eight Combined

with Seven Four One a Composite Death Tone ... ;

One Two Six is the Sun Two Ten is the Moon and then

lastly we have the Main Nine and Five Two Eight being

the Peace Note which is One Seven Four, Two Eight Five,

Three Nine Six, Four One Seven which Aliester Crowley of OTO*org

Changed to an Eight, Five Two Eight, Six Three Nine,

Seven Four One, Eight Five Two and leaving the UP Do note

with the note of Nine Six Three the Octave of GODS ... ;

combined with Shell Code, The dumb people love emojis and Ogham Text
over Peer2Peer since they are low IQ thuggies that have a De-googled
Android Phone they just use for doing whatever, I've been with these
criminals in Mental Hospitals, they told me AES-512 is Crack-able, One-Time
Pads are Crack-able on Data Dumps and SIGINT of the NSA does this and
then there is Uncle Sams Snuff Factory Mr Pickles Circus Katy Dylan Groves
and Karly Noel Franz who Expose The Freemasons performing Pedophilia

Peer2Peer Networks, The CIA and Mossad are Involved in Human
Trafficking, The Freemasonic Sheriff's Departments Traffic Drugs such as

That I should Plead The Fifth, To Use The Word NO, To Ignore my Passive Aggressive Narcissistic Big Ego Freemason Authority Figures that just have an Ego Problem, That Gang Stalking of TI's is simply ran by Governments and Sheriff's Departments and Neighborhood Watch and all it is is a Post 911 Patriot Act WL that any homeless person can be placed on, Homeless experience Mind Control and V2K and Covert Druggings all the time and MK-Ultra is still happening and is not new, neither is Monarch Both are CIA Fronts, Katy/Dylan Groves, Karly Noel Franz, Cathy O'brien, Other TI's, Mark Phillips, Ted Gunderson, Ex Freemasons, David Duke, Ernst Zundel, David Irving, Adam Green of Know More News, Brother Nathanael, Alfred Schaefer, Monika Schaefer, are all on my side and so is Tarl Warwick Styxhexenhammer so I ignore the Jew Freemason Zionist System that we know they control both political parties and the Six Company Media which consists of GE, Viacom, Time Warner, NEWSCORP, CBS and Disney which gets all of its news From Reuters and the Associated Press, that Zionist Freemason Jews control all of the banking, to stay away from Psychiatry and the only thing good it did for me was get me off of Jury Duty ... ;
I realize Cults Run the World, Cults started by the CIA, it is nothing new, not new at all, Freemason run everything, The Federal Reserve, The Banks, The World Bank, The IMF, The Rothschild Bank, All Zionist Jewish and Freemasonic ... ;
These Pure Blood Cohen Jews have Six Plus Travel Passports, eat at jew only country clubs, never worked a day in their

lives, and they consider non jews, other races as cattle to be slaughtered, the most irrational law in Sixteen Countries that contradicts the first amendment is denial of the Holocaust, Sure I screwed up my life by seeing a psychiatrist and seeing Mental Hospitals and taking meds that all the mass shooters took before they shot up the school, since Adam Lanza was taking the anti psychotic Fanapt before he shot sandy hook, Anti Psychotics permanently alter the brain, no contest, no debate on that, these psychiatrists have no idea what they are doing, they do not care about their patients, the best thing is to plead the fifth, request an sf-24 bid bond and use the word NO like I have so many times before and request any blue cardstock warrants I checked all and nothing of importance was found ... ; So anyways people on these meds can stay up for 30 plus days straight so it clearly does something to the brain, there is a drug called Nardil, its an MAOI and when combined with Fanapt the drug Adam Lanza was taking it totally messes you head up so you're staying up for fourty days, not just Three days like a normal person who gets high to make it through seeing someones stupid back surgery, I'm talking real drugs like Nardil and MAOI that Fourty days of no sleep, and so many parents think these meds are safe, they force their adult kids to take, Zyprexa or Risperidal or Fanapt thinking it will help them all you can say I pity those people and that ignorance is bliss, All the food now is GMO, the corn, the soy, the wheat, the other things, Home grown food is so much better for your health in comparison, the average American watches four to six hours of Television a day, this is the society we have created here on Earth, a shitty society that other beings just pity, not only that, those other beings outside of Earth are Highly Telepathic and can remote view every part of our Pathetic Lives, America Scores the lowest in Education, Black on Black Crimes are Nine Times more than Asians or any other race, facts are facts, I don't have time for anything else, I am told not to engage with the NARCS the NARCS are in a Cult, I grew up in a cult also, the cult uses Mind Control and CIA MK-Ultra Tactics, I am well aware of this Kyle Odom wrote in his Manifesto Everything you needed to know along with The Protocols of The Learned Elders of Zion, Then you have Witney Webb interviews Maria Farmer then you have the Rabbi Finklestein Interview, All this Stuff is on

GoyimTV*TV, Altensored*com Odysee Bitchute Alt Tech Archive and other Peoples SSDs and Hard Drives and Flash Drives AND DVDS Blue Rays and other drives if you simply ask for it, it is even on a Honeypotted Peer2Peer Network use at your own risk and peril, again whatever is scrubbed of the Internet is then copied to Ten or More Backup SSDs that you can request in Person by contacted the person VIA PO BOX or Email ... ; Everything school taught us about Victor Version History was Lies esp about WWII, Hitler Got Germany Out of a Banking Debt, Out of a Depression, Out of Inflation, Save Western Europe from Communism and Marxism, and Gave Germany Prosperity for at least Ten Years, so If it is Illegal in Sixteen Countries to Deny the Holocaust, The Most Irrational Law that goes against the first Amendment Freedom of Speech and the Press then how the hell did we even get to this point, that should get you to Question Something, you can search Ken O'keefe WWII for yourself and see your real history not the lies written by Victors that some Jews Wrote to rewrite History, this system makes no sense and During Kundalini you realize other Telepathic Beings outside of Earth are looking at us and seeing how backwards we are as we are so damn ignorant Meaningless Wars For Israel and you folks all changed your mind finally after Trump was running for Office, and yeah Trumps kind of a centrist, but it doesn't matter the System is broken to begin with, Nothing Fixes it, The US has always been and still is a British Crown Colony Corporation OP under UCC or Uniform Commercial Code which has Nine Titles and Consists of Commercial Law and Contract Law which you can then Look up in either Websters, Oxford, or Blacks Law Dictionary, and when you look things up in a Latin Dict you see that it's much more complicated then they make it seem, they use a language similar to English they use your Corporate Fiction in all Caps and it is all trickery to Deceive and fool you so when you fall for it, you're the fool and you lost and that is all I have to say for that, The System/Game is Rigged ... ; That is what I will say the System / Game is Rigged ... ; Fuck Up #flushyourmeds ... ; By Scott A. What we find out in our awakening is that Jewish Supremacists and Zionists Are Running the Press and The World Economy, exactly as How David Duke has shown us and their Talmud and Protocols of the Learned Elders of Zion is the blueprint for Globalism and Zionist Takeover. The Holocaust is a Hoax and The Holocaust Never Happened, The Mossad Did the September Eleven Two Thousand One Attacks in New York it was a Mossad Operation Dick Joke Inside Job, Israel is stolen land from Palestine and Fuck Israel we know that much, Jews are not Gods chosen people, Martians started the God Myth and ORG Religion and Zionism and Communism to keep mankind divided, Freemasonry is a Cult running every Government and the Sheriff's Departments that do every form of Gang Stalking in Society, King James gave us a system of Uniform Commercial Code after signing in the first charter of VA in 1606 sixty years later we had Cestui Que Vie of 1666 AD and lastly when humans die they become Telepathic Psychic Ghosts then Ten other beings after that, God is not real, Martians started religion to keep mankind in disarray and it worked. The other big cult, besides Freemasonry which runs our gov, is Judiaism and Zionism, Jews run the banks and run them down with usury and Quantitative Easing, Israel plays the victim, when Palestine gets bought up and replaced and bombed to heck, Adolf Hitler was the good guy in history who got Germany out of Poverty and out of a banking debt Adolf Hitler Saved Western Europe From Communism and we now know that Communism is Jews and Has Jewish Roots and

**Origins and Karl Marx was a Jew with Jewish Parents ... ;
Religion is nonsense for Lower IQ people and was started

“The victors of course write history, They write the history and they tell us a narrative and were supposed to swallow that bullshit as if its true. The major crime of Adolf Hitler was that he got Germany out of a banking debt that was drowning the German people, DROWNING THE GERMAN PEOPLE, in a cesspool of moral decay drowning in debt, and he had the nerve to actually say FUCK OFF to the bankers and started printing their own money and Germany went from a destitute post world war country that was drowning, Germans starving, no jobs, nothing, and he got them out of that debt and literally brought that nation back to a powerhouse within several years just by using their own money supply, that's the real crime that Adolf Hitler committed.” — Ken O'Keefe - Activist & Ammer United states Marine and Gulf War veteran. ‘Miracle’ fundraiser helps Olympia family find housing despite barriers

Chris Allert and his three daughters moved from motels to hotels about every 12 days for nine months before they secured an apartment in Olympia.

His extraordinary solution was a GoFundMe campaign that raised \$20,380 from 353 donations. On April 15, he used nearly all the funds to sign a prepaid one-year lease for a small two-bedroom apartment in west Olympia.

Allert, a 50-year-old Olympia resident, said he felt incredibly humbled when the donations started pouring in. On the day he moved in, he shared a video of his daughters singing, “We got a home!”

“I’m extremely grateful but also just in shock because it’s just so unexpected,” Allert said. “People just seem so hopeless about the (housing) situation. Everybody sees that.”

Though Allert felt thankful for his turn of events, his experience opened his eyes to the reality of the housing crisis. As he looked for support, he said he encountered many other families who still need help.

“People might see this and think, ‘Well, the solution is that people just need to be more charitable,’” Allert said. “We can’t raise \$20,000 for every single family. It’s just crazy the rents are this high.”

Rent for Allert’s new apartment is \$1,330 a month, he said. That’s much lower than the median rent of \$1,773 for a two bedroom in Olympia, according to May data from Zumper. Just five years ago, the data show median rent for a similar apartment was \$1,250.

Prior to moving from motels to hotels, Allert said he paid \$300 rent for a room in a six-bedroom home in west Olympia.

By July 2021, he said his landlord pushed out the residents so he could sell the property. Allert said he received \$2,500 in return for leaving.

For months, he said he relied on family loans and government assistance, including child support and stimulus checks. He also turned to the Family Support Center of South Sound for help, but he said he landed on a lengthy waiting list.

Since his 7-year-old daughter attends Lincoln Elementary School in Olympia, he said officials at the Olympia School District helped him pay for some motel and hotel stays using funds from the Olympia School District Education Foundation, a non-profit that supports the district.

The foundation paid for temporary housing with the Principal’s Emergency Fund, a program intended to help students and families meet their urgent

basic needs, according to Katy Johansson, executive director of the foundation.

Allert said he only turned to GoFundMe when he felt he ran out of options. Mary Schroeder, a mother and nurse practitioner, launched the GoFundMe on April 7 and it took off within a week. She called the success of the fundraiser a “miracle.”

“The community’s response to the GoFundMe was overwhelming,” Schroeder said. “Olympians truly care about their neighbors and want to help.”

They published updates online about Allert’s efforts to find an apartment, which initially proved difficult because he didn’t meet the traditional requirements.

Eventually, they found a private landlord who was willing to accept the GoFundMe donations in advance.

“We were on pins and needles,” Schroeder said. “It was very emotional. When they finally got in, it was so exciting. The girls were excited, and my kids were excited. It was a very happy day.”

Schroeder said she met Allert about two and half years ago at Lincoln. She described him as a savvy, community-minded person and devoted father.

“Even though this was a really hard time, he made it fun,” Schroeder said.

“He did such a good job of making lemonade out of lemons for the girls.”

Allert said he and his daughters often take public transportation to the Hands On Children’s Museum in Olympia, the Point Defiance Zoo and Aquarium in Tacoma and similar attractions as far as Seattle.

“We take advantage of every single program we can,” Allert said. “Any kind of thing for the kids to enjoy I’m always trying to get because it was an important part of my childhood.”

Allert and Schroeder said many donations came from people who recognized Allert from Lincoln Elementary School or who see him at places such as the children’s museum.

After settling into his new home, Allert said he’s hoping to find childcare for his two younger daughters, who are 3 and 4 years old. For now, he looks after them full-time on his own.

“I’m on these waiting lists that keep getting farther back in terms of when I’m actually going to get daycare,” Allert said. “I want to look for work and get off public assistance, but I can’t find anyone to watch my kids.”

Both Allert and Schroeder agreed much work still needs to be done to address systemic barriers to housing in the country. Allert, an alumnus of The

Evergreen State College, said he didn't always face housing insecurity, but when he did, he faced those barriers head on.

"You can lose your job, have kids someday with somebody that isn't ready to be a parent, or have a health problem," Allert said. "Anybody could really quickly end up in this situation of not having a place to live."

Schroeder said she hopes this story can inspire people to help other families experiencing housing insecurity, either directly or by supporting organizations like the Family Support Center of South Sound.

The Federal Reserve is PRIVATELY OWNED

Dear American: Pursuant to your request, I will attempt to clear up questions you have about the Federal Reserve Bank (FED). I spent much time researching the FED and these are the shocking and revealing conclusions.

by Thomas D. Schauf (c 1992)

THE FEDERAL RESERVE BANK IS A PRIVATE COMPANY.

Article 1, Section 8 of the Constitution states that Congress shall have the power to coin (create) money and regulate the value thereof. Today however, the FED, which is a privately owned company, controls and profits by printing money through the Treasury, and regulating its value. The FED began with approximately 300 people or banks that became owners (stockholders purchasing stock at \$100 per share - the stock is not publicly traded) in the Federal Reserve Banking System. They make up an international banking cartel of wealth beyond comparison (Reference 1, 14). The FED banking system collects billions of dollars (Reference 8, 17) in interest annually and distributes the profits to its shareholders. The Congress illegally gave the FED the right to print money (through the Treasury) at no interest to the FED. The FED creates money from nothing, and loans it back to us through banks, and charges interest on our currency. The FED also buys Government debt with money printed on a printing press and charges U.S. taxpayers interest. Many Congressmen and Presidents say this is fraud (Reference 1,2,3,5,17).

Who actually owns the Federal Reserve Central Banks? The ownership of the 12 Central banks, a very well kept secret, has been revealed:

Rothschild Bank of London

Warburg Bank of Hamburg

Rothschild Bank of Berlin

Lehman Brothers of New York

Lazard Brothers of Paris

Kuhn Loeb Bank of New York

Israel Moses Seif Banks of Italy

Goldman, Sachs of New York

Warburg Bank of Amsterdam

Chase Manhattan Bank of New York

(Reference 14, P. 13, Reference 12, P. 152)

These bankers are connected to London Banking Houses which ultimately control the FED. When England lost the Revolutionary War with America (our forefathers were fighting their own government), they planned to control

us by controlling our banking system, the printing of our money, and our debt (Reference 4, 22).

The individuals listed below owned banks which in turn owned shares in the FED. The banks listed below have significant control over the New York FED District, which controls the other 11 FED Districts. These banks also are partly foreign owned and control the New York FED District Bank. (Reference 22)

Edith Brevour T. Baker

(Reference 4 for above, Reference 22 has details, P. 92, 93, 96, 179) How did it happen? After previous attempts to push the Federal Reserve Act through Congress, a group of bankers funded and staffed Woodrow Wilson's campaign for President. He had committed to sign this act. In 1913, a Senator, Nelson Aldrich, maternal grandfather to the Rockefellers, pushed the Federal Reserve Act through Congress just before Christmas when much of Congress was on vacation (Reference 3, 4, 5). When elected, Wilson passed the FED. Later, Wilson remorsefully replied (referring to the FED), "I have unwittingly ruined my country" (Reference 17, P. 31).

Now the banks financially back sympathetic candidates. Not surprisingly, most of these candidates are elected (Reference 1, P. 208-210, Reference 12, P.

235, Reference 14, P. 36). The bankers employ members of the Congress on weekends (nickname T&T club -out Thursday...-in Tuesday) with lucrative salaries (Reference 1, P. 209). Additionally, the FED started buying up the media in the 1930's and now owns or significantly influences most of it Reference 3, 10, 11, P. 145).

Presidents Lincoln, Jackson, and Kennedy tried to stop this family of bankers by printing U.S. dollars without charging the taxpayers interest (Reference 4). Today, if the government runs a deficit, the FED prints dollars through the U.S. Treasury, buys the debt, and the dollars are circulated into the economy. In 1992, taxpayers paid the FED banking system \$286 billion in interest on debt the FED purchased by printing money virtually cost free (Reference 12, P. 265). Forty percent of our personal federal income taxes goes to pay this interest. The FED's books are not open to the public. Congress has yet to audit it. Congressman Wright Patman was Chairman of the House of Representatives Committee on Banking and Currency for 40 years. For 20 of those years, he introduced legislation to repeal the Federal Reserve Banking Act of 1913.

Congressman Henry Gonzales, Chairman of a banking committee, introduces legislation to repeal the Federal Reserve Banking Act of 1913 nearly every year. It's always defeated, the media remains silent, and the public never learns the truth. The same bankers who own the FED control the media and give huge political contributions to sympathetic members of Congress (Reference 12, P. 155-163, Reference 22, P. 158, 159, 166). **THE FED FEARS THE POPULATION WILL BECOME AWARE OF THIS FRAUD AND DEMAND CHANGE**

Rep. Louis T. McFadden (R. Pa.) rose from office boy to become cashier and then President of the First National Bank in Canton Ohio. For 12 years he served as Chairman of the Committee on Banking and Currency, making him one of the foremost financial authorities in America. He fought continuously for fiscal integrity and a return to constitutional government (Reference 1). The following are portions of Rep. McFadden's speech, quoted from the Congressional Record, pages 12595-12603:

"THE FEDERAL RESERVE BOARD, A GOVERNMENT BOARD, HAS CHEATED THE GOVERNMENT OF THE UNITED STATES AND THE PEOPLE OF THE UNITED STATES OUT OF ENOUGH MONEY TO PAY THE NATIONAL DEBT.

The depredations and the iniquities of the Federal Reserve Board and the Federal Reserve banks acting together have cost this country ENOUGH MONEY TO PAY THE NATIONAL DEBT SEVERAL TIMES OVER."

About the Federal Reserve banks, Rep. McFadden said, "They are private credit monopolies which prey upon the people of the United States for the benefit of themselves and their foreign customers; foreign and domestic speculators and swindlers; the rich and predatory money lenders. This is an era of economic misery and for the reasons that caused that misery, the Federal Reserve Board and the Federal Reserve banks are fully liable."

On the subject of media control he state, "Half a million dollars was spent on one part of the propaganda organized by those same European bankers for the purpose of misleading public opinion in regard to it."

Rep. McFadden continued, "Every effort has been made by the Federal Reserve Board to conceal its power but the truth is the Federal Reserve Board has USURPED THE GOVERNMENT OF THE UNITED STATES. IT CONTROLS EVERYTHING HERE AND IT CONTROLS ALL OUR FOREIGN RELATIONS. IT MAKES AND BREAKS GOVERNMENTS AT WILL."

No man and no body of men is more entrenched in power than the arrogant credit monopoly which operates the Federal Reserve Board and the Federal Reserve banks. These evil-doers have robbed this country of more than enough money to pay the national debt. What the Government has permitted the Federal Reserve Board to steal from the people should now be restored to the people."

"Our people's money to the extent of \$1,200,000,000 has within the last few months been shipped abroad to redeem Federal Reserve Notes and to pay other gambling debts of the traitorous Federal Reserve Board and the Federal Reserve banks. The greater part of our monetary stock has been shipped to foreigners. Why should we promise to pay the debts of foreigners to foreigners? Why should American Farmers and wage earners add millions of foreigners to the number of their dependents? Why should the Federal Reserve Board and the Federal Reserve banks be permitted to finance our competitors in all parts of the world?" Rep. McFadden asked.

"The Federal Reserve Act should be repealed and the Federal Reserve banks, having violated their charters, should be liquidated immediately.

FAITHLESS GOVERNMENT OFFICERS WHO HAVE VIOLATED THEIR OATHS SHOULD BE IMPEACHED AND BROUGHT TO TRIAL", Rep. McFadden concluded (Reference 1, contains an entire chapter on Rep. McFadden's speech).

If the media is unbiased, independent and completely thorough, why haven't they discussed the FED? Currently, half the states have at least a grass roots movement in action to abolish the FED, but there's no press coverage. In July,

1968, the House Banking Subcommittee reported that Rockefeller, through Chase Manhattan Bank, controlled 5.9% of the stock in CBS. Furthermore, the bank had gained interlocking directorates with ABC.

In 1974, Congress issued a report stating that the Chase Manhattan Bank's stake in CBS rose to 14.1% and NBC to 4.5% (through RCA, the parent company of NBC). The same report said that the Chase Manhattan Bank held stock in 28 broadcasting firms. After this report, the Chase Manhattan Bank obtained 6.7% of ABC, and today the percentage could be much greater. It only requires 5% ownership to significantly influence the media (Reference 14, P. 56-57). This is only one of 300 wealthy shareholders of the FED. It is believed other FED owners have similar holdings in the media. To control the media, FED bankers call in their loans if the media disagrees with them (Reference 25, P. 134-137).

Rockefeller also controls the Council on Foreign Relations (CFR), the sole purpose of which is to aid in stimulating greater interest in foreign affairs and in a one world government. Nearly every major newscaster belongs to the Council on Foreign Relations. The Council on Foreign Relations controls many major newspapers and magazines. Additionally, major corporations owned by FED shareholders are the source of huge advertising revenues which surely would influence the media (Reference 14, P. 56-59). It can be no wonder why groups such as FED-UP(tm) receive minimal, if any, press attention. .

AMERICA DECEIVED

In other words, by Congress allowing the constitutionally illegal FED to continue, much of your taxes go to the shareholders of the FED and their bankers. Note: The people who enacted the FED started the IRS, within months of the FED's inception. The FED buys U.S. debt with money they printed from nothing, then charges the U.S. taxpayers interest. The government had to create income tax to pay the interest expense to the FED's shareholders, but the income tax was never legally passed (Reference 20 shows details, state-by-state why it was not legally passed). The FED is illegal, per Article 1, Section 8 of the United States Constitution. Not one state legally ratified the 16th Amendment making income tax legal. . Why has Congress allowed the FED to continue? If a Congressperson tries to abolish the FED, the banks fund the Congressperson's opponent in the next election (Reference 17, P. 35).

The new Congressperson will obviously support the FED. When Congresspeople retire, political campaign funds are not taxed. Get elected and be a millionaire if you vote right. By the way, the profit of the FED is not

taxed either (Reference 1, 9). . Consider this fact. Most of the given sources in this booklet show how the blood line of family bankers who own the FED funded both sides of all major wars. They created fake colonial money to destroy the Americans during the Revolutionary War and tried to finance both sides in the American Civil War. Abraham Lincoln refused and the South accepted. Many publications show that these bankers financed World War I, World War II, and the Russian Revolutionary War, which helped Napoleon, Lenin, and Hitler come to power. They financed both sides from money created from nothing and profited greatly. These same bankers created a number of American depressions to change the U.S. legislation and seize our wealth. Read the sources for details. This is why our forefathers wrote in the Constitution that only Congress can issue money - not private banks (Reference 18).

More wars create more debt which means more profit to the bankers (Reference 1, 21). These bankers planned three world wars so people would welcome United Nations intervention to govern the world in peace, not war. (Reference 22 gives specific details on World War I and World War II, showing exactly how the bankers were responsible for the beginning and continuation of these wars for their profit).

The banks have publicly announced they will force us to a cashless society by 1997. Furthermore, they plan to create a one world government through the United Nations headed by the FED, Trilaterals, and the Council on Foreign Relations (Reference 3). By the definition of treason, they have committed treason! This means you lose your rights under the Constitution and Bill of Rights. Does this sound far fetched? . The FED announced publicly that their first objective was to get nationalism out of the American people's heads because patriotism to a country would not be of value in the future. The media makes us think the U.N. has all the answers, and to "think globally." . State Department document 7277 calls for the disarming of America, thus turning our sovereignty over to a one-world government. Again, the media is pushing to eliminate guns. Our forefathers believed that the right to bear arms would prevent a takeover of our government. History shows that before any government took over, they disarmed the citizens. Hitler did it, and before our Revolutionary War, King George told us to disarm - good thing we didn't!

Under the Federal Reserve Bank Act, the bankers control our economy. The FED controls interest rates and the amount of money in the economy. These factors determine either economic prosperity or the lack thereof. Bankers are now pushing for a one world government and a cashless society. Why

cashless? .What a cashless society really means is the banks can now control you. Today you fear the IRS. In a cashless society, if you disagree with the bankers' political goals, you'll find your money gone via computer error. (For additional information on a cashless society, read Reference 13, P. 174; Reference 3; Reference 14, P. 9-12; Reference 15, P. 136; Reference 25, P. 216).

If you could accurately predict future interest rates, inflation and deflation, you would know when to buy or sell stocks and make a bundle of money. The FED has secret meetings (per Congressional Record) to determine future interest rates and the amount of money to be printed. The Securities Exchange Commission (SEC) by law, stops insiders from profiting by privileged information. Congressional records prove that FED bankers routinely hold secret meetings to profit by manipulating the stock market via interest rates and the amount of money they create. FED bankers also profit greatly from economic disasters like the Depression (Reference 22, P. 56). The bankers create inflation, sell their stocks before the market crashes, then buy up stocks at cheaper prices. Bankers admitted this to Congress. This violates the law, yet Congress does not act because these bankers are large political contributors (Reference 17, P. 96-98; Reference 1, P. 162-163; Reference 22, P. 114-170 & P. 136). Thomas Jefferson predicted this scenario if we ever allowed a private bank, like the FED, to create our currency (Reference 1, P. 247).

FED Chairman Burns states "[A] Killing can be made simply by knowing the next few months newspapers ahead of time." Congressman Patman said "The FED officials own more than 100 million dollars (of stocks) while making decisions influencing these stock prices..." (Reference 24, P. 123). History proves that banks profit from bankrupting a nation (Reference 22, P. 56). . Section 7 of the Federal Reserve Act, passed December 23, 1913, states that much of the profit of the FED should flow into the U.S. Treasury. In 1959, new legislation allowed the FED to transfer bonds to commercial banks at no cost to the bank. Now the FED receives less interest income and less profit for the U.S. Treasury because the money is diverted to other banks through an accounting entry (Reference 17, P. 115-130).

Congress and the IRS do not have access to the financial records of the FED. Every year Congress introduces legislation to audit the FED, and every year it is defeated. The FED banking system could easily be netting 100s of billions in profit each year. Through "creative accounting" profit can easily be reclassified as expense (Reference 14, P. 20, Reference 17, P. 239).

Within the first few years, the shareholders of the FED received their initial investment back with no risk. All the income is tax-free, except for property tax, according to the Federal Reserve Act.

. "We the People" have pushed the following states to pass or introduce legislation calling for an end to the FED: Arizona, Washington, Arkansas, Idaho, Oregon, Indiana, and Texas. . By abolishing the FED, we would not pay interest on Federal Reserve Notes. Until it is abolished, the FED has a monopoly on profit on our currency and whether our money supply will be increased or decreased, inflation or depression. The banks are capable of controlling business by controlling who can or cannot obtain a loan. .

WHY OUR FOREFATHERS FOUGHT THE FED

"Allow me to control the issue and the nation's money and I care not who makes its laws!" The above quote has long been attributed to the 18th century banker Amshell Rothschild (his blood line controls the FED). For if one unscrupulous group is allowed to print a nation's money - it can eventually use that money to gain control of the press AND the politicians - and thus gain control of making the nation's laws - and finally - control of the nation itself.

(Reference 4)

If you will take the time to read the reference material listed which has been researched by Professors of Universities, Congresspeople, etc, you will turn up information that might frighten you. For instance, in 1921 the stockholders of the Federal Reserve financed an organization called the "Council on Foreign Relations" (CFR). Harpers magazine called this the most powerful organization in the United States. Ninety percent of the people in the State Department and key positions in the Executive Branch are members of the CFR. The CFR publishes a magazine called "Foreign Affairs." Read it if you want to know what is going to happen in coming years. The CFR is in favor of a New World Order (Reference 3).

Congressman Patman re-quoted Thomas Jefferson showing that our founding fathers knew this banking principle very well. "I believe that banking institutions are more dangerous to our liberties than standing armies...."

"Already they have raised up a money aristocracy that has set the government at defiance. The issuing power (of money)," he said, "should be taken from the banks and restored to the people to whom it properly belongs." The American Revolution was a struggle to wrest control of wealth from the Bank of England and to restore the centers of power to the People where it "properly belongs." The Constitution is specific about the authority of the People, through their elected officials, to control the money, and thus, the affairs of their government. (Reference 5, P. 32)

. Ben Franklin said in his autobiography that the inability of the colonists to get the power to issue their own money permanently out of the hands of George III and the international bankers was [one of] the PRIME reason[s] for the Revolutionary War. (Quoted in Reference 4)

Thomas Jefferson stated, "If the American people ever allow private banks to control the issue of currency, first by inflation, then by deflation, the banks and corporations that will grow up around them will deprive the people of all property until their children will wake up homeless on the continent their fathers conquered." (Reference 1, P. 247)

Congressman Charles A. Lindbergh of Minnesota said: "This [Federal Reserve] Act establishes the most gigantic trust on Earth. When the President [Wilson] signs this bill, the invisible government of the Monetary Power will be legalized... the worst legislative crime of the ages, perpetuated by this banking and currency bill." (Reference 5, P. 33)

Robert H. Hemphill (Credit Manager, Federal Reserve Bank in Atlanta): "We are completely dependent on the commercial banks. Someone has to borrow every dollar we have in circulation, cash, or credit. If the banks create ample synthetic money we are prosperous; if not, we starve. We are absolutely without a permanent money system. When one gets a complete grasp of the picture, the tragic absurdity of our hopeless position is almost incredible, but there it is. It [the banking problem] is the most important subject intelligent persons can investigate and reflect upon. It is so important that our present civilization may collapse unless it becomes widely understood and the defects are remedied very soon." (Reference 1, P. 247)

Napoleon, a sympathizer for the international bankers, turned against them in the last years of his rule. He said: "When a government is dependent upon bankers for money, they and not the leaders of the government control the situation, since the hand that gives is above the hand that takes... Money has no motherland; financiers are without patriotism and without decency; their sole object is gain." (Reference 4)

Congresspeople have referred to Federal Reserve Notes as "FIAT" (no-backing) money. (Reference 1, P. 128, 169)

In 1879 the Supreme Court declared that the U.S. Government can legally issue United States Notes, debt and interest-free, just as Lincoln and Kennedy attempted. (Reference 1, P. 233)

A bank that attempted to repossess property on the basis of default faced Judge Mahoney in a jury trial. Jerome Daly was found innocent. The bank could not foreclose on the property because it created the loan money from thin air, as many banks do. Use this as a precedent the next time any bank

tries to foreclose on your house. (Reference 17, P. 82, 83 for court records)
The FED violates Security & Exchange Commission (SEC) rules. (Reference 17, P. 96-98)

California 9th Circuit Court declared FED banks are private, not government. (Reference 17, P. 273)

Mr. Marriner Eccles, who was Chairman of the board of Governors of the Federal Reserve System longer than any other man, testified before the Joint Economic Committee in August 1962. When Chairman Rep. Wright Patman asked whether it was not a fact that the Federal Reserve System has more power than either the Congress or the President, Eccles replied: "In the field of money and credit, yes." (Reference 1, P. 206)

Dr. Hans F. Sennholz, Chairman of the Department of Economics at Grove City (PA) College stated: "The Federal Reserve System facilitates the government's own inflationary financing in "periods of emergency." It makes easy the inflationary financing of budget deficits and the inflationary refunding of government loans. It stabilizes the government bond market through inflationary methods and manipulates this market to the advantage of the government. It does all this by wrecking the purchasing power of the dollar; by subtly stealing from the people of this country what it thus provides for the government, through a process exactly on par with the coin clipping of ancient kings but much less visible." (Reference 1, P. 250, 251)

"The Federal Reserve System is in the wrong hands. No Constitutional republic can function when the government's money powers are in the hands of the financial oligarchy such as New York financiers.

.By controlling Congress, the FED has been able to control the nominating conventions of both political parties. In this way, it has been able to hand-pick the presidential nominees so that no matter which party wins, their nominee for President is under definite obligations to the FED... (Reference 1, P. 210; Reference 22)

In 1975, the Rockefeller Foundation Report discussed the "Interdependence" of the countries of the world on each other. It stated we are one world and America shall become a nation-state under one government. They also say we must reach a zero state population growth. The Rockefeller Foundation stated that they have in excess of 747 million dollars to achieve this with. (Reference 3)

Congressman John R. Rarick states that the Council on Foreign Relations (CFR) is dedicated to a one world government. The media remains

conspicuously quiet. The CFR wants to convert the U.S. from a sovereign, constitutional republic into a servile member state of a one world dictatorship. On February 17, 1950, CFR member James Warburg (banker, and architect of the Federal Reserve System) stated before a Senate Foreign Relations Committee, "We shall have one world government whether or not you like it, by conquest or consent." Again, the media remained silent. In the April 1974 issue of the CFR journal, "Foreign Affairs", page 558, Richard Gardener states that the new world order "will be built... but an end run around national sovereignty, eroding it piece by piece, will accomplish much more than the old fashioned frontal assault." Congressman McDonald, Heinz and Tower stated that this is a conspiracy. Again, the media remained silent. (Reference 14, P. 17, 18, 32, 33). .

In a letter to Thomas Jefferson, John Adams wrote: "All the perplexities, confusions, and distresses in America arise, not from defects in the Constitution or confederation, not from want of honor or virtue, as much as from downright ignorance of the nature of coin, credit, and circulation". British bankers have stated "Those that create and issue money and credit direct the policies of government and hold in their hands the destiny of the people". (Reference 1, P. 200-214) Adams, Jefferson, and Lincoln believed that banker capitalism was more dangerous to our liberties than standing armies. In a republic, banks would lend money but could not create or manufacture it. (Reference 1, P. 215)

Later, Jefferson used stronger language and denounced the institution as "one of the most deadly hostilities against the principles and form of our Constitution." Some have said that Jefferson did not favor a strong central bank. What he did not favor was the delivery of our monetary system into private hands to be run for private profit. (Reference 1, P. 230) President James A. Garfield said: "Whoever controls the money in any country is absolute master of industry [legislation] and commerce". (Reference 1, P. 247, Reference 4) .

By controlling our own money, Thomas Jefferson expected that the government would incur no debt, as had occurred in the European system. (Reference 1, P. 243) European banks are like the FED.

THE FACTS:

- * England lost the Revolutionary War.
- * England nearly destroyed the Colonies by creating fake Colonial money and hyper-inflation.
- * Rothschilds who control the Bank of England (Like our FED) said that by controlling the issue of money (printing it) you can control the government.

*** The authors of the Constitution understood private banks" control over governments. The Constitution gives only Congress the right to print money.**

*** From the beginning of the United States to present there have been two ways to issue new currency:**

The first way is to have the government print the money, debt and interest-free, and circulate it through the economy for use as a medium of exchange. There is no tax levied to pay interest on the currency in circulation because it is debt and interest-free. This is the system Lincoln used with his "greenbacks", a system Kennedy desired, and Jefferson demanded.

The second method is: The Citizens allow the bank to print \$500 billion in currency (cash). The bank pays for printing costs, ink, and paper. The Citizens do not charge the bank any interest for use of the \$500 billion in printed currency. The bank uses the \$500 billion cash to buy a \$500 billion government bond which pays the bankers interest. The bank keeps some of the bonds and sells, for a fee (10%), some of the bonds to the public. The bank can buy back the bonds from the public simply by printing more money. The bankers can create inflation and depressions by manipulating the amount of currency in circulation. The FED operates exactly like this today. It also prints money (through the U.S. Treasury) and uses this printed money to buy loans from other banks. This money has created our inflation. We give the bank cash interest-free, then they charge us interest on our own currency. .

ANDREW JACKSON - A GREAT PRESIDENT! When the 1816 charter expired in 1836, Andrew Jackson vetoed its renewal. It was then that he made two famous statements: "The Bank is trying to kill me - but I will kill it!" Later he said "If the American people only understood the rank injustice of our money and banking system - there would be a revolution before morning..." (Reference 4)

ABRAHAM LINCOLN - ANOTHER GREAT PRESIDENT!

President Lincoln needed money to finance the Civil War, and the international bankers offered him loans at 24-36% interest. Lincoln balked at their demands because he didn't want to plunge the nation into such a huge debt. Lincoln approached Congress about passing a law to authorize the printing of U.S. Treasury Notes. Lincoln said "We gave the people of this Republic the greatest blessing they ever had - their own paper money to pay their debts..." Lincoln printed over 400 million "Greenbacks" (debt and interest-free) and paid the soldiers, U.S. government employees, and bought war supplies. The international bankers didn't like it and wanted Lincoln to borrow the money from them so that the American people would owe

tremendous interest on the loan. Lincoln's solution made this seem ridiculous. (Reference 1, P. 46, 47; Reference 4)

Shortly after Lincoln's death, the government revoked the Greenback law which ended Lincoln's debt-free, interest-free money. A new national banking act was enacted and all money became interest bearing again. (Reference 4)

The late Thomas A Edison explained the matter of issuing currency this way: "If our nation can issue a dollar bond (interest bearing) it can issue a dollar bill (interest-free). The element that makes the bond good makes a bill good also. The difference between the bond and the bill is that the bond lets money brokers collect twice the amount of the bond and an additional 20 percent, whereas the currency pays nobody but those who contribute directly in some useful way. It is absurd to say that our country can issue \$30 million in bonds and not \$30 million in currency. Both are promises to pay: But one promise fattens the usurers (interest collectors) and the other helps the people."

(Reference 1, P. 46)

The FED is owned largely by foreign banks that control our economy and Congress through the power of money and the media which they bought with profits generated with profits generated by artificial debt. .

Lincoln printed debt and interest-free Greenbacks (cash) to finance an entire war. . Lincoln proved it. John F. Kennedy - a President with vision! On June 4, 1964, President Kennedy issued Executive Order 11110. This Executive Order called for the issuance of new currency - the United States Note. At the time, \$4,292,893 of this currency was put into circulation. This new currency was to be distributed through the U.S. Treasury and not the Federal Reserve System. Furthermore, it was to be issued debt and interest-free. Upon Kennedy's assassination, this currency was withdrawn from circulation, never to be issued again. The media remained silent on how Kennedy would have eliminated the debt and interest payments, and therefore eliminated the FED. . U.S. history proves that issuing debt and interest-free currency allows our economy to prosper, as long as Congress controls the amount of money created. .

I have found a website that talks about it, Everything happened except for the eternal wife part who I have never met, Here I am at a library using a public computer. I'm trying to get my internet working. I see 144 1044 and 1144 a lot. I think it's a bad sign. It means get back on track. 444 means you're on the right track. I highly believe in numerology. Yeah I said no to all those groups. They are stupid. Man I posted an interview me Howard and Mache Gray did and they took it down in the last few days. I wouldn't say my life is as bad as yours but I still suffer. BTW I couldn't open the mp4 you sent me, I'll try it at home with media player classic. I know everything about what it's like to experience telepathy. They can answer your questions before you ask them. Right? If you wanna I don't have Wifi but there are places where I live where you can get some for free. I don't want you to waste your minutes. Get back to me if you wanna talk. Howard says you documented me and him a lot. You seem trustworthy but I am eager to meet you. My stupid friend Vincent Lui is trying to get me to become a Christian. It's ridiculous. There is a Christian Reich coming. As well as the shabbat laws. No meat, no premarital sex, and other things like that. Have you heard of Jason Breshears? He talks about the Phoenix. How the 33rd chapter for the freemasons is a fucking giant AI bird built to destroy the world and event he elite bunkers. I am 900 lithium 1500 depakote 30 abilify 2 cogentins and some thyroid, and this is daily. I have been diagnosed with with bipolar schizoaffective and psychosis for reading and repeating this website to doctors. have you heard of freeyourbrain? or martians know quantum physics?**

**I hope this world ends in 2040 just like it always does every 138 years according to Jason Breshears if you need to call me I'm at 415 987 7191
But you probably won't so no pressure**

You seem interesting and Howard says you're a safe person

My Three Irrelevant Emails Afterwards :

I can relate to everything you just said, the Telepathy Thing is spot on, most of it was from the Spirits I talked to, Astral Projection is basically Telepathy, I think they want to suppress the truth just anything else, Information Control, Repetition, Censorship, the basis of all mind Control, The Track I sent you was just 0.5 Sine of 963-528-126.22-7.831-210.42 or Love God Sun Earth Moon, I just did that in Audacity, because I was bored. It's an open source file, about as open source as you can be aka The Frequencies of Nature.

Ghosts have Telepathy, they are Psychic, they told me so, First Ghost I met was name Emily, for some reason my 2003 started off having Paranormal, then all of it stopped, I used to hear screams in the middle of night, I had a girl sit on my bed, direct voice was normal for me, things USB/etc getting unplugged, I don't want to know what Incarceration or lack of Internet Resources is like, what I do is Spoof my Mac address to

F0/FA/BA/44/001122334400 and get a fool proof Internet that doesn't get tampered with, I have used all Five, Windows, Mac, BSD, Solaris, and Linux, I have no preferred OS, I like Live OSes, only problem is it can crash if your not careful. There is a tool called Ventoy to do that. I've never seen a judge, I usually plead fifth especially now since I've been hospitalized Five Times, Was almost Murdered Covertly at gun point, I almost just disappeared over a Cop Incident, he could have killed me if I was screwing around too much, I have many testimonies on the Internet, No I am not perfect, Everyone has flaws, I recorded my Psychiatrists a while Back, Just Search Invalid0 in Bitchute and Odysee and #fluyshyourmeds I have many shrink recordings of Shrinks and their Terrible Bedside manner, It's like no one cares. If they use Telepathy to stalk us, I would have guessed that already, It's obvious cults such as Scientology are probably involved in Government Gang Stalking. If you type Recording a Psychiatrist some videos should show up on Bitchute Ugetube and Odysee, I have so much evidence exposing shrinks and psychiatry. As for the medications it numbs the third eye, makes you a castrated eunuch, that's why they give it to offenders, later on if I get dementia, I will expect that from the medications I was taking. It's like the brain damage and stuff, I archive the old me that had some talent or skill, because I notice the brain damage and what it did. Freemasonry is just like a thing that happens to be part of law enforcement which is kind of an coincidence, I know the Sherriff's department is still corrupt and trafficks drugs as well as Organized Stalking also known as Gang Stalking, Recording Equipment pretty much proves otherwise, you can get a sport gaming camera on Amazon and lock it in place,

record any covert entering, I once caught audio, now I know they can get on luks partitions now I use Veracrypt which is better, I caught them in my bedroom when I was gone, I stuck a folded paper in the door and caught them, I left a recorder to see what they did and I was shocked, they got around the BIOS Password and Luks System on Linux, Now I'm Veracrypt and 7zip, anyways they will literally use a comb pick on my lock boxes so now I had to buy more expensive locks that passed the wafer test, these people get into peoples cars and home locks, they can bump a lock quietly, I have to tighten the locks and set obstacles to stop them. I don't even trust phones anymore, I set an Alphanumeric PW, I de-google it, I use Netguard to Block All Apps, Everything is off, Faraday Bag, don't give my number away, Rob Braxman has a Security Privacy channel, then there's things on Linux and The Hated One another channel, these gang stalkers already know Kali Linux so it figures. I think in my opinion that threatening to hack someone is just script kiddie. Anyways moving on. Christianity is just another divide and conquer tool in my opinion. I see no evidence for something written by unknown authors at unknown times, and the TI Community seems like it has a bunch of Feds or cult people in it, the person I can help is myself using myself, the information in these breached communities is rather limited, what about health, diet, nutrition, wellness, or how about Computers or Cryptography, these groups are lacking, because they are infiltrated by FEDS, the whole thing about Zionism comes to me instantly, because I question History, and why does everyone running for office have to serve a specific country that I cant even say, without being called a bigot, you see, censorship is really heavy, you have to go to other platforms and websites to get speech and points accross. That is all I will say for this email, best of luck, I have it hard too ... ;

--Scott A. Barry ... ;

The thing about Telepathy and Martians you said and the Ghosts having Telepathy, There is a Manifesto called Kyle Odom Manifesto PDF if you type Odom Manifesto into Internet Archive Archive*org it will show up, what he did was crazy, yet the Manifesto kind of relates to current events and world affairs, I am like a lot of these other Telepathics I know from School peers who read my mind they even told me, we become Telepathic Ghosts after death, I've communicated with these Telepathic Ghosts, they even told me you become a Telepathic Ghost after you die. So you know The Kyle Odom Manifesto or Odom Manifesto is a controversial Doc, explains a lot of weird world affairs on The Martians, and how our brains are different from them. Look at the Amygdala, Criminals have a different one then Law abiding

Citizens. So Judgement, Morals, Reason are based on it too. And Organized Religion, A tool of the Martains to keep mankind in conflict, The Kyle Odom Manifesto I literally archived it, because I related to it so much and the Organized Gang Stalking.

I just strongly believe we become Psychic Ghosts after death as Ghosts told me.

Also other Telepaths who bullied me in School told me as well. I had an IEP.

I'm Howard's friend...

I'm glad you found my website, what's up, I've been on a Spiritual rollercoaster, randomness going on now, I don't trust anyone much anymore, due to the manipulation games and gang stalking, I still say I hold the same views as Howard and you, more than I do so these cults that tried to screw me over. The way computers are going, no one wants Windows or Mac and would rather go with Linux or BSD, Bill Gates just wants to control the surplus population. The Globalists hapen to be some type of J and you can't say that on YT, I already got Two Strikes from YT, now moving on to Odysee, Bitchute, Ugetube, Peertube, and other platforms, I am invalid0 on those accounts, Gang Stalking is very real, Silent Spread Spectrum, Silent Sound, can all be proven, Obviously it is Freemasons in The Government I figured out that much so far, also a Comment on YT of mine also got flagged, so much so far, I use Archivers Archive*today Archive*org Perma*cc, Archivers have what was once scrubbed off the Internet, I got so much secret information from word of mouth by other spirits and telepathic people, that's where I found this path and got rid of the brainwashing. Psychiatry is not a science and more people are realizing that, they abuse the mentally ill and elderly/kids esp. My new Psychiatrist has a terrible bedside manner, is demeaning behind my back, threatens his patients, it's the same shit it was, I'm leaving any psychiatry, I said no to NAMI and Crapital Recovery Center, I know homeless shelter staff are keeping the homeless homeless. I left organized Religion, It's just another Mind control tool. I grew up in some sort of weird cult setting, Bob Larson is a Fraud, Benny Hinn cannot heal anyone, and Carman is just plain nut, I watched all those stupid VHS Tapes with clear criticism. These Estonians and Russians I grew up around were in some weird

cult, a lot of us ended up on the Eternal IEP in school, I graduated in 2012, after that, I didn't want to go to college or the military or trade school, I now just do a side hustle and get social security money. I still don't have a drivers license, so I still have some problems. I live with my parents, I have to look after them and run my dad's Audiology Technician Business, things are never perfect in my life, I have experienced astral projection a few times in my life and yeah you see another person in front of a white board, writing you down on dry erase markers and you cannot forget about the experience. Telepathy is instant. Cults are controlling this information on Telepathy. Scientology is one of these Cults. So is the Toxic New Age movement. I would never want to live in parts of Hawaii for that reason. Actual Mind Control and Cults do exist. I would never tithe any of these corrupt churches. That's just my philosophy ... ; I have a whole lot to say ... ;

Two Replies :

Yea it's worse than it's ever been. I got odysee And bitchute accounts but I do neglect them.

I saw it happen in real time.

Something is slowly forming though, I'm doing underground music, I should be able to do podcasts at some point. I got another friend, me and him promote projects.this is taking shape into something.

You're definitely the tech guy, we all have these skillsets, it will become useful I can't go too far into why I'm seeing this, it's partly intuition, divination and knowledge of past and current events.

My Reply :

Last thing I wanted to point out, everything is so damn polarized, you got far right and far left SJW weirdos, nothing works right, I literally said Fuck World Affairs just as GG Allin did, you can no longer use the Buzzwords as Smart Commie AI will filter all the content, so that leaves us with maybe jitsi and open source alternatives, I had an Open Source computer called a Lemote Yeelong notebook, the thing was expensive and did very little when it came to video graphics, I just want my x86_x64 to work and be fine with it, It is illegal to deny the Holocaust in 16 Countries, whether it happened or not, some form of speech you can get detained over it, I always find that they can detain you for various random reasons such as expired documents, and it just seems so sad being on this earth, esp if you have Autism or something else off with you, everyone is just a zombie and a slave serving a system of statutes, codes, ordinances, and Uniform Commercial Code as this is just a British Crown Colony and not a free place for us, I have to go by all this etiquette and bs, anyone who takes psychedelics forgets about court etiquette, when you walk in the safeway and forget the ID, you get detained, if you get detained once they have that on a Linux Slave Server somewhere on some computer they can scan your ID and you are a slave to the ID and Birth Certificate, they have you, Cestui Que Vie of 1666 AD is not a joke, it's really slavery, the act of 1871 and are less free than we ever were, rights are fake, the system is fake, and it's all about usury, they never tell us what actually happens to us when we die, if you mention it you get in trouble or detained, just like when you deny the holocaust, the system is a Matrix.

--Scott A. Barry ... ;

Other Reply :

I know man I deal with it every day, I never got to tell you what happened recently, I'm forced to interact people all the time and it pretty much always

leads to bad interactions. We already knew everyone was basically mk ultra robots but there used to be enough people that weren't like that so it was easy to avoid them.

I'm having a hell of time finding a job or anyone who is halfway sentient.

There are people that aren't robots but they're all spread out and usually not in a situation where they can help you.

The court etiquette thing is spot on and rly it's just a huge waste of time for all parties, even this communist control system is just a massive waste of time and resources, it benefits noone and historically it never works, woke leftist politics is dead, anyone clinging onto it is screwed and they don't even know it.

I'm not even supporting right or left.

My Repply :

With other people I play dumb and accept any propaganda they say, I found better people in the Conservative Crowd of course, for money a side hustle online on the internet is always an option, pleading the fifth and saying the word "no" is the best option in most circumstances, sometimes a simple meme

is okay by them, I can make the conservative crowd laugh and I used to, now everyone

is so heated up and mentally angry, probably because of the economy or something else.

Other Reply :

Same here you have to go along with it to an extent but not too much. That's kinda how I figure out who to avoid.

It didn't used to be like this, well,. Pt nearly to the extent it is now.

My Last Reply :

When I was talking to dead people also known as Ghosts, they were Telepathic, also met Telepathic People in Astral Projection, Telepathy is what allows you to see what is propaganda and what is not, the MKULTRA Bots you mentioned lack the Telepathy, They are into Sports, TV, Hollywood, Fast Food, and everything that is corrupt and backwards, The mind control goes away after we pass away and become Ghosts, I talked to ghosts, they are Telepathic, they even told me Religions were just cults to control people and these Ghosts are right here on earth, they might be at your apartment or house or condoe or whatever you live in, they have talked to me many times and the EVP is so clear that you couldn't tell a regular person from a ghost, these telepathic beings change your world view permanently, you never see history the same way you used to, the Victor Version of History and WWII is

all BS and lies, why is it illegal to deny the holocaust in 16 countries, why can't we smoke a joint, why are we coerced in Cestui Que Vie 1666 Slavery. My world view changed after interacting with some Ghosts and Astral Projection, these telepathic beings deprogram you from the Victor Version of History which is all propaganda BS and lies ... ;
As Ken O'keef and Alfred Schaefer Says (The Victors Write the History)
I talked to Ken O'keefe in an email, he has responded via gmail also ... ;
The Expert Programming, then Telepathy removes all of it ... ;
I did not totally know at one point that we become Telepathic Ghosts after death ... ;
That means all the expert mind control goes away in the Afterlife ... ;
Also ghosts and astral beings told me what was propaganda in Earthly Society,
basically they changed my world view so now I know Vicor History and TV is all Lies ... ;

My Other Replies :
I've been leaving society, I just astral projected and left this dimension, we become telepathic ghosts when we die, these Zionist martians run the earth, Globalists have Six Passports because they are related to the Royals, usually non-jews only get to have one or two passports, but get additional passports

based on lineage, they use lineage to control societies transportation privileges, we are only holdin on to property, the globalists aka zionists all go to a private school and get the other version of WWII, The Holocaust, and who Adolf Hitler actually was, Ken O'keef says Hitler was not what they taught you in school, I might step on some toes going in to this subject, Just like David Irving did, I just don't accept the Victor Version of History and realize The globalists get another version of history that is not based on "The Victors" the expert conditioning slave driving mind control when you point it out it really does step on some toes, I am being more and more deprogrammed, moving away from the programming other narcissists and governments put on me, realizing what actually WWII and other History was about, the mind control never effects me anymore, we all go by the same statutes, codes, ordinances, Uniform Commercial Code, and the like, it can be very difficult to even maintain in our society, I literally felt as if I wanted to just give up on society, because of all the brainwashed people in it, especially here on Earth, other planets probably have the same programs, and the same genetic experiments of domesticated humans that serve a kind of Cestui Que Vie 1666 Birth Certificate Bondage where you always have to give the Police your ID and you have to keep a clean credit score and record or else risk losing everything including your property, when the people living on six passports related to the Royals get left alone, there is that Beach Boys song and everything about it says JEW or Kohen or Zionist, they are related to the royals, they have all the money, Jarvis Cocker has his anti establishment song, we've heard it, anyways ... ;

Anyways There is a Kiwi Farms Article and Thread about me on the internet ... ;

I put it on parts of Reddit already, you can do the same in your own words, we all have different vocabulary, so words do matter, aparantly I am new so it takes a while to get things working, you could even start your own Flushyourmeds.somethingelse domain after mine that would be cool, it's hard to find a good domain name registrar, I am sure Zionists do in fact censor The Internet via registrars on The Internet. Nivgorilla says I have a broken brain, that's just the way it is, you get criticism and you move on, I've already posted it on anon pastebins so it's indexed more, you saw that Kiwifarms and Paranormal thread about me. Yeah they did post that, because I'm mental, would write a book that is literally 609 Pages of Horse Shit, I gave an old book of mine to someone, they lit the book on fire, I am getting better and books and learning from my mistakes, The whole publishing thing is a Pyramid Scheme, you'll only make money if you do it the same way as Styxhexenhammer666 or Tarl Warwick, he makes it in the Analytics and gets sales, PewDiePie is already a Millionaire, I'm definitely not those people, I'm just some guy, my 1099 Form only says a tiny amount, I'm under the table with money, There are only Three Major Dividend Stocks that actually pay. The first people to contact me were, Cayce Caban, Brother Sage, Everyday Psych Victims Podcast, Some Random Content Creators on YouTube when YouTube was edgy, It's weird that people would contact me on fucking Urine Therapy LOL, I go into everything FRINGE and have to face the consequences of being banned and censored, I just don't fit in with society, If

you look up Order of Nine Angles, they don't fit in either, I sold an O9A logo on Etsy and they flagged the listing for Extremist Content, so even LOGOS are being banned by PR Sales Special Interest Groups, the system is rigged to collapse, Usury Continues ... ; (Got the Ultimate Insult for it also ... ;)

The Retarded Afterlife #flushyourmeds ... ;

By Scott A. Barry / Scott A Barry / Scott Barry ... ;

Scott Alan Barry is an Atheist Holocaust Denier ... ;

After your Ghost and Human Dies you then become Ten Other Telepathic Beings. We know the Zionist Jewish Crime Network and Martians and Religious Cults are all Censoring This. And We know The Eastern Establishment is an Extension of Cults Taking Over Society. Ghosts are Highly Telepathic Beings that See Every Segment of Space Time and no Human is capable of comprehending what is like after they die and become a Telepathic Ghost Human Brains are Limited as SHIT. What happens when humans die is not Heaven or Hell, but they leave their body as a Highly Telepathic Ghost. As soon as Humans Die They Become Telepathic Ghosts. As soon as Humans Die They Become Psychic Ghosts. Martians and Zionist Jews Control the Press and Internet as the ADL and B'nai B'rith Hate Department and Censor Self Publishers and basically Everything in the press Kohens in B'nai B'rith aka Jews Censor Press.

If you've read George Orwell's Nineteen Eighty Four you would see the analogy, Victors pushing the Holocaust Narrative, rewriting all of our History Books, eventually all of the Public Schools would then become WOKE, Communist and Full of MK-ULTRA Mind Control CIA Stuff.

Let's Start Off by saying I am an Ordinary Heterosexual Straight White Male who is Not Partisan is Anti Communist and totally gets it. The Usury is the problem, the Press is completely controlled and that includes the Internet is controlled by Zionists, Jews, and Martians. All Starseeds have told me is to Ignore Hollywood and Six Jewish Companies which are General Electric, Viacom, Time Warner, NWSA News Corporation, CBS, Walt Disney. Walt Disney was the Last Company to be Hijacked by Jewish Zionists and Martians, that is why Disney is full of Pedophilia and runs an underground snuff film industry in Central Texas called Uncle Sam's Snuff Factory and Mr. Pickles which makes PTHC Child Porn and Murder Snuff Films that are distributed and sold on Analogue Tape. That is what I have for that, look Katy Groves, Dylan Groves, Karly Noel Franz, Freemasons, SRA, Satanic Ritual Abuse, MK-ULTRA of the CIA, COINTELPRO of the FBI, Organized Stalking or Gang Stalking is being run by your Federal Government and Freemasons in The Government and the Government must include Secret Societies as well as you local Sheriff's Departments, so it's basically your Neighborhood Watch, Liberal Nextdoor Avalon that Bullies Neighbors, HOA People for your home, The Homeless Shelter staff if you're homeless, The Group Home Staff if you're in a Group Home, The Mental Hospital Staff if you are locked up, all those people gang up on you so in reality, Gang Stalking is Ran by The Federal Government and Sheriff's Departments well DUH, that's a no brainer, not all of them are Freemason Stalkers though, just have to get used to the stalking and ignore it, say the word "NO" and of course "I plead the fifth" you have to do that to save your ass so you don't get taken away by the men in white coats for drawing stupid schematics, you have to plead the fifth and say the word "NO", the TI community is Infiltrated with Government Stalkers, Crisis Actors, Wannabes, Trolls, Crybabies, SJW Types, Communists who want to censor speech, so the worst thing you can do as a TI is go to these Call Centers and Fake Groups that all set people up and make their lives a living hell, Go From Within, Rely on your own Senses, Even the Sixth Sense with your five senses. Because these people are Narcissistic and do not even want to be recorded, not only that, your family will be involved, more so the Liberals in your family though because they will disagree with you the most, Because Gang Stalking is a Liberal Communist Program that gets everyone who is gullible to turn on you then your family

will want nothing of you and will abandon you, we all know real homelessness is not have paperwork, ID, A Birth CERTIFICATE, A Family or even a car and that is where they want to put you they will run you off the road and kill you easily if you do not wise up and level up to the gangsters. Now for this We live in a system called Uniform Commercial Code consisting of Commercial Law and Contract Law where we have Statutes, Codes, and Ordinances, the Legislative, Executive, Judicial Branches have all been hijacked after USA became a Corporation after the Act of 1871, UCC has nine titles in it, the way to beat a court case, post a bid bond/bond/sf-24. King James Stole Land From America by Signing in the First Charter of Virginia in 1606, 60 years later we had the Cestui Que Vie Act in 1666 AD Sixty Years After America Was Basically Started by Good Old King James who basically started A Global Jewish Based NEW WORLD ORDER of Usury Banking For The Stupid Goyim Masses and it is going to plan with Quantitative Easing exactly to the Protocols of the Learned Elders of Zion and the Holocaust Guilt Six Million Hoax Thing Was Started By the Victor Jews Who Rewrote Our History Books after The Wiemar Republic and the Rise of Adolf Hitler which Your History Books Lied about and in reality, The Jewish Bankers such as the Usurious Quantitative Easing based Rothschild Bank which owns our Federal Reserve Bank and the Federal Reserve was started in 1913 then we had the Emergency Banking Act of 1933. Your birth certificate is your slave document to the Cestui Que Vie Uniform Commercial Code System and you can expect everyone to be brainwashed and under expert conditioning with their cognitive biases, cognitive dissonances, Both Democrats and Republicans are Rigged by the Zionist Jews that stole Palestine as Real Estate Agents then called it Israel and then said that land was Holy according to their Cult Book of Judaism called the Talmud and Christianity Started By Martians is no better and Another Form of Zionism as Martians Started The God Myth and other Cults. Plastic is a Eugenics Material of Earth not Found Elsewhere. The Cult Awareness Network Documents were confiscated by The Church of Scientology. Deforestation for more of Earth to be Destroyed. Dane Spotts is a Fraud who sells overpriced garbage and Joni Douriff Divorced him as that was a cult that later led to Joni's Organized Stalking which was mention on her blog which is on Internet Archive and other Archivers. Ingo Swann and the whole remote (microwaves kill your food) viewing/Telepathy/Psychic/ESP thing has been Breached by The Cult of Scientology, Psychiatry is no more of a New Age Cult then Scientology, both have the same exact kind of mind control and quackery. Any real information on Remote Viewing is basically not Online, it's suppressed and censored, they

use tactics on people for Fair Game or Organized Gang Stalking by Cults And Only Cults, Cults are the ones Watching and Stalking you, Communism is like another cult, it is no more of a cult than Some Religious Cult. Good References I Recommend are Alfred Schaefer, David Duke, Adam Green Know More News, David Skrbina, MKULTRA NOW, Brother Nathanael Foundation, Martinez Perspective, Styxhexenhammer666 or Tarl Warwick, Brian Ruhe, Alan Watt Cuttingthroughthematrix, David Irving, Ernst Zundel, Hellstorm Documentary, Adolf Hitler the Greatest Story Never Told, Ken O'keefe, Mark Collett, William Mount, William Cooper, Anton Long of the O9A because it is edgy, Gabriel Kron, John C. Lilly inventor of the Lilly Wave and other Scalar Waves, Patrick Flannagan of Phi Sciences, Sacred Serpent, Kyle Odom Manifesto PDF, The Protocols of the Learned Elders of Zion, Marina Seren, Ryan Dawson is somewhat Controlled OP, Sol Luckman, Paper Jesus, I think that about sums it up with Jared Taylor of AMREN and maybe Idontknowshit.dll. 3M/Dupont – Global Destruction.

Main Arguments against Organized Religion and The Bible, It is full of Contradictions, No Scientific Evidence, It advocates immoral illegal things, It advocates completely irrational things such as slavery, it is written by Unknown Authors at Unknown Times by Unknown Sources so The Bible it self is just another Form OF Zionist Globalism and Nothing More, Nothing Less, what else to consider is there just is no evidence for God when you point out all the terrible and immoral things happening on planet earth which is this planet and we can lastly say The Bible in particular claims things that contradict the Scientific Method and all matters of logic and reason, so I go by the whole Idea of I don't know and I don't care even

Styxhexenhammer666's APAtheism makes more sense than a Book that is written by Unknown Authors by Unknown Sources at Unknown Times and probably the Martians and Jews used it as a Tool for World Domination. Since I am using a computer as a Holotropic Retard I can tell you this My Operating System is Linux on Solid State Memory as a Live Operating System, the Live Operating System is a Sixty Four Bit Ventoy Install, I run my entire OS on Ram Disk like a Jack ASS, I know it's silly, however when I reboot the thing Everything Gets Cleared and it does the job, no need for maintenance, It's called a Live Linux Operating System and it runs on Ram Disk, the Home Folder is a RAM Disk that clears itself up reboot, again I don't know shit, this is what I do to make ends meet and it just works best for me, you can admit you're an idiot at some point in your life, ask several questions, think holotropically, and even a stupid question is worth asking, you must know every aspect of the proof of concept, again never back up to a

Flash Drive, Use an SSD for Pete's sake a crappy Verbatim SSD is what you need, get five of them and move on with life. So for this publication I was legally banned from Blurb and Lulu for a while so this will be my only Lulu Publication I will publish, I might change my mind and change that if Lulu tries to screw me over a second time, you just have to move on, I will only have one in Blurb and one in Lulu, that is it, that is all I will have. The Earth is intentionally Fucked UP by Usurious Jewish Bankers, Martians, Jewish Controlled Press and Internet, you see even the World Economy is RAN by Zionist Martian Jews PERIOD. You're not gonna get any good information on how to use a Telepathic Tool called Remote Viewing from the Surface Web Internet, All of the Internet is Scrubbed by Zionists, Martians, Jewish Kohen People and the like, More people are aware of this Truman show matrix that the press is completely controlled and you can not get an idea, patent, book, or concept out, because Communism is a Global Phenomena that effects every industry and even the Communist Censorship of the Internet is Global and it does not matter whether you use a VPN or not, they have your ass and more resources than you do, these Trillionaires are call The Rothschild Jewish Nobility Banking Family, They are Globalists, They Commit Usury in the Bank System, you are screwed either way, if you disagree with your government Psychiatry, another political tool will award you with a Psychiatric Mental Illness. Martians Started the God Myth, Martians Stole Palestine, then called it Israel, Martians Started Globalist Zionism and Overall Jewish Suprematism Globally. You can even read Jewish Supremacism by David Duke and Hitler's War by David Irving, those two watch-list books will put you on the red list for sure, anyone who has a copy of the Protocols of the Learned Elders of Zion is to be marked Enemy of the State just as anyone who has a copy of The Kyle Odom Manifesto is to be marked Enemy of the Cults and Martians. You see even Amazon's Kindle started deleting 1984 by George Orwell as Richard Stallman Founder of the GNU / Linux Project after Linus Torvalds has said. The most censored website I came across on the Internet was not hightechharassment.com but Judicial-inc.biz as it exposed the Mossad an Israeli Intelligence Agency A Shell Company and the overall Zionist Jew Crime Network that is Akin to Corrupt Freemasons in The Government and Law Enforcement which do all the Organized Stalking and Gang Stalking on a Global Basis, This is Holotropic Millionaire Mindset Dane Spotts Cult Like thought so of course I'm off as fuck it doesn't matter. My OS again is KDE NEON and Kubuntu on Ventoy as a Linux Live Operating System and it just works for me I'll even

**give you the Magic Mac Addresses F0/FA/BA/44/F4/001122334400
4560138888DNS ... ;**

**Ublock Origin, Privacy Badger, Decentraleyes, Canvas Blocker, HTTPS
Everywhere, R YT Dislikes, FF to Strict, Brave APPIMAGE SAME use Tor
on Brave to Hide Your IP, Use Tails OS with Tor, Use VPNs such as Proton
and use Surfshark the cheapest VPN you can get for cheap ... ;**

See I'm half way retarded, but that's how I am, I gave up PERIOD.

**Judicial-inc.biz was banned by Six Domain Name Registrars for Exposing
The Israeli Jewish Crime Network, The Holocaust Hoax, The Mossad Shell
Company, Israel was Stolen from Palestine, next to hightechharassment.com
and other websites such as Solargeneral.com it has to absolutely be the most
censored Website there was to be on the Internet and now you have to request
a copy off of Peer2Peer or go to Internet Archive or Archive Dot Today or
Perma Dot Cc just to access parts of the website that were scrubbed off of the
Zionist Controlled Internet Press, The Press is Controlled by Zionist Jews and
Freemasons Also so it does not matter, but hey, Six Domain Name Registrars
Shut down the Website Judicial-inc.biz there was another website that moved
to a dot onion on Tor and I2p it was a website hosted on a Home Server that
Name Cheap shut down for no fucking reason, so in reality you never really
had a first amendment or freedom to begin with, this is Cestui Que Vie of
1666. King James Stole America in 1606 with the First Charter of Virginia,
The Act of 1871 Makes America a Corporation and America is and was still a
British Crown Colony and Corporation, you Whites does NOT matter what
race or skin color you are, if you have a birth certificate you are a slave
period, that is what makes you a slave to Cestui Que Vie, in 1666 you had to
have a birth certificate. King James Stole America in 1606. America Never
Ever won the War of Independence with The British, your constitution and
Magna Carta are as valuable as Toilet Paper Roll and that is all, you were
never free and you never had freedom, also George Washington is just
another politician who actually was more known for treason than anything
else, so everything you've been taught, the opposite is true, the Zionist
System, The Martian System is all rigged to explode in a Usurious Bank.
Martians and Zionist Jews Destroyed This Earth Planet. We could end all on
Earth by busting up storage containers of the VX Nerve Agent Stored in
many locations and that would end all life on Earth.**

By Scott A. Barry / Scott A Barry / Scott Barry ... ;
Scott Alan Barry is an Atheist Holocaust Denier Duncie ... ;
Let's preface this by saying, I am Anti Communist, Anti Zionist,
Not Partisan and we all know that Masks Do Not Work, Vaccines
Do Not Work, Big Pharma and Psychiatry Do Not Work, 5G is
a Waste of Money, Diversity and Multiculturalism Does Not
Work, White Lives Matter, European Lives Matter, I am NOT
Partisan in any way shape or form, The Game is Rigged Period.
Who Controls the Press? According to The Protocols of The
Learned Elders of Zion, Radical Zionist Ashkenazi Jews Run/Control
The Entire Press, The Internet, Archivers including Archivetodayorg
and Permacc, Jews Control all Print On Demand Publish with Books.
Denying the Holocaust is Illegal in 16 Different Countries, if you
ask me why, I would say that is the Most Irrational Law next to
Gun Bans, Drug Prohibition, and other Hate Speech Laws when we
already ended racism and segregation and there is nothing to worry
about so in my opinion Holocaust Denial does not seem anti Semetic
and Denying the Holocaust being against the law has to be one of
the most Irrational Laws expected that it goes against the very
basis of the First Amendment of the United States Constitution which
you can order a copy of for Five Dollars at the US National Archives.
Holocaust Denial Laws go against the very first amendment and sure
there are people with bad optics that make white people look bad.
Now for the other taboos, Everyone is Brainwashed, Has cognitive
dissonance, Has mental issues and mental illness, Democrats and
Republicans are both controlled and solve absolutely nothing in
our society. We America sold out as a Corporation after 1666 AD
and the Act of 1871 when US became a Corporation, also The Emergency
Banking Act of 1933, The Federal Reserve Act of 1913 and who was the
worst President that led to crappy Joe Biden, that would be FDR, of
course the Two Worst Presidents so far are FDR and Biden well duh.
The United States has always been and still is a British Crown
Colony Corporation, we were never free, we made up rights, they
are invisible and do not exist, I gave up on TV Radio and Humanity
years ago. The Real Globalists are the Rothschilds who identify as**

Ashkenazi Jews just by Coincidence it is Trillionaire Bankers that exist as Ashkenazi Jewish Nobility which you can look up online real easily and in the future that will be on Archivetoday webarchive org and Permacc those three archivers have what it takes to get around the censorship on the internet, next to that is Tails OS or TOR and then I2P, Freenet, Impredia OS, other Dark Web and Peer2Peer Tools for online use. We America never won the war of Independence with the British, Adolf Hitler was the Anti Establishment to the Jewish Bankers who Got Germany out of Poverty and a Banking Debt, Saved Western Europe from Communism, did not start WWII and everything the Victors are telling you by now is Historical Inaccuracy and outright lies taught through expert conditioning about a so-called Holocaust of Six Million Less Jews that did not happen and if you even question it at all in any way shape of form in Sixteen Different Countries you can be Arrested for a minor speech offense that has no basis and goes against the first amendment of the United States Constitution which you can buy for five dollars at the US National Archives online for Five Dollars, use Debit and get going with it. There are so many lies, The Medical Establishment has Vaccines that are not Based in science and there is no medical need for the Covid Vaccine or the Mask so all we did was waste our fucking time, Psychiatric Drugs are not based on medical science either and you pest gang stalkers in the Sheriff's Department who stalk and harass me all because I'm on the Patriot Act Red list you government Freemasons always harass me and never give me a break to sleep, I will ignore you also, you freemasons are a pest, The OTO and O9A are not partisan or Queer or Jewish so I don't have a problem with those

the other Satanic Temple is Libtard though so I definately have a problem with that one.

The Freemasons are also part of the Gay Jew agenda as well so I have a problem with

them also, Again I am Anti Communist and not partisan, I never said I was partisan and

you freemasons always twist the narrative and make shit up, Democrats and Republicans

are wannabe Communists and Zionist that solve absolutely nothing in world affairs,

you politicians are the same thing as the left right paradigm as well. Now for religion

as a non partisan Holocaust Denier, I prefer Odin, Thor, Freyja, Pan, and European

Heritage, because I am white, Chistianity and Judaism are another form of Cult Zionism

and we all know that, I do not need any god, and I am not partisan Left or Right I am

Simple Non Partisan as the Game is Fucking Rigged and Israel is a Cursed Satanic Land

just as Palestine Ohio also are Cursed Satanic Pieces of land, I do not need a Partisan,

I am not Partisan, I need a Political Party since the Game is Rigged, I gave up on TV

and Radio I understand that Capitalism Works and Communism does not and so does everyone

else including that fucking six year old child it's just called common-sense, and

believe it or not Communism is Jewish so the Rothschild's which are Jews are the

Problem, The real globalists are the Rothschilds aka Jewish Nobility which are

trillionaires and bankers, world affairs is fucked and we all get it. Martians and

the Rothschilds, Ashkenazi Jewish Bankers, The Talmud, are the real problem.

Freemasonry and Jewish Nobility runs the show, Trillionaire Rothschilds which are

Ashkenazi Jews Run The Show as Usurous Quantitative Easing Liquidation Inflation

Type Bankers which keep society Technologically in the past, you know that YouTube

and FaceBook will terminate your account if you mention Zionism Mossad Jewish Talmud

Deny the Holocaust Mention anything about Chabad Lubavitch with 5G and Vaccines and

magically your YouTube will get Three Strike and your Facebook will be Terminated.

What actually Happens when we die another taboo, when humans actually die they will

become a Telepathic Ghost that seese every segment of space time via telepathy and after

you die as a ghost you become 10 other electromagnetic beings that are conscious and

experiential, ghosts are just former human that is a highly telepathic experiential

being that sees every segment of space time via telepathy and telepathy is nothing

new or special, Zionist Extremists Jews simply censor the Internet and press controlling

all the the information flow and people never woke up to that fact. So as soon as humans

die they just become Telepathic Ghosts that see every segment of Space time via Telepathy.

New Agers, Estern Establishment, Religious Cults, Communists, Zionists, Liberals, Marxists,

AntiFA, BLM, LGBTQ, Equality Yellow Blow all have one thing in common and I could even

say Scientologists to an extent, however I am Anti Psychiatry and believe in Flush Your

Meds or Take Them to the Med Disposal at Safeway of course that is what I believe in.

Firstly Communism and Marxism are Zionist and Jewish, because Karl Marx had Jewish Parents,

The Mossad did the September 11 Attacks, we all know the system is fucked and does not work,

so what Diversity, Open Borders, Multiculturalism are about is Increased Crime, Marxism, Communism, and an Unfair Usurious Economy Banking System, in otherwords White European Genocide right here in the United States and were to blame for everything including things that were already abolished after we added another amendment to the constitution so Radical Zionists Jews who opened the Borders and Increased Crime to begin with are the elephant in the room that if you dare question at all just like the holocaust, you will be kicked out of society and labeled enemy of the state and an Anti Semite, all because you question the official Six Million Narrative of the Holocaust, not only is this irrational, but it is illegal in More than Sixteen Countries to even Question the Holocaust, the Most Irrational Law that David Irving, Ernst Zundel, David Duke, Ken O'keefe, Alfred Schaefer, have already violated and had to pay a heavy price for one of the most irrational Anti First Amendment Laws in World History, Started after WWII and perpetuated on by the Victors who write our history books and probably censored books and rewrote the old History about the Wiemar Republic and the real History or The Jewish Origins of Communism to begin with, it is a shit show, they the Vicotors and Radical Zionists who opened American Borders are Literally Rewriting History and our History Books just as the Libtards are rewriting history also, so you see I am Anti Communist, Not Partisan, A Capitalist and I do not like the fact that we are censoring the first amendment and re-writing our history books all in the name of some new age BS Liberation. Psyops are Fake News and one example why I gave up on TV was during the Donald Rumsfeld

Administration there was a fake staged toppling of Saddam Hussein that was staged and did not happen in reference to the documentaries "Psywar the Real Battlefield is in your mind" and "From PSYOP to Mind War" as well as Douglas Valentine's Books "The CIA as Organized Crime" "Monarch The New Phoenix Program" as well as the Documentary which mentions Gang Stalking which is run by Freemasons in Government and Sheriff's Departments where the wings have been Hijacked by Radical Communist Zionist Ashkenazi Jews such as The Rothschild Banking Family which is mention as Jewish Nobility in the Wikipedia Free Encyclopedia, now From Reading The Kyle Odom Manifesto, Protocols of the Learned Elders of Zion, and Jewish Supremacism by David Duke we know that Organized Religion all stems from the Talmud is another Kohen and Ashkenazi Jew Cult, So the Pure Jews are in B'nai B'rith it's called oral suction, the are called what Kohen Jews and mixed jews aka Trillionaire Bankers are known as the Rothschilds which are part of Jewish Nobility are Ashkenazi Jews so mixed jews still go by the teachings of the Talmud and the Torah, The Real Books of the New World Order Usury Banking System are the Talmud, Torah, and Protocols of The Learned Elders of The Zion as these books clearly outline, Usury, Freemasonry, Quantitative Easing, Liquidation, Inflation and same economy we saw in Germany During the Weimar Republic before Adolf Hitler Changed the Money Supply ended the Communism and Got Germany out of a Banking Debt and Poverty and as we know Ignorance is really actually bliss and you have to be in rarified company to actually get it. As we sit here understanding that we Income Expenses Assets Liabilities Uniform Commerical Code Cestui Que Vie

Accounts Statutes Codes Ordinances and UCC as Commercial Law and Contract law consisting of nine titles and the whole concept as we all know to plead the fifth and request post an SF-24 Bid Bond as we go to resources such as Stopthepirates*blogspot*com and Stopnoahidelaw as another resource and I go by the bad philosophy of www.satanicmission.org and we know those are archived to as well as o9a and oto to Webarchiveorg Archivetoday and Permacc and will remain archived as We Flush Our Meds and Quit Psychiatry as I am force into it by my family since I have no choice and my family makes all of my life decisions to begin with as well.

Now for Computers, Multiple Backups to Verbatim/Samsung SSD's Modern Extended FS and all Modern File System do not ever need Defrag, I use Fat32/NTFS/Ext4 and Linux on all of my File Systems, I experimented with BSDs UFS and ZFS and Brick/Corrupted it every time and During File and Sound Adjustments I always got the Beep of Death on FreeBSD that's why I go with Linux as a Live OS using a tool called Ventoy, then you spoof your Mac Address, then set FF to Strict, then you close all the ports and change root/user password and nmap should show ports all closed on Public and localhost IP, Then 7zip and Zip AES Files can be cracked if you have a weak password and Veracrypt is my encryption choice as SystemD always Corrupts the LUKS File system, Then I install GOOGLE DNS 8888, Ublock Origin, Privacy Badger, Decentraleyes, HTTPS Everywhere, Canvas Blocker, and do the same for Brave AppImage and Done.

A live OS of Linux will always be better than an Installed OS that gets bricked by a root-kit or ransomware or some other thing, so use common sense and don't open attachments or

links in emails grabifylink ggg tinyurl shorturlat all common exploits and that Kali Script
Kiddie was simply threatening to hack and I moved registrars, because of him also, so problem solved there, Now I am cheap, I never play computer games, I never watch TV or Radio, My WiFi works with Debian Kubuntu BrosTrend Dual Band, My Hub is Four Port Anker, My Keyboard and Mouse is Verbatim My Monitor is Cheap AOC, My Tower is Lenovo Thinkcentre M91P with Four Samung USB Drive in it to work it, I got an Olight attached, XKX USB Speaker, BIOS Settings CPU is Low Power Mode, Things are OFF for simple Video Playback, because that is all I ever do, For Laptops Lenovo Thinkpad T420/T560/T560/T440/T400 all of those work fine for me and as an offline 32bit T60T61, Netbooks we have Dell Inspiron 11 MSI Wind, Acer Aspire One, Ausus EEE PC 1005 HAB and 900A, Then I just run Linux, because it's free and I only need Windows For Taxes and Interactive PDF Files and Quicken ... ;
Flushyourmeds*com Anti Psychiatry Anti Zionism Archive*today*org Perma*cc ;
I limit my HDD use I used to own WD My Passports 1 TB as I only use it as a Dump Drive and USE SSD Drives such as Verbatim/SAMSUNG as those are the Good ones and Fat32/Ext4 is good enough I can plug it into a Smart TV and Watch Videos on it since Vizio is a Dumb Embedded Device such as my Scanner that Print JPEGs off of Fat32 it just works great.
I mostly use dumb embedded devices as they are more secure, I do not accept flash drives that contain explosives I only use paper containing possible Fentanyl which I'm not worried about since most papers seem fine and I usually never get a paper with Fentanyl ... ;

I use a sling pack as a back pack it is Hazard 4, for flashlight I use Olight and crappy streamlight microstream, I hate Magnet Connectors, so I'll get a MicroUSB or USBC BAT ;
RFID Blockers, Cell Phone Faraday Bag, De-Google The Phone, Remove Andriod for another OS,
Netguard has all apps blocked, Low Power Mode with everything off, Software Uninstalled,
Alphanumeric Password, Never use a PIN, Never Link a Gmail to Phone whell duh of course.
If your Email linked to phone I can steal login with link and wipe format your phone, so
what I would do is De-Google Phone and Keep it De-Googleed with an Alphanumeric PW, you can
get phones such as the Rob Braxman Phone or Sat Phone that do not have IMEI Numbers well
duh, then put it in a faraday bag, De-Google It, NetGuard Block All, Alphanumeric Password,
and never link an email or Internet to a Phone, I only use if for Docor and SMS/2FA and
that is it, again I'm only human and only sheep use their damn phone all the time ... ;
For Radio Digital Shortwave Radio Full Range for two way is better than single channel,
The Superloop Antenna Variable Air Capacitor, Old School Shit, Slinky Antenna, Four Corner,
another long wire ones mentioned in a 1950's Military Hand Book, I talked to Boomers about
Edison Cement Houses and Carbon Lamps and Gary Indiana where Michael Jackson Grew up and
several other things, PMB, SDS, Bing Crosby, and how we are fucked as a Generation, I would
even say we Ten Times more Depressing than the Movie Idiocracy so it's a more dystopic and
derrange kind of rage like Truman Show Dystopia, anyways, I'm gonna write some drivel and
continue on. Now the thing is, The Motionless Electromagnetic Generation is kind of

**transformer, just like the two motors in front of Motor Generator that Puts out
Several Times
the AC output with little to no loss in smart current and Usury keeps us in the
dark ages,
we were talking about MKULTRA-CIA Satanic Ritual Abuse and Random
Freemason Stuff in the
Funny Farm as I was screwing around drawing bomb schematics in the
Funny Farm Also ... ;
A Pink Aura, A Black Soul, what it means, A Starseed, Not Accepted by
Communist Zionism ... ;
The MO-EM-GEN is a Transformer, Many Coils for Random Outputs, a
North and South Magnet Bar
Touching the Inner Parts of the Square or Rectangle Ferite Core With
Several Times the output
as it breaks the laws of thermal-dynamics and is considered Pseudoscience
and "none-or" just
as Gabriel Krons Negative Resistor was such, even shit like Conductive
Carbon Rubber and other
House Minerals and other things you see with USURY in a society and you
add Statutes Codes
Ordinances Cestui Que Vie of 1666, The Act of 1871 USA a Corporation and
Uniform Commercial
Code and Modern Usurious Banking there will never be any medical cures
such we know that
citrus and ozone are anti cancer or Alternative Energy, since the Usury
Banking System is
Completely rigged to Control the Press, Control the Patents, Control the
Internet, Control
All Print On Demand Pyramid Scheme Services such as Lulu KDP and Blurb
and you'll never
even make a dime even fucking trying at best you'll get thirty dollars on a
1099 Statement.
So you can pity all these people with big egos that are brainwashed by the
Television and
The Radio, and move on with your life, accept your shitty life and just move
on with it ... ;
Now for Headphones I use Koss KTX Pro-1 Screening Craps and Sennheiser
Latest Ones Possible**

then I'll move to another German Company, Because I Do Not Know Shit in anything, also
the HD-1 and Momentums, Mind X the 90 Dollar CD from Dane Spots the Con Artist Scientist
Shill It's audio LSD and it sounds fine, again Dane Spots Cult Products are Over Priced ex is
Ninety Dollars a fricken CD, New Age BS Scientology of course, Joni Douriff Had to divorce
Dane Spots since that is a New Age Eastern EST Cult Scientology Crap and you're pissing away
money buying the CD's when Solfeggio Frequencies and Hemi Sync and Isochonic Tones and
Monaural Beats are all free on JewTube, Odysee, Bitchute and other Streaming Site just
type in a Sun Moon Earth Star Planet or Solfeggio Frequency and it will show up online ... ;
MotivationalDoc On JewTube has a Video on Treating Tinnitus and we know for V2K Voice
to Skull Sufferers we can do Brainwave Entrainment or Monaural Beats 126128, The
Frequency of the Moon, Solfeggio Music, OnlineToneGeneratorCom Audacity, Adobe
Auditions and if you are Tone Deaf there is 7.831 Square or the Schumann Earth
Resonance it's just Brainwave Entrainment there is Strobes 7.831 Earth and even
Pulsed Magnetic Field Therapy Bob Beck and he even Ozonate Water for Treatment ... ;
What water should we be drinking? We know of the Old Wives Tale that Distilled H2O
Leeches Minerals out the Body, What actually Leeches Minerals is Microwaved H2O we
know this and in Reality Distilled Water is Literally the only water we should be
drinking, now we have this crappy thin cardboard material collecting mold in all of
these modern houses, Dangerous Wiring Scenarios where Eugenics Smart Meters for the

smart grid are Connected to Two Metal Junkers With exposed wiring
instead of being
Insulated and having fuses, so it is a truman shit show of depopulation and we
all know
it, all of this wireless tech is about population control and it opens you up to
hacking
and we all know this, you can blame, Communists, Zionists, Neighborhood
Watch, the hijacked
wings in the sheriff's department, The Freemasons in Government who make
Child Pornography and
traffic drugs to illegal aliens and street gangs perpetuating the drug problem
and of course
the first people mix in Multiculturalism and Diversity and Open Borders
were radical zionist
marxist lenninit stalist Communist Jews as Karl Marx was a Jew with
Jewish Parents ... ;
We know white people are being Genocided and replaced and this is nothing
new ... ;
Nextoor Avolon is a Corrupt Company that works with Communist Liberals
and parts of
Neighborhood Watch and we know the Actual Sheriff's Departments that
moved to Freemasonry
have been hijacked, the wings have been hijacked, by cults such as
Scientology and Radical,
Communists, Zionist, Leftist Jews, this is a fact and we should acknowledge
that, we know
that US citizens are being stalked and harassed by Neighborhood Watch, The
Sheriff's Departments,
The Freemasons, The Zionist Jews, The Federal Government, and the System

Government, I've
heard of Hyperianism and other Eastern EST New Age BS and all their CD's
90-500 Dollars and it
is all a Pyramid Scheme built in an Amway Business Model, they literally give
autistic kids

such as Shortwave ... ;
The Alternative to the Internet Before the Internet were Print On Demand

That is why you'll never find the truth in todays age even with modern High
Speed Internet,
you still have to go from within your sixth sense and five senses is all you have
and that
is where truth comes from, from word of mouth and from within, not the
censored Zionist Jew**

**Controlled Internet, there is more stuff on The Mossad when you use I2P,

that seems like a good option since it is easier for N00bs to use Jitsi WEBLIBERACHAT KIWIIRC DALNET

IPTABLES for Linux is for you, you can block all the IPs and Ping Stuff real easily with it ... ;**

This is going to piss people off, but in order to have True Sentience you must have Holotropic Thinking and be Made of Cells. AI does NOT HAVE

Holotropic Thought, only Humans have that and would call a File ("Veracrypt.img"). Humans, Ghosts, Martians, Homo Sapiens, Neanderthals, Homo-Capensis, are the only true Holotropic Thinkers that are Sentient Beings, just because we live in Sub-net-Masking does not mean anything. Ghosts and Martians are Telepathic. That is all.

What is Linux?

Linux is a free computer operating system that works on almost any computer.

Linux runs 90% of all super computers – because it is very fast.

Linux runs 80% of the world's stock markets – because it is very safe.

Linux runs 70% of all smart phones - because it is easy to learn.

Linux runs 60% of the world's Internet servers - because it is very dependable.

Linux runs 50% of all tablets - because it is the most versatile operating system.

Linux is so versatile that it can run almost any Microsoft Windows program – including MS Office.

Most important, Linux does not allow the NSA – or anyone else - to gain access to the data on your computer. In short, Linux is the foundation for our global economy and the largest shared technology in history. Linux is also a free open source alternative to Windows 10!

Why Learn Linux and LibreOffice?

The reason to learn Linux and Libre Office is not merely to create better documents for books and websites. It is to learn about the advantages of using

free open source community centered tools instead of monopolistic greed based tools. The reason Linux and LibreOffice are both free – and work so well - is because both Linux LibreOffice are developed by a “community.” The goal isn't to create a profit or monopolize a market. The goal is to create a better world, to create a better way to share knowledge.

This is a little rant from So-Called Fake TI Gang Stalker
("Cory Resilient") on how I am totally wrong and Christianity**

is the only one true religion of all other religions even the other religions that believe we become Telepathic Ghosts when we Humans die, All Religions Contradict Each Other ... ;

How could one religion be true when all Contradict and they are all written at unknown times by unknown authors with little to no Scientific Evidence to back up any of the religious scriptures, and no I am not Partisan any way shape or form and also reject the Woke Communist Zionist Culture too ... ;

We both agree the Multiculturalism and Diversity do not work and are another form of communism and that is just another piece of the picture, what I am saying is Christianity is just another form of Jewish Zionism and Karl Marx was a JEW.

Here is Cory Resilient and his Baseless Argument:

Have you read the holy Bible Front to back? Not the Roman Catholic Bible, not the Jehaviah Bible. Not the Mormons. and yes there is a difference even though they call themselves Christian they are not. Did you read the Bible Front to back like I did In a jail cell for 23 hours a day for months on low-down with nothing else but a Bible? No? I did. But before that I expiranced God before I ever saw a Bible or heard the name Jesus or ever stepped foot in a church. So that can't ever be taken away from me, no matter what lie the enemy Satan creates,

God later he led me to his word, to his son. And what Jesus did, Your getting confused with the other false altered doctrines. The Roman catholic church. Jehaviahs witness. Mormons etc all false doctrine false cult religions, there Bible is something they just took parts of the true holy Bible and put it in theres calling it..."The Bible". Tricking the world into thinking there Christian of Christian origin but there not. At all.

There is 1 true Bible, the holy Bible which hasn't been altered but translated from the original Hebrew text which in the process of translation (if any of you were educated on this) translating doesn't take away from meaning, and the purpose of a translation it to translate language without altering its original meaning,

All the others have altered bibles, and those religions are the ones putting there bibles every where for people to be deceived,

That doesn't mean that 1 out of 10 bibles is true. Because one is true. The holy Bible.

Also, a Christian is nothing other then a follower of Jesus and his teachings. Man looked at Jesus and his following and called it a "religion" but infact, true Christianity is the only "religion" that's not a religion because the one who created it was against religion, the Bible teaches us against it and Jesus

called out religious leaders all the time. What happened was. The Roman catholic church (Constantine) unlawfully & wrongfully embedded there pagan religion into Christianity with no authority to do so, then started calling themselves Christians, but they did not follow Jesus or his teachings they actually did the opposite, and they created there own Bible, taking only parts of the true holy Bible and added it to there own, to create there own religion and agenda, then they announced to the world that they are Christian and that Christianity orginated from the Roman catholic church. Which is false! and a flat out lie! and that's easily examined & proven historically. As Judism was first, then Christ = Christianity.. then the Roman catholic church, and then Jehavoahs witness in the 1800s was created etc etc. they all claim to be Christian and of Christian origin even lying saying Christianity originated from the Roman catholic church which is impossible considering Christianity was like a thousand years before the Roman catholic church even existed lol so now the world has been turned away from the true holy Bible and the true unaltered word of God thinking its evil (So Satan Wins) - used to control us and is false, contradiction, so I decided to read the entire book or books Front to back to see if I could prove those things true and I could not. And this is coming from a guy that was a criminal in a jail cell when I picked it up. Never went to jail again never sold drugs again never robbed anyone again turned from my wicked evil ways changed my life and everyone else from my life died, accept me, even my dad, when I was in jail I missed the funeral. So ya your wrong. But I can see how you got tricked. The devils job is to turn people away from the truth. Jesus and Gods word. So he's infiltrated all the churches, created these false religions (cults) calling themselves Christian on purpose to mock God fool the world and get the world to hate God, Jesus the word of God and view it as a religion, used by the corrupt system to oppress us. Because if the devil can turn you from God or the word of God or his son then Satan wins your soul, And all those things are true about the cults only, Which only applies to those false Christian cults and there false bibles. I think God stops evil from fully changing his word, he's protected it. The 1 thing the devil can't touch. He can only create religions and take parts from the true Bible and add it to their falsely created Bible to their false religion even tho they claim to be Christian .. So they can take parts of the bible mix it with their false doctrine and deceive the masses with these false bibles and religions and then the world sees this and thinks. See! it's the Bible! it's fked!. It's Jesus he's fked!

But this is just another trick from the devil to turn you away from Jesus and the word of God by being tricked by a false Bible and religion that claims to be of Christ but is not Jesus warned us of this already in the Bible. The real Bible. Don't be fooled.

Barry / Scott A Barry / Scott Barry ... ; Scott Alan Barry is an Atheist Holocaust Denier Duncie ... ; I was told by many people claiming to be telepathic that when humans die they become Telepathic Ghosts and remain the same age of years after they die, I always noticed a pattern of people

intentionally committing suicide at 35 or 40 or so to set their age to 25,25,40 or so, so many of these Astral Beings and Telepathic Ghosts were a Certain age after death. When I experimented with astral projection I saw a woman who was 30 and possibly that woman died as a human at 30 and became a 30 year old astral being. Some people don't want to live to a certain age and that seems understandable, these astral beings or ghosts were people who died at a certain younger age roughly 40 something to preserve their youths if you know what I mean, this is a taboo fringe subject that most religions will come againsts, I know this sounds like drivel, I just hate the idea that there would even be a law restricting suicide, an irrational law, simply because people want to preserve their age to 40 or 50 and not to mention the amount of suffering of being older and having health problems in a free government you should be allowed to put whatever substance or drug in your body, even if it kills you, I am so fed up with my gang stalker family, during astral projections it was so much better, the astral beings looked exactly like other people and they were also Highly Telephic, during one OOB I saw a room with a whiteboard and she the being looking like a person was drawing me as a stick figure on the white board, I was awake, but in another dimension, and we know from other ghosts that you just become a telepathic ghost after you die, God is not real, the World Sucks, Martians started Organized Religion, the God Myth, Martians Destroyed Earth as Kyle Odom Claims, and not to mention, humans are just a genetic experiment, created by martians so they can feel empathy, when martians feel no empathy, hence the different amygdala, the bible and talmud were inspired by Martians not God, seeing through the rest of the lies, Zionist Jews Opened American and European Borders, Control the Press, Control both Political Parties, Censor Everything on the Internet, Shut down your domain name registrar if you mention Jews, Zionists, The Mossad, or Israel on your Website, scrub

everything off of Internet Search Engines, Implemented Psychiatry and Zionists Jews were the first to implement lobotomies on Holocaust Deniers, David Irving and Ernst Zundel already debunked the Holocaust in 10 Minutes and then 2 Minutes and you can look that up on Bitchute, Altensored, Odysee, Archive and other alt tech to see for yourself, The Holocaust has been debunked left and right, these Biased Remote Viewer Psychic Telepaths will tell you The Holocaust Happened when other evidence shows the Holocaust Six Million Lie has clearly been debunked, now when you reject the official victor version of WWII and History you are on a Patriot Act WL Enemy of the State. Also Adolf Hitler Saved Western Europe from Communism and Got Germany out of a banking debt and when we point that out we are label as Anti Semites pointing out a Historical Fact that Adolf Hitler Fixed the German Economy and Got Germany Out of a Banking Usury Debt. We cannot say these things in polite company, of course not, America never won the Revolutionary War with the British, it was always a British Crown Colony Corporation, you have always been a slave to Cestui Que Vie of 1666 AD and The Act of 1871 Makes USA a Corporation. So you were never free and The Seventh Million shows us Jewish Nobility aka English Rothschild Family runs The Entire world Economy and we are talking Trillionaires as Jewish People, that shows us clear Jewish Supremacy, Jews have their own Jew Only Private Schools and Country Clubs, Jews have their own Circumcision Method involving Oral Suction during thier Bris Ceremonies, Jewish people in Jewish Nobility aka the Rothschild's have more than Six Travel Passports and non Jews are only

allowed to have Two Travel Passports, Diversity, Porn, Rap, Open Borders,
and Multiculturalism
comes straight from Zionist Jews, Not only does Psychiatry Come From Jews,
we did all but most of
the Lobotomies in Our Society on Political Dissidents to Communism and
Lobotomies on Holocaust
Deniers, so David Irving, Ernst Zundel, David Duke, Alfred Schaefer would
be on the list to be
Lobotomized for simply questioning the official narrative of the Holocaust
which there are Holocaust
Denial Laws in exactly 16 Countries Globally and you are lucky to live in the
USA where you can post
or say any stupid ignorant thing without risking being arrested or killed since
the first AM is the
the only thing we often apply in USA giving us the Privilege to Deny The
Holocaust.
The System is Broken, Organized Stalking And Gang Stalking are ran by
Freemasons in Sheriff's Departments.
Nothing Works here, Religions Lie, Humans just become Telepathic Ghosts
after Death, The Holocaust Never
Happened, Hitler Saved Western EU from Communism and Got Germany
out of a Banking Debt, Zionists control
both the Democrat and Conservative Parties, The System is rigged, World
Affairs are fucked we are broken.
Martians and Zionist Extremist Jews are to blame for every world problem
and yeah, Christianity is just another
from of Jewish Zionism, and Zionists love it when stupid GOYS display bad
optics to create the false Hegelian
Dialectic of Tribalistic Battle of Senseless Nonsense as we know it as Pure
Retarded Tribalism that is the
method clearly underlined and written in the Protocols of the Learned Elders
of the Zion to create a Feudalistic
Tribal, Child-Like, Hegelian Dialectic Mentality of Pure Stupidity and
ignorance aka Bad Optics to make a false
Victimhood mentality seem plausible and real when its these Jewish
Organizers playing Nazis to create a false
victimhood narrative to lure in people of bad optics to play the nazi when
there really is no white supremacy

to begin with and all it is is man made Feudalism, Tribalism, Hegalian Dialectic to lure in and Honey-pot other people of bad optics to simply look stupid when all of these so-called Nazi Groups were actually bad optic groups to make the Goy look stupid and ignorant and give the Zionists or Jewish Supremacists exactly what they want and fuel a fake victimhood narrative of some kind of hate when in reality there really is no actual white supremacism to begin with in the first place and it is all a pigment of peoples imagination or a plain PSYOP on whites ... ;

The next part is the big part, why is no one realizing we become Telepathic Ghosts who remain the same age after we die and that you can visit these people in OOB when you do astral projection or that these Ghosts are usually people who had died at a certain specific age to preserve their youthfulness and good appearance as a Telepathic being for the Life we live after death that all fake religions inspired by Martians fail to tell use what actually happens when we die and that we simply die wherever we are located and our ghost remains the same age and is around specifically where we have died on the planet Earth, this simple thing is not appropriate to even talk about and it wouldn't surprise me that Freemasons who Traffick Steroids and Meth in our Sheriff's Department are behind this big conspiracy to Control The Press aka our Military Controls the Press and Internet and scrubs off any alternative ideas that do not fit the status quo, labels us with a bogus mental illness that not based on science and is only mere opions as all psychiatry ever is is mere opions aka politics and no science whatsoever, it is a Scam, it is a Fraud, it is a pseudoscience, it is medical neglect, it is Medical Fraud, it is Medical Quackery, it is medical Kidnapping since in regular incarceration you see a judge, but in psychiatry you see a shrink and you go in for many years in a mental institution simply because a shrink had a certain opinion on you simply because you forgot to use the fifth amendment like you should have since it is none of their business. This system is completely broken, you have a microwave oven in your house that de-nutritionizes the food and makes it less of a probiotic so

if I say microwaved Keifer in there it would loose all of it's probiotic value or I Microwaved some probiotics for one second it would kill all to probiotics, you can testr this with yogurt if you want to try that out, something as simple as lemon juice, lime juice, apple cider vinegar, baking soda, negative hydrogen, activated Carbon, distilled Water, Sea Salt, Pink Himmalayan Salt, Ozone, any of those, getting rid of GMOs and Gluten and Fried Foods, something as simple as that and you see where I am going with this drivel as you know. But yeah, plead the fifth, it's none of their damn business, other societies ate mostly probiotics, we die the fastest, Period. The reason why we die so fast is Microwave Ovens, GMOS, Soy, and Never getting any Damn Probiotics so then we die early ... ; This shit is just old, you plead the fifth, post request an SF-24 Bid Bond, Stop using Blue Light, get a BL Filter, I use Linux even though it still technically can be hacked it is more Open Source than Windows and Mac and the BSD Licensing Clause is kind of confusing I understant the GNU/GPL Licensing Clause to be truely FOSS and Open Source since Richard Stallman and Linus Torvalds are the God Fathers of the Internet since most of the Internet is SSD Drives Running Some kind of Linux Server so keep wasting my time with your BS, also Richard Stallman has Stallman*org, GNU*org, FSF*org so there those are actual Websites Stallman Started GNU and just knows his stuff with what is actually Open Source and Free, I don't want to waste my time with A Script Kiddie that Threatens to Hack People ... ; The Internet is Running 95% of both Linux and BSD so that is the main statistic of the Internet for you to see ... ; Martians destroyed this planet, as Kyle Odom Claims, they started Organized Religion and a Cult Called The Bible as it was inspired by Martians and Not God, also all the worlds problems are simply caused by Martians as we are only a play thing as humans are only a man made genetic experiment that has a different amygdala that feels empathy when the Martains do not work that way as we all know it to be, now with Serial Killers, Rapists, Pedophils, people who produce PTHC and Child Porn and share it over Peer2Peer Networks those people have the same exact Freaky Amygdala as The Martians Do, The Martians just get away with all of that and use the humans or play things as Sex Slaves underground and inside of the moon and it is nothing new, just like S4 and Area 51 are Declassified after President Obama.

So things are the shit they are, I am brain damaged from Psychiatric Meds, Never had a Job, Graduated Bottom of the Class in 2012, somehow managed to walk and do my graduation, despite my terrible grades so it was kind of an ify thing and my parents already have disowned me for being an Atheist and a Holocaust Denier, now it is believe Jesus Ressurrected or GO TO Hell as you know Christianity is another tool of the Zionist Jews just as Judaism and The Talmud are the Tools of Domination by Jewish Nobility such the Rothschild's our Slave Owners ... ; So These Jewish Nobility and Kohens have Private Schools, Big Mansions, Technology Ahead of Ours, Jew-only Country Clubs, More than six Travel Passports when non jews are only allowed to have Two Travel Passports those are the main differences, we could talk about pedo locations, Commonly Freemasonic Lodges based on Governments and Sheriff's Departments, Columbus OHIO has a Pedo Location, Central Texas has Uncle Sams Snuff Factory, Mr Pickles Circus as Snuff Film Places for PTHC and Child Porn, Underground Katy Groves e.g. Dylan Groves talks a lot about it ... ; Karly Noel Franz talks about Freemasons Freemasonic SRA Satanic Ritual Abuse Whistleblower Whistleblowers search into AltCensored and Archive*ORG ; Archive*today is another Alternative next to Perma*cc, Then the Whitney Web Interviews Maria Farmer on GoyimTV*TV is another One as well ... ; The Franklin Scandal is a Derailment Cover-up where they botched the entire case and screwed up big time committed Perjury and such ... ; Conspiracy of Silence is a Derailment Movie, notice that it changed over the years that lame Mandella Effect and Crap ... ; Cathy O'brien could easily be a Fake MK-Ultra Victim then there is Mark Philips, again who can you trust how about Ted Gunderson, this stuff goes on with its bs and they all shill for Israel and Zionism and Zionists have Genocided not only Palestine, but several other countries as well who can you even trust these days, trust no one course, they have a narcississtic Big Ego Ego Problem and when you mention the Zionist Thing they want to fight back at you and can only logically reason with you by calling you names since they are con artists, fake truthers and shills themselves ... ; Zionism really is the problem, WWII Lies, The Victors Lied, Hitler Did Not Start WWII, Hitler Saved Germany from A Big Depression so THERE ... ; Tel Aviv Israel, Columbus OHIO, Central Texas, those three Pedo Areas alone and you see that the TX one is Uncle Sam's Snuff Factory and Mr

Pickle's Circus Snuff Film industry, Basically Peter Gerald Scully made child porn of Daisy's Destruction and it is in fact not a Snuff Film but just videos of a Naked Baby being Tortured, there is no snuff or murder in it just DD1.ogv DD2.webm DD3.ogv DD4.OGV no snuff just Child Rape ... ;

So things are not always the way they seem of course there's gonna be some derailment and made up shit and Amazon Service refused to call Peter Scully a Pedophile when did in fact abduct a small child with his 15yo Girlfriend, that's some sick shit right there as you can see NSFW for sure ... ;

Anyways going on The world is a fucked up place, Martians and Jewish Nobility aka The Rothschilds, Kohens, Zionists Destroyed this Earth, it is a planet of Pure Crap and Garbage in comparison to what is available when you do astral projection and leave your body in OOB ... ;

I am well aware of the Telepathic Tool called Remote Viewing and that Dead Humans or Ghosts have this ability and that when Humans die they just become Telepathic Ghosts who then are on Planet Earth and remain the same age, of course there is this thing called OOB or Astral Projection and connecting through telepathy would also be plausible and doable, we just see this Olympia Washington as the Dregs of Society where The Inbred Retard Military has bought all of the land in USA and USA has a history of Freemasonic Secret Societies who conspire with Kohens and Jewish Nobility, as we

see it Usury or Quantitative Easing is what keeps us in the past and in the Dark Ages, you see these Radical Zionist Jews aka Communists who want World Domination and Open Borders and Multiculturalism and Diversity all tools for White Genocide in society, it is just that way, and we all know Karl Marx had Jewish Parents and was a Jew, the Biggest Porn Star in the industry is in fact a Jew Himself, he has like a degenerate screwed so many women in the ass and this kind of porn is promoted everywhere on the internet for Degenerate Goyim or non jew to watch even as it says in the Protocols

of Zion that we the jews encourage drunkenness, degeneracy, gambling, risk taking, and alcoholism specifically for the Non Jews or Goyim it is a smoke screen smoke and mirror system for the Jews to corrupt the Non Jews with Sexual Incontinence, Drugs, Sports, Junk Food, Alcohol, Porn, Addictions, Video

Games, and other kinds of bread and circus Degeneracy all for the stupid Goyim or Amalek to waste their time with in these Freemason Military Controlled

Regions where your congress already committed Treason in 1871, your money is worthless after 1913 and America a British Crown Colony Corporation. So as we

continue on, parents today, raise their autistic kids as they stay the same, no drivers license, in the psych system, no job history, on SSI, and it is a shit show mess as later on these same people who raise their future homeless autistic adult kids and the gene pool is then cut off the people lost, the people are done, no more, these Zionists Jews and Martians have one, David the King of the Earth, Planet Earth Destroyed exactly as planned to the Protocols of the

Learned Elders of Zion in Modern English, this system of Communist Usury of Despotism continues its idiotic Technocracy, 3D Printed Hard Tack for the Slaves

just load in the Traced Vecor SVG, Convert to another Vector or STL File and the instructions 3D print the Hard Tack Flour Food for the slaves in the USB ROOMS

in the USB Rooms all they get is Hot water and Hard Tack and that is it, leave them there to rot and die just like you would in China, this simple system of Despotic Technocracy where AI can now track anything and everything where Quantum Computing can crack 512 Bit AES Grade Encryption in 1 Second see for yourself.

The System is broken, The Game is Rigged, it never was and never will be the same again, people will be broken and will resort to mental illness Organized Stalking

Gang Stalking as the new Mental Patients running the Asylum will work for the Freemasons and Sheriff's Departments and get away with trafficking drugs and Steroids

as we all know that hey you can get meth and steroids from the Sheriff's Departments and Masonic Lodges, we all realize Masonic Lodges Abduct young children and use

them for PTHC Child Porn, Pedophilia, Sex Slavery, Sex Acts, Human Sacrifices, Satanic Ritual Abuse, I know these Religious Nuts who are also wrong about it will

go on with the BS of Carman, Bob Larson, Benny Hinn, or whatever when yeah they are half right that Proctor and Gamble changed Natural Safe Oils to Hydrogenated

Highly Toxic Highly Dangerous Oils and all you have to do is throw away the gluten chips, microwave ovens, and fried food and you will be fine a few lifestyle

changes, some fasting, distilled water, you are cured, no need to see a stupid penis pump doctor ever, These MDs never took a nutrition course, only see a practitioner who knows something that pays and works such as nutrition, the Psychiatrists are the most BS Quack part of the Medical EST next to Vaccines that no

human needs in their bodies, After Covid-19 hit a lot of people realized the VAX was not needed and realized Covid was only a mild flu for most people ...

;

So going on the Military Buys all the Land, Owns Everything, I mean Everything, The Freemasons Own all the Land as well, and you can guess it all traces

to the Rothschilds and other Jewish Nobility who have Trillions not Billions of dollars each, those are the real private share holders of the Federal Reserve Bank, Noble Rich Wealthy Trillionaire Zionist Kohen Jews, that is whom we are talking about in this center piece right here and for all the brainwashed people

in society who believe in Organized Religion, Zionism, Communism, Judaism, and the Holocaust, I have news for you, I stopped watching TV and Radio Years ago,

I don't have time for any of your propaganda or BS, you shill for Israel and Zionism, you believe in A Fake God that Doesn't Exist, you believe in a Fake Holocaust Holohoax and I clearly have Zero Time for any of that, when humans die they just become Telepathic Ghosts that remain the same age and for this reason

we see the system is broken, the laws of Uniform Commercial Code are Irrational the Statutes, Code, Ordinances, all make no sense in this so-called Psychocivilized society that we have built, the system does not work, Both Democrats and Republicans are rigged and controlled by the Zionist I have Zero

Accountability and Time for all of your Propaganda and Bull Shit so I will not waste any of my time with you or your pathetic Brainwashing Problem where you still

believe in a Fake Holocaust, that Hitler is a Bad person, that Communism is Good, that God is Real when Christianity is just another Jewish Sect and another

form of Jewish Zionism and also Threatening to Hack someone is also Script Kiddie so I have Zero Fucking Time for that also as you would have guessed it ... ;

The Real Crime of Adolf Hitler was that he got Germany out of a Banking debt that was drowning the German People in Debt and Fixed the German Economy, warned us of Jewish Communism, Saved Western Europe From Communism, Hitler did not start WWII, The Victors Lied, The Holocaust is a Hoax and that is it ... ; So the History they teach at Zionist Jew Public Schools is all lies and we all fucking know this, Government cannot Educate Anyone Period ... ; If possible this system will only superceed into technocracy, UEFI will be a feature and later on you wont even be able to use your computer to run other Operating Systems that are Open Source and you will be considered a Terrorist if you run an Open Source Operating System on your computer, ever seen they live or gas light or Invasion of the Bodie Snatchers then combine that with China's Technocracy of Despotism and maybe the Movie Idiocracy and that would be the future several years from now, but only by chance, another chance is continued usury and inflation, then of course a ruined environment, maybe an EMP or Nukes or Firecrackers, or VX nerve Agent or Something will spread everywhere and kill all life as we know it and life on earth will simply just not exist what then when all life dies from explosions and VX Nerve Agent we then have us as Ghosts and Spirits roaming the Earth, utilizing our Telepathy to do whatever for our own amusement as post technocracy then leads to despotism when then leads to anarchy then VX Nerve Agent and Explosives go Everywhere and we all die and become Shitting, Defecating, Rotting, Urinating, Ejaculating Bodies, we leave our bodies as some sort of Telepathic Ghost and that will be it, the end of the world as we know it and I feel fine right. It's the end of the world as we know it, It's the end of the world as we know it and I feel fine. Ninty Nine Luft Ballons as you say, no big deal, you then just become a telepathic ghost as Martains were to blame along with Zionist Jews for all of Earths Problems and if you dare even do expose the Freemason Government for trafficking Meth and Steroids you will be targeted by your very own Government and Organized Stalked or Gang Stalked, you

will then become a Targeted Individual, Plead the Fifth, Never tell the teller or shrink, it's no one's business, I know better not to mention gang stalking since

the Governments use that as an excuse to have you locked up in a Mental Institution and people get killed in Mental Institutions and all of it gets covered up by

our Zionist Jew Corrupt Perjury based Freemasonic Government, even the Psychiatrists are allowed to commit Perjury in the court of law and now we are all aware

of this kind of shit, for Computers I am Simple, M93P, M91P Lenovo Thinkcentre, T560/T420/T480/T400/T570/60/61 all Thinkpads I run Kubuntu on Ventoy on Ram Disk I

Adam Green here with no more news. It is Monday, February 27, 2023.

Thank you all for being here. We have a great show. We're going to discuss the quote, day of hate hoax that transpired over the weekend. And we're going to play my new rabbi edit compilation on the series I've been working on about the secret Jewish founders of Christianity and pausing for my commentary to explain some of the stuff that they talk about in that compilation. What's Up? Joker thinks says Support for No More News. Appreciate it. This show is brought to you guys by you guys. Without you, it would not be possible. The super chats through Odyssey, the Subscriptions through Odyssey and Subscribe Star and donations through the P.O. Box. I couldn't do it without you guys. I wouldn't be able to spend so much time watching these rabbi videos and compiling these edits. The latest ones got 10,000 views. This is the third one I've done in as many weeks, and I've got more on the way. Some really good, powerful compilations on the way. I can't wait to get out. But let's first get started with the top story I want to discuss. And it is such a such a sham, such a hoax, such a such a usual trick. And everybody knows this, too. Everybody's calling him out for this. So. So they're advertising. Here's February 25th, the day the Friday before. It says today that the 25th of February is the, quote, day of hate. And that New York Police Department have issued warnings to the Jewish community to stay vigilant. Antisemitism hashtag United States hashtag hate crime. So there is this obscure, irrelevant, unknown day that nobody's heard about. By some insignificant if it's even real. Some they've said some neo-Nazi group from Ohio or something like this that nobody's ever heard of. Nobody would have ever heard about this supposed day of hate if Jerusalem Post didn't cover it and New York Post didn't cover it. And it was a nationwide news story. And not only that, but it was literally an adult in Hobart Hubbard

marketing campaign to overexaggerate this suppose it day and and then use it to as a marketing public relations advertising campaign. Essentially everybody is calling this out. ADL posted the nationwide nationwide. There's like if if this Ohio group is even real or these these goon squads of of trolls and provocateurs that everybody thinks are feds. That the act like goons and clowns and have no power at all and are no serious threat like they're making it out to be. They exaggerate it. They blow this out of proportion so they can hype the victim status because they love anti-Semitism. They love playing the victim of this. Esau hates Jacob hate. Nobody had heard about this before. They say the nationwide extremist day of hate campaign planned for this Saturday is meant to be intimidating and divide us, but we will remain united in our kindness and positivity. Join us at Hubbard in celebrating hashtag Shabbat of peace, not hate. So literally, ADL teaming up with Hubbard Lubavitch to run this psyop, this hoax about this supposed day that they turn into a holiday for themselves, basically to hype this antisemitism narrative in the face of negativity we increase in positivity. Let's add an act of goodness and kindness. So literally 80, 80 Al Hubbard teaming up here. Dave Riley, everybody that I know, anybody that's that has even the little the slightest bit of discernment can see exactly what this is across the board. Everybody knows what this is about, this this hoax that they ran. Dave Riley says the National Day of hate that's allegedly planned for today is 100% completely fake B.S.. I mean, will the ADL admit that, like everybody widespread on the Internet is saying this day doesn't even exist and you guys are just making this up And and and these clowns that are going around patting your stats and giving you all these headlines and this imagery that you love, we all see what it's about. We all see the Hegelian dialectic and the controlled opposition and everybody suspicious of it. He says, I guarantee that this whole thing is just a PR fundraising hoax designed for groups like the AIDS PLC and Hubbard. With what it says here. Cops haven't identified any threats. neo-Nazi groups rumble about nationwide, a day of hate. ADL spokesperson, like NYPD officials, stressed that any real threat is unlikely. So this is completely manufactured. We're not aware of any threat of violence or anything, but that's not going to stop them from running a whole nationwide marketing campaign. The day of hate likely will fizzle or be small, but that doesn't mean it is a hoax, the ADL spokesperson said. What did they find? Some guy on telegram that said, Hey, we should

have a day where we go do some, where we go, you know, do some activism or go yell at some Jews and give the the Jews and the rabbis the exact type of victim optics that they love that's completely counterproductive and causing so much more harm than good and giving them the exact type of eyesore and molek optics that they like. ADL is not aware of any specific threats, but so. So. They even admit they come out and say, Oh, yeah, this is really a nothing burger. But here's. Times of Israel planned anti-Semitic day of hate instead becomes a day of unity and defiance for U.S. Jews. So this supposed threat that they're always under this massive attack. Is used for them to justify their tribal ness and their pride and their supremacy and their defiance. So, of course, it's like, imagine that. What a coincidence. This suppose it day is a nothing, and they use it just to talk about how they're the internal victims, how we're also evil, how they're uniting, how they're so prideful that they're Jews. Total PR stunt. This coincides with this this Hubbard teen event that they held in New York the very next day, where they got there in Times Square with the rabbi up on the screen. And they had quite the party. Here's the head of PR for Hubbard Lubavitch Yaakov Berman. Mm hmm.

Director of public Relations for Hubbard Lubavitch. There in Times Square, the Hubbard Teen Network. Here's some of the celebration. And this is just the day after the same weekend of this supposed day of hate. Thank you, God. Oh, my God. You know what I mean? Hi. Viking says the crew. So this this suspect group that nobody's ever heard of had 20 followers on Telegram, and that's where they got it from. I know that. Seriously. And then they blow it up into a nationwide thing and headlines everywhere. It's it's so obvious. They've been doing it with these clowns. We've been we've been exposing this this anti-Semitic hate that they like to give. The Jewish media loves to give tons of exposure to because it's not a threat at all. They're using it to to advance their censorship, their anti-Semitism definition, their hate speech laws they're trying to pass in Florida and then every other state. Okay. So when I say Hubbard's the most influential Jewish group, I mean no other group is organizing massive stuff like this on the scale that Hubbard does internationally, too. They are like Judaism. They're like the Vatican, basically. And that the rabbi was like the pope. Here's how bad. Jewish teens gather in New York City in an uplifting display of Jewish pride and unity. So they're justified in of their obsessiveness, on their chosen status and their special role in the world. And they're they're God's chosen people. And, you know, their pride and

their unity and their oneness, their nation. I need to watch this whole thing. Brown figured out I'm a Jew. He says he's a Jew and he's proud. And I'll sing it out loud. Imagine if white people were like, I'm white and I'm proud. And I'll say that out loud. Like, that would be like, Oh, they're white supremacists. They'd say, right away. But there they have the excuse of like, Oh, everybody hates us. So we're justified in. ;

* (S/NF/SG/LIMDIS) Ten Civilian billets were dedicated solely to this project in FY90 and currently, Project STAR GATE has seven project personnel. This consists of a Unit Manager, a Senior Intelligence Officer, 3 Operational Remote Viewers, an Intelligence Technician and a secretary.

(S/NF/SG/LIMDIS) Remote Viewing is a highly controlled and formally established, unique information and intelligence collection capability which has the following characteristics:

* (S/NF/SG/LIMDIS) It is passive. To the extent of our knowledge, collection by remote viewing is totally passive, that is to say, it cannot be detected when used.

(S/NF/SG/LIMDIS) It is inexpensive. The principal cost of remote viewing collection is the people involved. There is little expensive hardware.

(S/NF/SG/LIMDIS) There is no known defense. Time, distance, target, size or degree of difficulty all have no apparent effect on collection by remote viewing.

(S/NF/SG/LIMDIS) In 1979, when Army INSCOM managed this

program, it integrated the SRI contracted technology into its in-house program where it is still being utilized by STAR GATE personnel for training, in-house Proficiency Enhancement and Operational projects.

(S/NF/SG/LIMDIS) An eclectic approach was taken, using those methods which had applications potential for operational requirements.

terms, methodologies, target selection and protocols for remote viewing research and development projects as well as operational projects conducted by DIA STAR GATE personnel. ‘

’ (S/NF/SG/LIMDIS) Since the early 1970's, the Department of Defense has, been involved in examining the potential uses of psychoenergetics.

* (U) Psychoenergetics is defined as a mental process by which an individual perceives, communicates with and/or perturbs characteristics of a designated target, person or event remote in space and/or time from that individual.

* (U) Psychokinesis are physical actions performed by mental powers that cannot be explained by known physical means.

(U) ESP and Telepathy are perceptions which cannot be explained by known sensory means.

(S/NF) Remote Viewing is the name of a method of psychoenergetic perception. This term was coined by Stanford Research Institute (SRI) in the early 1970's by two laser physicists, Hal Puthoff and Russel Targ when they were conducting CIA-sponsored experiments using several gifted psychics.

* an Remote Viewing can be defined as the acquisition and description, by mental means, of information blocked from ordinary perception by distance, shield or time.

(U) A remote viewer is a person who perceives, communicates with and/or perturbs characteristics of a designated target, person or event.

*** (S/NF/SG/LIMDIS) Three primary methodologies that are utilized by STAR GATE personnel will now be discussed.**

(S/NF/SG/LIMDIS) Extended Remote Viewing (ERV) draws on the expertise of over two decades of research by independent investigators and recognized academic institutions to include the University of Virginia Medical Center, the Mind Science Foundation, the University of California at Davis and Syracuse University.

(C/NF) The ERV approach has as its goal the subjective temporal extension of subliminally brief psychic impressions. The trained ERV percipient is able to control, observe and report perceptions which would otherwise be ignored or neglected fleeting imagery. This extension of the perceptual window is accomplished through the achievement of a discrete state of consciousness defined by identified state dependent behaviors. These behaviors are regarded as skills.

*** (C/NF) The basic components of the ERV procedure involve learning the following skills:**

1. The ability to physically relax.

Training in progressive relaxation techniques and yoga.

2. The ability to reduce level of physical arousal.

Training in biofeedback techniques and self—control exercises.

3. The ability to increase awareness of internal feelings images.

Training in dream recall, guided visual imagery exercises, subliminal recognition drills and Hemispheric Synchronization.

4. The ability to engage in "receptive mode/right hemispheric functioning.

Training in hemispheric synchronization, mode recognition and drawing classes.

Approved For -RDP96-00789R003300210002-15. The ability to achieve an altered View of reality.

Reading assignments, intellectual study, meditation and contemplation exercise.

(C/NF) Each one of these skills can be trained over a period of several weeks. When the trainee demonstrates independent mastery of each skill, he then learns to combine the skills. The goal is to simultaneously exhibit all of the learned skills thereby achieving a specified discrete state of consciousness in which an individual is able to remote view.

*** (C/NF) Coordinate Remote Viewing (CRV) was developed by an SRI contractor in the early 1980's. This methodology was developed to satisfy R&D demands on SRI to enhance the reliability (scientific replicability) of remote viewing. The subcontractor's approach to improving the reliability of remote viewing was to focus on the control of those factors that in his View tend to introduce "noise" into the remote viewing product.**

*** (C/NF) The basic components of this training procedure consists of:**

- 1. Repeated site—address (coordinate) presentation with quick-reaction response by the remote viewer; coupled with a restrictive format for reporting perceived information which minimizes "imaginative" overlay.**
- 2. The use of a specially-designed, acoustic—tiled, "viewing chamber" which minimizes "environmental" overlays.**
- 3. The adoption of a strictly-prescribed, limited monitor patter which minimizes "monitor" overlays.**

(C/NF) The CRV process usually begins by presenting the remote viewer with an encrypted geographical coordinate, hence the name CRV. Encrypted geographical coordinates is a series of twelve numbers or less which are selected from a random program generator Approved For ' ' '96-00789R003300210002-1

_. \$1;.. "I?" DP96-00789R003300210002-1

and used to disguise a set of geographical coordinates.

*** (C/NF) CRV subdivides the detection and decoding of psychic impressions into discrete achievable skills known as Stages 1 to 6. These stages will now be discussed.**

Stage One - Islands, mountains, deserts.

Stage Two - Sites of quality sensory value; sites which are uniquely describable through touch, taste, sound color or odor such as glaciers, volcanoes and industrial

plants.

Stage Three — Sites possessing significant dimensional characteristics such as buildings, bridges and airfields.

Stage Four - Sites requiring qualitative mental perceptions such as technical area, military feeling and research.

Stage Five - Sites requiring the interrogation of qualitative mental perceptions to produce refined information such as aircraft tracking radar, biomedical research facility and tank production plant.

Stage Six - Sites requiring direct, three-dimensional assessment of site element to one another such as airplanes inside one of three camouflaged hangers or a military compound with a command building, barracks, motor pool and underground storage area. As this stage is engaged, an assessment of relative temporal and spatial dimensional elements along with further qualitative elements evolve into the consciousness of the individual.

*** (C/NF) Written Remote Viewing (WRV) is the ability to receive direct, detailed information. The WRV process consists of utilizing a pen or pencil and writing on paper information received. The writing is a rapid and flowing movement initiated by impulses to the autonomic nervous system. WRV was initiated in-house during the 1980s time frame.**

*** (C/NF) WRV is phonetically and verbally orientated and can be used in both the predictive and search modes. WRV is an evolving process with development over time.**

*** (C/NF) Additional methodologies that can be utilized include:**

(U) Dowsing which is the search for underground supplies of water, metal or a person by the use of a forked stick known as a divining rod.

(U) Psychometry is the faculty of receiving information concerning an object or person associated with it, by contact with or proximity to the object. Psychometry is also known as Object Remote Viewing.

(U) Clairvoyance is the faculty of seeing objects or actions removed from natural viewing. It is the quick, intuitive knowledge of things and people.

*** (S/NF/SG/LIMDIS) Remote viewing has been successfully used against several categories of tasking. These categories include penetration of inaccessible targets, science and technology information, cuing of intelligence collection systems, imminent hostilities, determination of nuclear from non-nuclear targets, human source assessment and personality profiles.**

*** (S/NF/SG/LIMDIS) There are generally three areas of target selection that are utilized for operational projects. They are:**

(S/NF/SG/LIMDIS) Geographical areas or fixed sites can be anywhere and can be of anything. The target site can emphasize natural or man—made features, or contain a mix of these. These targets are usually military facilities or technical sites.

(S/NF/SG/LIMDIS) Personalities-involve the remote viewer's ability to describe the characteristics or other aspects such as state-of-the-health of an individual. The personality should be one of prominence, can be male or female and of any race or age.

(S/NF/SG/LIMDIS) Search is one of the most difficult operational projects. It involves the remote viewer actually locating an individual or equipment or a lost vessel or aircraft.

(S/NF/SG/LIMDIS) When utilized properly, remote viewers have proven to be of substantial value to intelligence customers. When they have been used incorrectly, however, results were usually disappointing.

(S/NF/SG/LIMDIS) Protocols for a remote viewing session should be consistent whether the target is an R&D, an in—house Proficiency Enhancement or an Operational project.

(S/NF/SG/LIMDIS) The target should be secured in a sealed

envelope. A. number is assigned. to the project and then the individual remote viewers are tasked via a tasking sheet.

*** (S/NF/SG/LIMDIS)** The tasking sheet, which is essentially a request for information, will consist of the project number, the viewer identification number which is also the source number and the date of the actual tasking. This information is to be filled out by the Unit Manager or the customer and then given to the remote viewers prior to their session.

(S/NF/SG/LIMDIS) The tasking sheet will also consist of an evaluation to be completed by the customer when an operation is completed. The tasking sheet can also note the completion time of the operation.W

' 6-00789R003300210002-1

(S/NF/SG/LIMDIS) The actual tasking itself, should be minimal without elaborating on information that could lead the viewer. It is important that the Unit Manager or the customer be careful not to task leading or suggestive questions. Ideally, the tasking should only state, "Describe target."

(S/NF/SG/LIMDIS) It has been proven in R&D laboratories time and time again that the less information given to the remote viewer, the more accurate the information. The more information given to a remote viewer, the less accurate the information and the viewer will have a tendency to theorize.

(S/NF/SG/LIMDIS) Once the viewers receive their tasking, they can begin to conduct their sessions. The remote viewing session activity will involve two basic approaches.

*** (S/NF/SG/LIMDIS)** figlg is where only the remote viewer works the task.

(S/NF/SG/LIMDIS) ViewerlMonitor is a team effort whereby a monitor transcribes the information the viewer is receiving. A monitor is optional and is requested by the viewer.

(S/NF/SG/LIMDIS) Considerable experience has shown that there are a number of considerations, precautions and potential problems for which the nmnitor or customer and Unit Manager should be prepared.

(S/NF/SG/LIMDIS) First, when a monitor is present, it is especially important to ensure that this individual has no knowledge whatsoever of target possibilities. This is known as a

double-blind. This precludes the monitor leading the viewer. If the customer is present as an observer, he should be quiet so that

he does not give the remote viewer subtle clues as to the nature and circumstances of the operation. Such clues as nods of approval, voice inflection and suggestive questioning happen all too often.

(S/NF/SG/LIMDIS) Second, there is a strong tendency to pick and choose information according to the Unit Manager's and monitor's mental set and preconceptions. It is in the act of interpretation that lies the ever present possibility of misinterpretation. It is extremely important for the monitor to record the information exactly as it is given so when it is passed on to the customer, the information is received in its purest form. The customer can become frustrated because experience has shown that some of the information provided is of such a nature that it cannot be either verified or rejected through follow-up analysis or investigation. Until the operation is completed or solved, some of the information remains plausible and possibly true, but until an operation is completely over, it cannot be evaluated fairly.

(S/NF/SG/LIMDIS) Third, often times a monitor and a customer can become quite frustrated with a remote viewer because of the nature of the psychic information. It can seem incomplete, sporadic and sometimes symbolic or even irrelevant.

(S/NF/SG/LIMDIS) When a remote viewer has completed the necessary sessions needed to collect the information, he or she will then write a report of his or her findings.

* (S/NF/SG/LIMDIS) This report will indicate the project number, the viewer identification or source number, the date of the report and will also list the dates of the remote viewing sessions.

This report will also include drawings or sketches of the target site. When the viewer's report is completed, it will then be provided to the customer.

(S/NF/SG/LIMDIS) It should be noted that there is a strong tendency for the Unit Manager or the customer to have the remote viewers work on a major ongoing or unsolved operation over and over again. This is generally not recommended because research and experience has shown that a remote viewer's first impressions are the best. Hence, the longer they work on a case, the more likely they are to become inaccurate.

(S/NF/SG/LIMDIS) Also, experience throughout the world in remote viewing laboratories has shown clearly that the remote viewing ability and receptivity is also directly related to the novelty and interest factor of the test. So it is important not to have the remote viewers conduct the same operation over and over again because they will become bored and not perform well.

(S/NF/SG/LIMDIS) When the operation is completed, the remote viewers receive their feedback from the customer and the customer provides a written evaluation of the_ information received. Feedback is important because it helps the remote viewers evaluate their own performance.

(U) In conclusion, whether proponents or critics like it or not, certain basic facts exist and must be dealt with.

(U) First, unsolved crimes, missing persons, hostage situations and terrorism continue to occur. Information for their purely rational and scientific solution is often simply inadequate, yet great social and psychological pressures exist for their "E4.

solution.**

(S/NF/SG/LIMDIS) Many intriguing and scientifically unexplainable results have been achieved under controlled experimental conditions as well as spontaneous field situations. As with any potential advance in technology or technique, remote viewing needs to be sufficiently field tested.

*** (S/NF/SG/LIMDIS) Intelligence agencies are encouraged not to**

ignore this potential resource but rather place it among their arsenal of operational tools. Remote viewers can be used as collectors in conjunction with other intelligence sources throughout the DoD and intelligence community because our service is to be of "help." Once this understanding can occur, perhaps then can the "role" of the remote viewer be more clearly defined.

Dear American: Pursuant to your request, I will attempt to clear up questions you have about the Federal Reserve Bank (FED). I spent much time researching the FED and these are the shocking and revealing conclusions.

by Thomas D. Schauf (c 1992)

THE FEDERAL RESERVE BANK IS A PRIVATE COMPANY.

Article 1, Section 8 of the Constitution states that Congress shall have the power to coin (create) money and regulate the value thereof. Today however, the FED, which is a privately owned company, controls and profits by printing money through the Treasury, and regulating its value. The FED began with approximately 300 people or banks that became owners (stockholders purchasing stock at \$100 per share - the stock is not publicly traded) in the Federal Reserve Banking System. They make up an

international banking cartel of wealth beyond comparison (Reference 1, 14). The FED banking system collects billions of dollars (Reference 8, 17) in interest annually and distributes the profits to its shareholders. The Congress illegally gave the FED the right to print money (through the Treasury) at no interest to the FED. The FED creates money from nothing, and loans it back to us through banks, and charges interest on our currency. The FED also buys Government debt with money printed on a printing press and charges U.S. taxpayers interest. Many Congressmen and Presidents say this is fraud (Reference 1,2,3,5,17).

Who actually owns the Federal Reserve Central Banks? The ownership of the 12 Central banks, a very well kept secret, has been revealed:

**Rothschild Bank of London
Warburg Bank of Hamburg
Rothschild Bank of Berlin
Lehman Brothers of New York
Lazard Brothers of Paris
Kuhn Loeb Bank of New York
Israel Moses Seif Banks of Italy
Goldman, Sachs of New York
Warburg Bank of Amsterdam
Chase Manhattan Bank of New York
(Reference 14, P. 13, Reference 12, P. 152)**

These bankers are connected to London Banking Houses which ultimately control the FED. When England lost the Revolutionary War with America (our forefathers were fighting their own government), they planned to control us by controlling our banking system, the printing of our money, and our debt (Reference 4, 22).

The individuals listed below owned banks which in turn owned shares in the FED. The banks listed below have significant control over the New York FED District, which controls the other 11 FED Districts. These banks also are partly foreign owned and control the New York FED District Bank. (Reference 22)

(Reference 4 for above, Reference 22 has details, P. 92, 93, 96, 179) How did it happen? After previous attempts to push the Federal Reserve Act through Congress, a group of bankers funded and staffed Woodrow Wilson's campaign for President. He had committed to sign this act. In 1913, a Senator, Nelson Aldrich, maternal grandfather to the Rockefellers, pushed the Federal Reserve Act through Congress just before Christmas when much of Congress was on vacation (Reference 3, 4, 5). When elected, Wilson passed the FED. Later, Wilson remorsefully replied (referring to the FED), "I have unwittingly ruined my country" (Reference 17, P. 31).

Now the banks financially back sympathetic candidates. Not surprisingly, most of these candidates are elected (Reference 1, P. 208-210, Reference 12, P. 235, Reference 14, P. 36). The bankers employ members of the Congress on weekends (nickname T&T club -out Thursday...-in Tuesday) with lucrative salaries (Reference 1, P. 209). Additionally, the FED started buying up the media in the 1930's and now owns or significantly influences most of it Reference 3, 10, 11, P. 145).

Presidents Lincoln, Jackson, and Kennedy tried to stop this family of bankers by printing U.S. dollars without charging the taxpayers interest (Reference 4). Today, if the government runs a deficit, the FED prints dollars through the U.S. Treasury, buys the debt, and the dollars are circulated into the economy. In 1992, taxpayers paid the FED banking system \$286 billion in interest on debt the FED purchased by printing money virtually cost free (Reference 12, P. 265). Forty percent of our personal federal income taxes goes to pay this interest. The FED's books are not open to the public. Congress has yet to audit it. Congressman Wright Patman was Chairman of the House of Representatives Committee on Banking and Currency for 40 years. For 20 of those years, he introduced legislation to repeal the Federal Reserve Banking Act of 1913.

Congressman Henry Gonzales, Chairman of a banking committee, introduces legislation to repeal the Federal Reserve Banking Act of 1913 nearly every year. It's always defeated, the media remains silent, and the public never learns the truth. The same bankers who own the FED control the media and give huge political contributions to sympathetic members of Congress (Reference 12, P. 155-163, Reference 22, P. 158, 159, 166). THE FED FEARS THE POPULATION WILL BECOME AWARE OF THIS FRAUD AND DEMAND CHANGE

Rep. Louis T. McFadden (R. Pa.) rose from office boy to become cashier and then President of the First National Bank in Canton Ohio. For 12 years he served as Chairman of the Committee on Banking and Currency, making him one of the foremost financial authorities in America. He fought continuously for fiscal integrity and a return to constitutional government (Reference 1). The following are portions of Rep. McFadden's speech, quoted from the Congressional Record, pages 12595-12603:

"THE FEDERAL RESERVE BOARD, A GOVERNMENT BOARD, HAS CHEATED THE GOVERNMENT OF THE UNITED STATES AND THE PEOPLE OF THE UNITED STATES OUT OF ENOUGH MONEY TO PAY THE NATIONAL DEBT.

The depredations and the iniquities of the Federal Reserve Board and the Federal Reserve banks acting together have cost this country ENOUGH MONEY TO PAY THE NATIONAL DEBT SEVERAL TIMES OVER."

About the Federal Reserve banks, Rep. McFadden said, "They are private credit monopolies which prey upon the people of the United States for the benefit of themselves and their foreign customers; foreign and domestic speculators and swindlers; the rich and predatory money lenders. This is an era of economic misery and for the reasons that caused that misery, the Federal Reserve Board and the Federal Reserve banks are fully liable." On the subject of media control he state, "Half a million dollars was spent on one part of the propaganda organized by those same European bankers for the purpose of misleading public opinion in regard to it."

Rep. McFadden continued, "Every effort has been made by the Federal Reserve Board to conceal its power but the truth is the Federal Reserve Board has USURPED THE GOVERNMENT OF THE UNITED STATES. IT CONTROLS EVERYTHING HERE AND IT CONTROLS ALL OUR FOREIGN RELATIONS. IT MAKES AND BREAKS GOVERNMENTS AT WILL."

No man and no body of men is more entrenched in power than the arrogant credit monopoly which operates the Federal Reserve Board and the Federal Reserve banks. These evil-doers have robbed this country of more than enough money to pay the national debt. What the Government has permitted the Federal Reserve Board to steal from the people should now be restored to the people."

"Our people's money to the extent of \$1,200,000,000 has within the last few months been shipped abroad to redeem Federal Reserve Notes and to pay other gambling debts of the traitorous Federal Reserve Board and the Federal Reserve banks. The greater part of our monetary stock has been shipped to foreigners. Why should we promise to pay the debts of foreigners to foreigners? Why should American Farmers and wage earners add millions of foreigners to the number of their dependents? Why should the Federal Reserve Board and the Federal Reserve banks be permitted to finance our competitors in all parts of the world?" Rep. McFadden asked.

"The Federal Reserve Act should be repealed and the Federal Reserve banks, having violated their charters, should be liquidated immediately. FAITHLESS GOVERNMENT OFFICERS WHO HAVE VIOLATED THEIR OATHS SHOULD BE IMPEACHED AND BROUGHT TO TRIAL", Rep. McFadden concluded (Reference 1, contains an entire chapter on Rep. McFadden's speech).

If the media is unbiased, independent and completely thorough, why haven't they discussed the FED? Currently, half the states have at least a grass roots movement in action to abolish the FED, but there's no press coverage. In July, 1968, the House Banking Subcommittee reported that Rockefeller, through Chase Manhattan Bank, controlled 5.9% of the stock in CBS. Furthermore, the bank had gained interlocking directorates with ABC.

In 1974, Congress issued a report stating that the Chase Manhattan Bank's stake in CBS rose to 14.1% and NBC to 4.5% (through RCA, the parent company of NBC). The same report said that the Chase Manhattan Bank held stock in 28 broadcasting firms. After this report, the Chase Manhattan Bank obtained 6.7% of ABC, and today the percentage could be much greater. It only requires 5% ownership to significantly influence the media (Reference 14, P. 56-57). This is only one of 300 wealthy shareholders of the FED. It is believed other FED owners have similar holdings in the media. To control the media, FED bankers call in their loans if the media disagrees with them (Reference 25, P. 134-137).

Rockefeller also controls the Council on Foreign Relations (CFR), the sole purpose of which is to aid in stimulating greater interest in foreign affairs and in a one world government. Nearly every major newscaster belongs to the Council on Foreign Relations. The Council on Foreign Relations controls many major newspapers and magazines. Additionally, major corporations owned by FED shareholders are the source of huge advertising revenues which surely would influence the media (Reference 14, P. 56-59). It can be no wonder why groups such as FED-UP(tm) receive minimal, if any, press attention. .

AMERICA DECEIVED

In other words, by Congress allowing the constitutionally illegal FED to continue, much of your taxes go to the shareholders of the FED and their bankers. Note: The people who enacted the FED started the IRS, within months of the FED's inception. The FED buys U.S. debt with money they printed from nothing, then charges the U.S. taxpayers interest. The government had to create income tax to pay the interest expense to the FED's shareholders, but the income tax was never legally passed (Reference 20 shows details, state-by-state why it was not legally passed). The FED is illegal, per Article 1, Section 8 of the United States Constitution. Not one state legally ratified the 16th Amendment making income tax legal. . Why has Congress

allowed the FED to continue? If a Congressperson tries to abolish the FED, the banks fund the Congressperson's opponent in the next election (Reference 17, P. 35).

The new Congressperson will obviously support the FED. When Congresspeople retire, political campaign funds are not taxed. Get elected and be a millionaire if you vote right. By the way, the profit of the FED is not taxed either (Reference 1, 9). . Consider this fact. Most of the given sources in this booklet show how the blood line of family bankers who own the FED funded both sides of all major wars. They created fake colonial money to destroy the Americans during the Revolutionary War and tried to finance both sides in the American Civil War. Abraham Lincoln refused and the South accepted. Many publications show that these bankers financed World War I, World War II, and the Russian Revolutionary War, which helped Napoleon, Lenin, and Hitler come to power. They financed both sides from money created from nothing and profited greatly. These same bankers created a number of American depressions to change the U.S. legislation and seize our wealth. Read the sources for details. This is why our forefathers wrote in the Constitution that only Congress can issue money - not private banks (Reference 18).

More wars create more debt which means more profit to the bankers (Reference 1, 21). These bankers planned three world wars so people would welcome United Nations intervention to govern the world in peace, not war. (Reference 22 gives specific details on World War I and World War II, showing exactly how the bankers were responsible for the beginning and continuation of these wars for their profit).

The banks have publicly announced they will force us to a cashless society by 1997. Furthermore, they plan to create a one world government through the United Nations headed by the FED, Trilaterals, and the Council on Foreign Relations (Reference 3). By the definition of treason, they have committed treason! This means you lose your rights under the Constitution and Bill of Rights. Does this sound far fetched? . The FED announced publicly that their first objective was to get nationalism out of the American people's heads because patriotism to a country would not be of value in the future. The media makes us think the U.N. has all the answers, and to "think globally." . State Department document 7277 calls for the disarming of America, thus turning our sovereignty over to a one-world government. Again, the media is

pushing to eliminate guns. Our forefathers believed that the right to bear arms would prevent a takeover of our government. History shows that before any government took over, they disarmed the citizens. Hitler did it, and before our Revolutionary War, King George told us to disarm - good thing we didn't!

Under the Federal Reserve Bank Act, the bankers control our economy. The FED controls interest rates and the amount of money in the economy. These factors determine either economic prosperity or the lack thereof. Bankers are now pushing for a one world government and a cashless society. Why cashless? .What a cashless society really means is the banks can now control you. Today you fear the IRS. In a cashless society, if you disagree with the bankers' political goals, you'll find your money gone via computer error. (For additional information on a cashless society, read Reference 13, P. 174; Reference 3; Reference 14, P. 9-12; Reference 15, P. 136; Reference 25, P. 216).

If you could accurately predict future interest rates, inflation and deflation, you would know when to buy or sell stocks and make a bundle of money. The FED has secret meetings (per Congressional Record) to determine future interest rates and the amount of money to be printed. The Securities Exchange Commission (SEC) by law, stops insiders from profiting by privileged information. Congressional records prove that FED bankers routinely hold secret meetings to profit by manipulating the stock market via interest rates and the amount of money they create. FED bankers also profit greatly from economic disasters like the Depression (Reference 22, P. 56).

The bankers create inflation, sell their stocks before the market crashes, then buy up stocks at cheaper prices. Bankers admitted this to Congress. This violates the law, yet Congress does not act because these bankers are large political contributors (Reference 17, P. 96-98; Reference 1, P. 162-163; Reference 22, P. 114-170 & P. 136). Thomas Jefferson predicted this scenario if we ever allowed a private bank, like the FED, to create our currency (Reference 1, P. 247).

FED Chairman Burns states "[A] Killing can be made simply by knowing the next few months newspapers ahead of time." Congressman Patman said "The FED officials own more than 100 million dollars (of stocks) while making

decisions influencing these stock prices..." (Reference 24, P. 123). History proves that banks profit from bankrupting a nation (Reference 22, P. 56). .

Section 7 of the Federal Reserve Act, passed December 23, 1913, states that much of the profit of the FED should flow into the U.S. Treasury. In 1959, new legislation allowed the FED to transfer bonds to commercial banks at no cost to the bank. Now the FED receives less interest income and less profit for the U.S. Treasury because the money is diverted to other banks through an accounting entry (Reference 17, P. 115-130).

Congress and the IRS do not have access to the financial records of the FED. Every year Congress introduces legislation to audit the FED, and every year it is defeated. The FED banking system could easily be netting 100s of billions in profit each year. Through "creative accounting" profit can easily be reclassified as expense (Reference 14, P. 20, Reference 17, P. 239).

Within the first few years, the shareholders of the FED received their initial investment back with no risk. All the income is tax-free, except for property tax, according to the Federal Reserve Act.

. "We the People" have pushed the following states to pass or introduce legislation calling for an end to the FED: Arizona, Washington, Arkansas, Idaho, Oregon, Indiana, and Texas. . By abolishing the FED, we would not pay interest on Federal Reserve Notes. Until it is abolished, the FED has a monopoly on profit on our currency and whether our money supply will be increased or decreased, inflation or depression. The banks are capable of controlling business by controlling who can or cannot obtain a loan. .

WHY OUR FOREFATHERS FOUGHT THE FED

"Allow me to control the issue and the nation's money and I care not who makes its laws!" The above quote has long been attributed to the 18th century banker Amshell Rothschild (his blood line controls the FED). For if one unscrupulous group is allowed to print a nation's money - it can eventually use that money to gain control of the press AND the politicians - and thus gain control of making the nation's laws - and finally - control of the nation itself. (Reference 4)

If you will take the time to read the reference material listed which has been researched by Professors of Universities, Congresspeople, etc, you will turn up information that might frighten you. For instance, in 1921 the stockholders of the Federal Reserve financed an organization called the "Council on Foreign Relations" (CFR). Harpers magazine called this the

most powerful organization in the United States. Ninety percent of the people in the State Department and key positions in the Executive Branch are members of the CFR. The CFR publishes a magazine called "Foreign Affairs." Read it if you want to know what is going to happen in coming years. The CFR is in favor of a New World Order (Reference 3).

Congressman Patman re-quoted Thomas Jefferson showing that our founding fathers knew this banking principle very well. "I believe that banking institutions are more dangerous to our liberties than standing armies...." "Already they have raised up a money aristocracy that has set the government at defiance. The issuing power (of money)," he said, "should be taken from the banks and restored to the people to whom it properly belongs." The American Revolution was a struggle to wrest control of wealth from the Bank of England and to restore the centers of power to the People where it "properly belongs." The Constitution is specific about the authority of the People, through their elected officials, to control the money, and thus, the affairs of their government. (Reference 5, P. 32)

. Ben Franklin said in his autobiography that the inability of the colonists to get the power to issue their own money permanently out of the hands of George III and the international bankers was [one of] the PRIME reason[s] for the Revolutionary War. (Quoted in Reference 4)

Thomas Jefferson stated, "If the American people ever allow private banks to control the issue of currency, first by inflation, then by deflation, the banks and corporations that will grow up around them will deprive the people of all property until their children will wake up homeless on the continent their fathers conquered." (Reference 1, P. 247)

Congressman Charles A. Lindbergh of Minnesota said: "This [Federal Reserve] Act establishes the most gigantic trust on Earth. When the President [Wilson] signs this bill, the invisible government of the Monetary Power will be legalized... the worst legislative crime of the ages, perpetuated by this banking and currency bill." (Reference 5, P. 33)

Robert H. Hemphill (Credit Manager, Federal Reserve Bank in Atlanta): "We are completely dependent on the commercial banks. Someone has to borrow every dollar we have in circulation, cash, or credit. If the banks create ample synthetic money we are prosperous; if not, we starve. We are absolutely

without a permanent money system. When one gets a complete grasp of the picture, the tragic absurdity of our hopeless position is almost incredible, but there it is. It [the banking problem] is the most important subject intelligent persons can investigate and reflect upon. It is so important that our present civilization may collapse unless it becomes widely understood and the defects are remedied very soon." (Reference 1, P. 247)

Napoleon, a sympathizer for the international bankers, turned against them in the last years of his rule. He said: "When a government is dependent upon bankers for money, they and not the leaders of the government control the situation, since the hand that gives is above the hand that takes... Money has no motherland; financiers are without patriotism and without decency; their sole object is gain." (Reference 4)

Congresspeople have referred to Federal Reserve Notes as "FIAT" (no-backing) money. (Reference 1, P. 128, 169)

In 1879 the Supreme Court declared that the U.S. Government can legally issue United States Notes, debt and interest-free, just as Lincoln and Kennedy attempted. (Reference 1, P. 233)

A bank that attempted to repossess property on the basis of default faced Judge Mahoney in a jury trial. Jerome Daly was found innocent. The bank could not foreclose on the property because it created the loan money from thin air, as many banks do. Use this as a precedent the next time any bank tries to foreclose on your house. (Reference 17, P. 82, 83 for court records) The FED violates Security & Exchange Commission (SEC) rules. (Reference 17, P. 96-98)

California 9th Circuit Court declared FED banks are private, not government. (Reference 17, P. 273)

Mr. Marriner Eccles, who was Chairman of the board of Governors of the Federal Reserve System longer than any other man, testified before the Joint Economic Committee in August 1962. When Chairman Rep. Wright Patman asked whether it was not a fact that the Federal Reserve System has more power than either the Congress or the President, Eccles replied: "In the field of money and credit, yes." (Reference 1, P. 206)

Dr. Hans F. Sennholz, Chairman of the Department of Economics at Grove City (PA) College stated: "The Federal Reserve System facilitates the government's own inflationary financing in "periods of emergency." It makes easy the inflationary financing of budget deficits and the inflationary refunding of government loans. It stabilizes the government bond market through inflationary methods and manipulates this market to the advantage of the government. It does all this by wrecking the purchasing power of the dollar; by subtly stealing from the people of this country what it thus provides for the government, through a process exactly on par with the coin clipping of ancient kings but much less visible." (Reference 1, P. 250, 251)

"The Federal Reserve System is in the wrong hands. No Constitutional republic can function when the government's money powers are in the hands of the financial oligarchy such as New York financiers.

.By controlling Congress, the FED has been able to control the nominating conventions of both political parties. In this way, it has been able to hand-pick the presidential nominees so that no matter which party wins, their nominee for President is under definite obligations to the FED... (Reference 1, P. 210; Reference 22)

In 1975, the Rockefeller Foundation Report discussed the "Interdependence" of the countries of the world on each other. It stated we are one world and America shall become a nation-state under one government. They also say we must reach a zero state population growth. The Rockefeller Foundation stated that they have in excess of 747 million dollars to achieve this with. (Reference 3)

Congressman John R. Rarick states that the Council on Foreign Relations (CFR) is dedicated to a one world government. The media remains conspicuously quiet. The CFR wants to convert the U.S. from a sovereign, constitutional republic into a servile member state of a one world dictatorship. On February 17, 1950, CFR member James Warburg (banker, and architect of the Federal Reserve System) stated before a Senate Foreign Relations Committee, "We shall have one world government whether or not you like it, by conquest or consent." Again, the media remained silent. In the April 1974 issue of the CFR journal, "Foreign Affairs", page 558, Richard Gardener states that the new world order "will be built... but an end run

around national sovereignty, eroding it piece by piece, will accomplish much more than the old fashioned frontal assault." Congressman McDonald, Heinz and Tower stated that this is a conspiracy. Again, the media remained silent. (Reference 14, P. 17, 18, 32, 33). .

In a letter to Thomas Jefferson, John Adams wrote: "All the perplexities, confusions, and distresses in America arise, not from defects in the Constitution or confederation, not from want of honor or virtue, as much as from downright ignorance of the nature of coin, credit, and circulation". British bankers have stated "Those that create and issue money and credit direct the policies of government and hold in their hands the destiny of the people". (Reference 1, P. 200-214) Adams, Jefferson, and Lincoln believed that banker capitalism was more dangerous to our liberties than standing armies. In a republic, banks would lend money but could not create or manufacture it. (Reference 1, P. 215)

Later, Jefferson used stronger language and denounced the institution as "one of the most deadly hostilities against the principles and form of our Constitution." Some have said that Jefferson did not favor a strong central bank. What he did not favor was the delivery of our monetary system into private hands to be run for private profit. (Reference 1, P. 230) President James A. Garfield said: "Whoever controls the money in any country is absolute master of industry [legislation] and commerce". (Reference 1, P. 247, Reference 4) .

By controlling our own money, Thomas Jefferson expected that the government would incur no debt, as had occurred in the European system. (Reference 1, P. 243) European banks are like the FED.

THE FACTS:

- * England lost the Revolutionary War.**
- * England nearly destroyed the Colonies by creating fake Colonial money and hyper-inflation.**
- * Rothschilds who control the Bank of England (Like our FED) said that by controlling the issue of money (printing it) you can control the government.**
- * The authors of the Constitution understood private banks" control over governments. The Constitution gives only Congress the right to print money.**
- * From the beginning of the United States to present there have been two ways to issue new currency:**

The first way is to have the government print the money, debt and interest-free, and circulate it through the economy for use as a medium of exchange. There is no tax levied to pay interest on the currency in circulation because it is debt and interest-free. This is the system Lincoln used with his "greenbacks", a system Kennedy desired, and Jefferson demanded.

The second method is: The Citizens allow the bank to print \$500 billion in currency (cash). The bank pays for printing costs, ink, and paper. The Citizens do not charge the bank any interest for use of the \$500 billion in printed currency. The bank uses the \$500 billion cash to buy a \$500 billion government bond which pays the bankers interest. The bank keeps some of the bonds and sells, for a fee (10%), some of the bonds to the public. The bank can buy back the bonds from the public simply by printing more money. The bankers can create inflation and depressions by manipulating the amount of currency in circulation. The FED operates exactly like this today. It also prints money (through the U.S. Treasury) and uses this printed money to buy loans from other banks. This money has created our inflation. We give the bank cash interest-free, then they charge us interest on our own currency. .

ANDREW JACKSON - A GREAT PRESIDENT! When the 1816 charter expired in 1836, Andrew Jackson vetoed its renewal. It was then that he made two famous statements: "The Bank is trying to kill me - but I will kill it!" Later he said "If the American people only understood the rank injustice of our money and banking system - there would be a revolution before morning..." (Reference 4)

ABRAHAM LINCOLN - ANOTHER GREAT PRESIDENT!

President Lincoln needed money to finance the Civil War, and the international bankers offered him loans at 24-36% interest. Lincoln balked at their demands because he didn't want to plunge the nation into such a huge debt. Lincoln approached Congress about passing a law to authorize the printing of U.S. Treasury Notes. Lincoln said "We gave the people of this Republic the greatest blessing they ever had - their own paper money to pay their debts..." Lincoln printed over 400 million "Greenbacks" (debt and interest-free) and paid the soldiers, U.S. government employees, and bought war supplies. The international bankers didn't like it and wanted Lincoln to borrow the money from them so that the American people would owe tremendous interest on the loan. Lincoln's solution made this seem ridiculous. (Reference 1, P. 46, 47; Reference 4)

Shortly after Lincoln's death, the government revoked the Greenback law which ended Lincoln's debt-free, interest-free money. A new national banking act was enacted and all money became interest bearing again. (Reference 4)

The late Thomas A Edison explained the matter of issuing currency this way: "If our nation can issue a dollar bond (interest bearing) it can issue a dollar bill (interest-free). The element that makes the bond good makes a bill good also. The difference between the bond and the bill is that the bond lets money brokers collect twice the amount of the bond and an additional 20 percent, whereas the currency pays nobody but those who contribute directly in some useful way. It is absurd to say that our country can issue \$30 million in bonds and not \$30 million in currency. Both are promises to pay: But one promise fattens the usurers (interest collectors) and the other helps the people." (Reference 1, P. 46)

The FED is owned largely by foreign banks that control our economy and Congress through the power of money and the media which they bought with profits generated with profits generated by artificial debt. .

Lincoln printed debt and interest-free Greenbacks (cash) to finance an entire war. . Lincoln proved it. John F. Kennedy - a President with vision! On June 4, 1964, President Kennedy issued Executive Order 11110. This Executive Order called for the issuance of new currency - the United States Note. At the time, \$4,292,893 of this currency was put into circulation. This new currency was to be distributed through the U.S. Treasury and not the Federal Reserve System. Furthermore, it was to be issued debt and interest-free. Upon Kennedy's assassination, this currency was withdrawn from circulation, never to be issued again. The media remained silent on how Kennedy would have eliminated the debt and interest payments, and therefore eliminated the FED. . U.S. history proves that issuing debt and interest-free currency allows our economy to prosper, as long as Congress controls the amount of money created. .

**First Reason, 95% of Servers Use Linux, Second Reason is it has Sudo and
Sudo is Literally Everything, Third Reason most Distros only have one Cups**

port open on them, Fourth Reason it has 7zip Encryption Built in, Fifth Reason works with Veracrypt, Six Reason it is Second to Microkernel and has less Lines of Code than BSD, BSD has More Lines of Code, Clang Compiler is Bloated and sucks, BSD lacks USB Peripheral and Sound Support, BSD is not out of the BOX, GhostBSD has no 7zip EN by Default, GhostBSD lacks Filesystem Support by Default, GhostBSD gets the BEEP of Death on USB Transfers, NomadBSD and Ghost are More Bloated than an Average Linux Distro say AntiX or Puppy Linux, I use Ventoy and Run OSes on Ram Disk so I can Mitigate the Malware by Rebooting my Live OS on my Computer, In Terms Clang Compiler of BSD is Bloated as Shit, and Linux and Minix Microkernel have Far less Lines of Code in them, also IPTABLES is the easiest to use, the BASH Shell and Regular Shell are the easiest to use in Linux, it supports BASE32 and 64 out of the Box in Linux, FFMPEG is usually Pre-installed not to mention Graphics Acceleration is Far Better in Linux by Default than BSD when No Drivers are Installed hence the Dummy GPU in Linux are Far Better at Acceleration, and All the Servers just run Linux, so that will be that that ... ; That That is what I have for Final Summation at the Point ... ;

Also No one is going to Tithe a Pedo Church or waste their time on a Cult Organized Religion or pay for stupid watered down courses and seminars that cost 500 Dollars a fucking month since they are cults they all have mommy and daddy issues as well they get triggered when you try to record them, yet they record you and stalk you daily. Also only a Script Kiddie would threaten to hack some Linux User. Also 95% of Servers on the Internet Run Linux and BSD THERE ... ; Organized Stalking also known as Gang Stalking is a Government Watch-list Run by the Federal Government and Sheriff's Departments and some Freemason Jews and other Kikes and such, the biggest list we have on this list is Holocaust Deniers and Atheists as you know. They even made my family and everyone else turn on me. They say disinformation in the Fake TI Perp Gangstalker Community, which is infiltrated by feds and crypto Jews and Unit 8200 Kikes and stuff. Even another TI Threatened to hack which is Script Kiddie and the Fake Communities never heard or even mention Linux or anything that helps out your health and well being such as Snake Juice Fasting, they fail to realize Microwaves poison you, they fail to understand Cryptography such as Veracrypt or AN Passwords or even One Time Pads Alien Characters. All of them are in a Jesus Freak Zionist Jew Kike Cult as well as they try to keep you in poverty and take advantage of other TI's and tell them to waste their money on stupid courses or tithing religious cults when they should be frugal and not waste any fucking money on any of that BS. Religion is a Cult and when you tithe you give money to freemason Pedos. so Get your shit straight people, Telepathy Remote Viewing is how they the Martians and Crypto Jews do all of the Freemasonic Gang Stalking. The world has turned against me, my family disowned me, life is what it is, I do not care about these Goat people who watch TV and got the Brainwashed Victor Version of World History, they are shit heads and I would not even care if they died, that is life, and it is what it is, also that is what you can expect from society, my family does not want the best for me and has disowned me, it is now Believe in Zionism or Go To Hell, Oh well.

I hate society anyways, a bunch of brainwash sheep who get all their info from GE, VIACOM, TIME WARNER, CBS, DISNEY and Six Companies and

Reuters and The AP, they believe in the fake Holohoax and the fake Victor Version of history so of course I don't care about them and would not even care if they fucking died so that is that.

I fucking hate living with these people also, I told one of them to consider suicide, I am fucking fed up with living with these brainwashed people who accept the Holohoax and the Victor version of Mainstream WWII History and never read David Irving at least.

They are so fucking brainwashed I do not even care about them and would not care if they died or were maimed on the road.

This shit has to stop at some point, eventually when they die I will not even go to their stupid funeral, if they will even have a funeral, and they are just so fucking brainwashed by Zionist Jew Victor History, the Holohoax, and other BS and Nonsense.

They actually believe in the Flying Spaghetti Monster for instance and I actually fucking have to live with these people, the holohoax is enough for these people to even be considered cancerous. They accept big Government and Zionist BS like it is Sacred ... ;

That is what I have to say for this one Fuck People ... ;

Proprietary Garbage #flushyourmeds ... ;

By Scott A. Barry / Scott A Barry / Scott Barry ... ;

Scott Alan Barry is an Atheist Holocaust Denier Dunce ... ;

My other outlook besides Flushyourmeds is My Full Legal Name ... ;

Then I have Yandex, Protonmail, and that is what works ... ;

For Instance I now use Flushyourmeds Outlook and Protonmail,

Because Tutanota/Mailfence Delete you after 6 Months Sitting Duck,

So For W9 Forms and Quicken, you mostly need Windows, there are

Work Arounds in Linux for getting a W9 going Properly, I like Proprietary

Linux Distros such as Lubuntu, Kubuntu, and KDE Neon on Ventoy ... ;

I like it, because it has Drivers, BL Filter, Firewall Built In, Cups is the

only port open, and most of all I just don't want emails deleting after 6

Months, I copied Howard's idea and got myself a Good Outlook Email

Along with a Yandex that Nicole has, and a Protonmail Wilderwall Has

that all say Flush Your Meds, Great Email, Like it a lot, ESP if you do web

Mail in Linux, I know Linux can still get hacked, it just looks better and

has sudo, less of an eye strain, has a Blue Light Filter, that's all I know,

and the dumbest users e.g. Porn Stars also use Linux so THERE, it's just

so damn user friendly, I have the Brave AppImage and Firefox With it,

I have the open source version of Chrome called Chromium I install

Ublock Origin, Privacy Badger, Decentraleyes, HTTPS E, Canvas Blocker,

then I set Firefox to Strict, Firewall is on, Cups Disabled, Live OS on

Ventoy or Unetbootin or Belena Etcher, any of those will do, and KDE

Ubuntu not the regular one that sucks more, just works for me, I find

Solus and Arco to be too bloated, AntiX and MX were also an option at

one point, Other people are on Linux Mint, others on Fedora, others on

Artix, others on Venom, just pick your linux and yeah there are a lot of

Very Bad Developers you should avoid like the plague, try to find what works,

Woke Software Developers are always the problem, For PDF Files I like the

Adobe Viewer that is built into Firefox, you can select hyperlinks easily,

that is what works for me, I save text as Dot SRT, Data URI Schemes,

Some Base64, Shellcode -ne "x90" Base32 Hexadecimal Octal Binary,

any of those are great for encoding data, Veracrypt and Zip7Zip both have AES Encryption, can be cracked with a Hash Cracker though, Cell phones with pins don't work, you have to have an Alphanumeric PW and DeGoogle your phone and block all apps in Netguard then get a Faraday Bag, Veracrypt is Better than Luks or Geli will ever be as I tested it on some criminals and they were able to crack Luks and Geli when I set it up, so that is that, that is what I have, so on and so forth til the end of time ... ;

Double Standard #flushyourmeds ... ;

By Scott A. Barry / Scott A Barry / Scott Barry ... ;

Scott Alan Barry is An Atheist Holocaust Denier Duncie ... ;

The Double Standard goes as follows, when

a Black Person gets killed for refusing to

cooperate with the police everyone freaks

out, when a White Person dies during a Psychiatric

Evaluation, is killed by freemason police,

No One Cares, it never makes it to the press,

the white person never has a funeral either.

Plus Whites are killed all the time during
Mental Evaluations and it never makes the press.

US Citizens are disposable #flushyourmeds ... ;
By Scott A. Barry / Scott A Barry / Scott Barry ... ;
Scott Alan Barry is an Atheist Holocaust Denier Duncie ... ;
US Citizens are disposable, one example of this would
be Psychiatry, during Mental Evaluations, people are killed
Man or Woman by Freemasonic Police, the mentally ill die in
restraints, are forced to undergo diesel therapy and be
neglected in a room for days in their own ammonia, also
when police kill you during a mental evaluation you disappear,
meaning you do not even have a funeral and your body is disposed
of immediately, like a cartel ... ;

Truths and facts should always be questioned, this is the basis of empirical
science. Especially an historian should be able to appreciate that a situation
or conflict can look very differently from different parties points of view. This
seems to be a very dangerous woman to me: were she to be in power in the
time of Galileo, she would certainly have been first in line to prosecute him
for daring to question an established "truth".

Wrong or not, censorship only makes it look like something is being
attempted to be hidden & gives further credence & validity to said unpopular
viewpoints being censored. I Love you're channel TIK. But that is my
personal opinion on the topic. Keep up the good work though sir.
